# New Names A Collection Of Soviet Short

**Albert Baiburin**

## **New Names A Collection Of Soviet Short:**

New Names ,1987      *The Soviet Passport* Albert Baiburin,2021-11-03 In this remarkable book Albert Baiburin provides the first in depth study of the development and uses of the passport or state identity card in the former Soviet Union First introduced in 1932 the Soviet passport took on an exceptional range of functions extending not just to the regulation of movement and control of migrancy but also to the constitution of subjectivity and of social hierarchies based on place of residence family background and ethnic origin While the basic role of the Soviet passport was to certify a person s identity it assumed a far greater significance in Soviet life Without it a person literally disappeared from society It was impossible to find employment or carry out everyday activities like picking up a parcel from the post office a person could not marry or even officially die without a passport It was absolutely essential on virtually every occasion when an individual had contact with officialdom because it was always necessary to prove that the individual was the person whom they claimed to be And since the passport included an indication of the holder s ethnic identity individuals found themselves accorded a certain rank in a new hierarchy of nationalities where some ethnic categories were normal and others were stigmatized Passport systems were used by state officials for the deportation of entire population categories the so called former people those from the pre revolutionary elite and the relations of enemies of the people But at the same time passport ownership became the signifier of an acceptable social existence and the passport itself the information it contained the photographs and signatures became part of the life experience and self perception of those who possessed it This meticulously researched and highly original book will be of great interest to students and scholars of Russia and the Soviet Union and to anyone interested in the shaping of identity in the modern world      Soviet Life ,1974      *Names* Mikhail Kizilov,1987      *The Soviet Union Review* ,1925
