Natural Curiosity:

Natural Curiosity Lisa Carne, 2016-06-21 After making the choice to leave formal education Lisa Carne's children embarked upon a path of self directed learning powered by their interest in natural history. This book provides a fascinating and humorous commentary on unschooling from the perspective of a family who have seen both sides of the education system.

Natural Curiosity Louise Anemaat, 2014-04-01 Parrots and lorikeets swoop down vivid bright and colourful. Black swans glide through the air. Owls stare out from pages wide eyed. A sense of awe swept through natural history circles in eighteenth century London when the first ships returned from Sydney with their cargo of exotic animals birds and plants and striking watercolour illustrations. The sudden emergence in 2011 of a large number of these watercolour illustrations has revealed much about the early years of the colony. In *Natural Curiosity* Louise Anemaat uncovers never before published works from the artists of the First Fleet including convicts turned watercolourists Thomas Watling and John Doody and the anonymous Port Jackson Painter. She unravels the complex network of natural history collectors who spanned the globe eagerly acquiring, copying and exchanging these artworks from New South Wales Surgeon General John White to passionate British collector Aylmer Bourke Lambert.
