The Best Short Stories of 1919 Edward Joseph Harrington O'Brien, 1920 **The Best Short Stories of ... and the Yearbook of the American Short Story**, 1922 *The Best American Short Stories and the Yearbook of the American Short Story*, 1929 **The Best Short Stories of 1915, and the Yearbook of the American Short Story**

Various, 2019-11-21 The anthology *The Best Short Stories of 1915 and the Yearbook of the American Short Story* presents a curated collection of narratives that encapsulate the literary vigor of the early 20th century. Comprising diverse voices, the book showcases the innovative styles that defined that era, from modernism's exploratory narratives to the romantic realism characteristic of American literature. The editor's insightful selections reveal a landscape teeming with change, reflecting the societal shifts and cultural nuances of the time. Facilitating a deep connection between readers and the historical context of World War I, these stories poignantly represent the hopes, fears, and complexities of 1915 America's narrative tapestry. The contributors to this anthology hail from a transformative period where authors like Willa Cather and F. Scott Fitzgerald began to emerge as literary titans. Their experiences in a world wrestling with war and modernization undoubtedly influenced their storytelling. As the genres further evolved, these writers drew inspiration from their cultural milieu, shaping narratives that resonate with both contemporary and modern readers. Readers seeking an enriching exploration of early 20th-century literature will find *The Best Short Stories of 1915* essential. This volume not only illuminates foundational works but also encourages a broader appreciation for the art of short fiction. It is an invitation to experience the intricate dance of language, form, and the collective consciousness of a transformative era. *Sex, Race, and Family in Contemporary American Short Stories* M. Bostrom, 2007-08-06 This book reveals a female sexual economy in the marketplace of contemporary short fiction, which locates a struggle for sexual power between mothers and daughters within a larger struggle to pursue that object of the American dream: whiteness. [Writing Short Stories](#) Courttina Newland, Tania Hershman, 2015-04-23 teach at the world famous Arvon Foundation writing course and have distilled the essence of their course into this practical handbook with contributions from leading writers. *The Best British Short Stories of 1923* Edward Joseph O'Brien, John Cournos, 1923

The Best American Short Stories ... and the Yearbook of the American Short Story, 1951 **Short Stories by California Authors**, 1885 [A Cognitive Approach to Ernest Hemingway's Short Fiction](#) Gabriela Tucan, 2021-04-09 How do readers make sense of Hemingway's short stories? How is it possible that the camera-like quality of his narrative can appeal to our senses and arouse our emotions? How does it capture us? With reserved narrators and protagonists engaged in laconic dialogs, his texts do not seem to say much. This book consciously revisits our responses to the Hemingway story: a belated response to his invitation to discover what lies beneath the surface of his iceberg. What this pioneering critical endeavor seeks to understand is the thinking required in reading Hemingway's short fiction. It proposes a cognitively

informed model of reading which questions the resources of the reader's imaginative powers. The cognitive demonstrations here are designed to have potentially larger implications for the short story's general mode of knowing. Drawing from both cognitively oriented poetics and narratology in equal measure, this book explains what structures our interaction with literary texts.

Terrarium Valerie Trueblood, 2019-08-27 Shortlisted for the Pacific Northwest Book Award. Urgent, unnerving, and tightly packed short fiction that covers enough ground for a library of novels. The New York Times Book Review Editors' Choice. Valerie Trueblood's writing has been praised by The New York Times as an exercise in literary restraint and extreme empathy. Selected here are stories from her previous collections, finalists for the PEN Faulkner Award and the Frank O'Connor International Short Story Award, alongside her newest collection which lends this book its name. The new stories collected within *Terrarium* represent an exciting direction for the author: a condensing of narrative and, in some cases, a departure from it into another state of mind. It's hard to describe any of Trueblood's stories as typical. She does not write about people from a single class or caste or geographical area. She has not written a single story emblematic of her work. She does not write stories fantastical or eccentric. Ordinary life, her stories may be saying, is fantastical enough. She is more like Babel than Chekhov. In all her writing, it's clear that Trueblood believes that the short story can carry both the lightest and heaviest of loads. *Terrarium* highlights the achievement of simply living the stories within, often unresolved but in a state of continuation, expansion. Trueblood's stories aren't merely about their subjects; they're inside them.
