New Men New Minds:

Remaking Men David Tacey, 2013-10-23 The nature of masculinity is a popular subject for contemporary authors either treated critically from a sociological standpoint or analysed from a psychological and spiritual perspective In *Remaking Men* David Tacey argues that we must strive to bridge the gap between these separate traditions masculinity should neither be hijacked by the spiritual Jung influenced men s movement nor discussed merely as a product of socio political forces Examining his own and other men s experience in a critical and lively discourse he evades the simplistic optimism of the inner journey approach and the chronic pessimism of contemporary academic arguments This is a fascinating and very accessible look at masculinity for those who want to explore self and society with intelligence and soul **Staging**

Masculinity Carla J. McDonough, 2006-07-19 The men in plays such as Arthur Miller s *Death of a Salesman* or Sam Shepard s *True West* are often presented as universal little attention is given to the gender dynamics involved in the characters This work looks at how contemporary playwrights including Miller Shepard Eugene O Neill David Mamet and August Wilson stage masculinity in their works It becomes apparent that male playwrights return often to the issues of troubled manhood usually masked in other issues such as war business or family The plays indicate both the attractiveness of the model of traditional masculinity and the illusive nature of this image which all too often fractures and fails the characters who pursue it O Neill s play *The Hairy Ape* and the character Yank receive much attention *Hearings, January 3 to February 21, 1919.- v. 2.*
