

The vegetation

A building connected to nature. We can use the vegetation to hide from the outside and to have more privacy adding to the flexible horizontal structure.

The Furniture

We wanted to keep the traditional hanging basket as a furniture to highlight the identity of locals.

The rooftop

With the interesting location, at the boundary between Thu Thiem with its new urban project and the center of Ho Chi Minh, the fishmarket appears as a new landmark in this area where the visitors can gather and share different experiences.
