The New Negro Alain Locke, 2021-01-05 A portrait of the vibrant world of 1920s Harlem with writings by Langston Hughes W E B Du Bois Zora Neale Hurston Claude McKay Walter White and more The Harlem Renaissance was a landmark period in African American history a time when black poets musicians intellectuals civil rights activists and others changed the social and cultural landscape in enduring ways Its influence went far beyond the confines of uptown New York City as it incorporated voices from the Great Migration in which African Americans moved north in vast numbers and elevated artists and thinkers who would become iconic figures in not only Black history but also American history Now considered the definitive work of the Harlem Renaissance *The New Negro* features fiction poetry and essays that shaped the era A book of unusual interest and value *The New York Times* Locke was the godfather of the Harlem Renaissance *Publishers Weekly* Alain Locke is a critical and complex figure in any discussion of African American intellectual history *Kirkus Reviews*

The New Negro Henry Louis Gates Jr., Gene Andrew Jarrett, 2021-06-08 When African American intellectuals announced the birth of the New Negro around the turn of the twentieth century they were attempting through a bold act of renaming to change the way blacks were depicted and perceived in America By challenging stereotypes of the Old Negro and declaring that the New Negro was capable of high achievement black writers tried to revolutionize how whites viewed blacks and how blacks viewed themselves Nothing less than a strategy to re create the public face of the race the New Negro became a dominant figure of racial uplift between Reconstruction and World War II as well as a central idea of the Harlem or New Negro Renaissance Edited by Henry Louis Gates Jr and Gene Andrew Jarrett *The New Negro* collects more than one hundred canonical and lesser known essays published between 1892 and 1938 that examine the issues of race and representation in African American culture These readings by writers including W E B Du Bois Paul Laurence Dunbar Alain Locke Carl Van Vechten Zora Neale Hurston and Richard Wright discuss the trope of the New Negro and the milieu in which this figure existed from almost every conceivable angle Political essays are joined by essays on African American fiction poetry drama music painting and sculpture More than fascinating historical documents these essays remain essential to the way African American identity and history are still understood today

The New Negro Aesthetic Alain Locke, 2022-01-18 Pulitzer Prize winning biographer edits a collection of Alain Locke's influential essays on the importance of the Black artist and the Black imagination A Penguin Classic For months the philosopher Alain Locke wrestled with the idea of the Negro as America's most vexing problem He asked how shall Negroes think of themselves as he considered the new crop of poets novelists and short story writers who in 1924 wrote about their experiences as Black people in America He did not want to frame Harlem and Black writing as yet

another protest against racism nor did he want to focus on the sociological perspective on the Negro problem and Harlem as a site of crime poverty and dysfunction He wanted to find new language and a new way for Black people to think of themselves The essays and articles collected in this volume by Locke s Pulitzer Prize winning biographer are the result of that new attitude and the struggle to instill the New Negro aesthetics as Stewart calls it here into the mind of the twentieth century To be a New Negro poet novelist actor musician dancer or filmmaker was to commit oneself to an arc of self discovery of what and who the Negro was would be without fear that one would disappoint the white or Black bystander In committing to that path Locke asserted one would uncover a being in the world that was rich and bountiful in its creative possibilities if Black people could turn off the noise of racism and see themselves for who they really are a world of creative people who have transformed powerfully and perpetually the culture of wherever history or social forces landed them

writings along with Locke's philosophical reflections helped to redefine the social and cultural narrative of African Americans and provided the intellectual foundation for the Harlem Renaissance movement. *The New Negro* is a critical work that highlights the role of African American artists, intellectuals, and activists in shaping a new cultural and social order during the 1920s and it remains a key text in understanding the evolution of African American thought and culture. [The New Negro in the Old South](#) Gabriel A. Briggs, 2015-11-13 Standard narratives of early twentieth century African American history credit the Great Migration of southern blacks to northern metropolises for the emergence of the New Negro, an educated, upwardly mobile, sophisticated, very different from his forebears. Yet this conventional history overlooks the cultural accomplishments of an earlier generation in the black communities that flourished within southern cities immediately after Reconstruction. In this groundbreaking historical study, Gabriel A. Briggs makes the compelling case that the New Negro first emerged long before the Great Migration to the North. *The New Negro in the Old South* reconstructs the vibrant black community that developed in Nashville after the Civil War, demonstrating how it played a pivotal role in shaping the economic, intellectual, social, and political lives of African Americans in subsequent decades. Drawing from extensive archival research, Briggs investigates what made Nashville so unique and reveals how it served as a formative environment for major black intellectuals like Sutton Griggs and W. E. B. Du Bois. *The New Negro in the Old South* makes the past come alive as it vividly recounts little remembered episodes in black history, from the migration of Colored Infantry veterans in the late 1860s to the Fisk University protests of 1925. Along the way, it gives readers a new appreciation for the sophistication, determination, and bravery of African Americans in the decades between the Civil War and the Harlem Renaissance. *The New Negro* Alain Locke, 2021-07-03 First published in 1925, *The New Negro* is Alain Locke's compilation of important works by early twentieth century African American writers. Exhibiting the brilliance of early twentieth century African American writers, *The New Negro* has been cited as one of the most important texts in the Harlem Renaissance movement. This collection includes nonfiction, essays, poetry, and fiction by prominent African American writers and, in its totality, provides a literary rebuttal of the claims that African Americans were inferior to their white contemporaries. Throughout the compilation, there is an examination of the changing roles and identity of African Americans, not only in artistic life but in society more broadly speaking. In these works, we find an important examination of the history of African Americans and a forceful advocacy for the expansion of civil rights and for challenging the negative racial stereotypes that have plagued the African American community. Works by such prominent writers as Countee Cullen, Langston Hughes, Zora Neale Hurston, Claude McKay, and Jean Toomer are included in this volume. With illustrations and designs by Winold Reiss, *The New Negro* represents a landmark work in the Harlem Renaissance movement. This edition is printed on premium acid-free paper. **The New Negro** Martha H. Patterson, Henry Louis Gates Jr., 2025-08-19 An authoritative anthology tracing the history of one of the most important concepts, Black people drew on to challenge the brutal totalizing system of Jim Crow racism. This book brings

together a wealth of readings on the metaphor of the New Negro charting how generations of thinkers debated its meaning and seized on its potency to stake out an astonishingly broad and sometimes contradictory range of ideological positions It features dozens of newly unearthed pieces by major figures such as W E B Du Bois Charles S Johnson and Drusilla Dunjee Houston as well as writings from Cuba the US Virgin Islands Dominica France Sierra Leone South Africa colonial Zimbabwe and the United States Demonstrating how this evocative and supremely protean concept predates its popularization in Alain Locke s 1925 anthology of the same name The New Negro takes readers from its beginnings as a response to Henry Grady s famous New South address in 1886 through the Harlem Renaissance and the New Deal Opening a fascinating window into a largely unexplored chapter in African American Afro Latin American and African intellectual history this groundbreaking anthology includes writings by Gwendolyn Bennett Marita Bonner John Edward Bruce Bruce Grit Nannie Helen Burroughs Charles W Chesnutt James Bertram Clarke Jos Clarana Jaime Gil Anna Julia Cooper Alexander Crummell Countee Cullen Alice Dunbar Nelson Marcus Garvey Hubert Harrison Langston Hughes Zora Neale Hurston D Hamilton Jackson Fenton Johnson Claude McKay Oscar Micheaux Jeanne Jane Nardal Jean Toomer Gustavo Urrutia Booker T Washington Dorothy West Ruth Whitehead Whaley Fannie Barrier Williams Carter G Woodson and a host of others
