New Orleans 1815:

New Orleans 1815 Tim Pickles,2004 The conflict that broke out in 1812 would complete the separation of America from England begun by the War of Independence 1775 1783 The war was bloody and hard fought In one last attempt to break the deadlock the British sent Major General Sir Edward Pakenham to capture New Orleans The troops he commanded were elite veteran regiments Andrew Jackson leading the defenders commanded a mixed force including militia free Negro battalions Indians and a group of local pirates This title describes how this mixed force decisively defeated the British veterans in a battle that has become part of American legend Back cover

The Search for the Lost Riverfront: The New Orleans campaign of 1814-1815 and the Chalmette battlefield Ted Birkedal,2009 Originally commissioned in 1984 this report deals with the historical geography and archeology of the Battle of New Orleans during the War of 1812 as it pertained to the Chalmette Battlefield It touches upon how people put the battlefield to use after the War of 1812 as a place for generations of people as they live work and play Also covered are some of the things both bad and good we have done over the years to commemorate the battle and remember this important event in our nation s past [The Battle of New Orleans](#) Charles River Charles River Editors,2018-02-03 Includes pictures Includes accounts of the fighting written by participants on both sides Includes a bibliography for further reading Includes a table of contents There are countless examples of battles that take place in wars after a peace treaty is signed The last battle of the Civil War was a skirmish in Texas that Confederate forces won nearly a month after Lee s surrender at Appomattox But it s certainly rare for the most famous battle of a war to take place after the peace treaty is signed Luckily for Andrew Jackson the War of 1812 was that unique exception Less than a year after his victory in the Battle of Horseshoe Creek Jackson led his forces into a more important battle at the Battle of New Orleans The British hoped to grab as much of the land on the western frontier as they could especially New Orleans which had a prominent position on the Mississippi River for trading With more than 8 000 soldiers aboard a British fleet sailing in from Jamaica in early January 1815 the attack on New Orleans promised to be a significant one while Jackson s men defended New Orleans with about half that number This went on despite the fact that the two sides had signed the Treaty of Ghent on Christmas Eve 1814 which was supposed to end the war However the slow nature of bringing news from England to America ensured that the battle would take place anyway At the beginning of the battle Jackson and his forces were aided by the weather with the first fighting taking place in heavy fog When the fog lifted as morning began the British found themselves exposed to American artillery On top of that Jackson s men held out under an intense artillery bombardment and two frontal assaults on different wings of the battle before Jackson led a counterattack By the end of the battle the Americans had scored a stunning victory Jackson s men killed nearly 300 British including their Major General Pakenham and his two lead subordinates More importantly nearly 1500 additional British were captured or injured and the Americans suffered fewer than 500 casualties The British army had not been fatally wounded but what the soldiers on both sides thought was the

first battle in the Louisiana campaign was costly The British thus decided that the continued campaign which intended to conquer all of the Louisiana Purchase that Thomas Jefferson had bought just a few years earlier would be too costly and end in defeat Thus on February 5th 1815 the British retreated by sea right around the time news was reaching the west that the war had ended Though it was an enormous victory for Jackson and the Americans the most important of the entire war it proved to be a completely unnecessary one The Treaty of Ghent had officially ended the war by keeping the status quo ante bellum This essentially meant that both sides agreed to offer nothing keeping things as they were before the war and had the results been different the British would have been compelled to hand the important port back over Moreover by the end of February Napoleon had successfully escaped exile in Elba ensuring the British would have to focus their war machine on the French leader who had bedeviled them for over a decade Regardless the nation much appreciated Jackson's skills and the Battle of New Orleans was forever christened as one of the greatest in American history Jackson was honored with a Thanks from Congress which was then the nation's highest military honor Despite the huge failures of the War of 1812 the Americans lost almost every battle except New Orleans and Washington D C was destroyed the nation now had something to celebrate Jackson was celebrated as a hero from the West marking the first time a Westerner held a position of national prominence in the United States and he would subsequently become one of the 19th century's most influential presidents

The Battle of New Orleans Zachary F. Smith, 2012-05 The Battle of New Orleans occurred on January 8 1815 and was the final major battle of the War of 1812 American forces commanded by Major General Andrew Jackson defeated an invading British Army intent on seizing New Orleans and the vast territory the United States had acquired with the Louisiana Purchase The battle is widely regarded as the greatest American land victory of the war This work provides a descriptive history of the Battle of New Orleans including lists and rosters of those participants from Kentucky with individual names ranks and units Paperback 1904 repr 2012 Appendix Illus Index 241 pp The Campaigns of the British Army at Washington and New Orleans in the Years 1814-1815 George Robert Gleig, 1847 Blaze of Glory Samuel Carter (III), 1971

and townspeople marching to Yankee Doodle and La Marseillaise inhabit The Battle of New Orleans in a rich array of colourful scenes Swashbuckling Jean Lafitte and his privateers The proud reckless British General Pakenham and his miserable men ferried across a Louisiana lake in a Gulf storm The agile Choctaw and Tennessee dirty shirt sharpshooters who made a sport of picking off redcoat sentries by night And Jackson himself tall gaunt shrewd by turns gentle and furious declaring I will smash them so help me God Robert Remini's vivid evocation of this glorious improbable victory is more than a masterful military history It proves that only after the Battle of New Orleans could Americans say with confidence that they were Americans not subjects of a foreign power It was the triumph that catapulted a once poor uneducated orphan boy into the White House and forged a collection of ex colonies and dissenters into a nation

The Battle of New Orleans

Zachariah Frederick Smith, 1904 The Battle of New Orleans is a classic War of 1812 history by Zachary F. Smith Had it not been for these hostile acts of the British there would have been no War of 1812 Had they continued to treat the young republic with the justice and liberality to which they agreed in fixing its western boundary in the Treaty of 1783 no matter what their motive may have been there would have been no cause for war between the two countries The Battle of New Orleans was a series of engagements fought between December 14 1814 and January 18 1815 constituting the last major battle of the War of 1812 American combatants commanded by Major General Andrew Jackson prevented a much larger British force commanded by Admiral Alexander Cochrane and General Edward Pakenham from seizing New Orleans and the vast territory the United States had acquired with the Louisiana Purchase The Treaty of Ghent had been signed on December 24 1814 but was not ratified by the US Government until February 1815 and hostilities continued without the involved parties knowing about the Treaty until January 18 by which time all of the British forces had retreated finally putting an end to the Battle of New Orleans
