New Technologies And Reference Services:

New Technologies and Reference Services Linda S Katz, 2019-07-15 Offer your patrons the cutting edge reference services they demand In the past a reference librarian needed to develop a command of a few reference works master the skills of the reference interview and interface with library users in person or via telephone Today s reference librarian is faced with much much more New Technologies and Reference Services suggests ways you can tame the information explosion and take advantage of new technologies This comprehensive volume recounts the ways reference librarians have adapted traditional services to deal with the changes in both information technologies and library patrons New Technologies and Reference Services offers tested techniques for fostering information literacy in patrons daunted by the high tech edge of the new library Even computer savvy younger students may need help learning specialized searching skills This practical volume suggests several innovative ways to teach those skills using interactive classrooms drop in seminars and required courses New Technologies and Reference Services discusses the other implications of new technologies including developing trends in publishing including value added services and the death of the printed encyclopedia the effects of CD ROM electronic publishing and the Internet on copyright issues videoconferencing at the reference desk collection strategies and budgets in an era of multiple formats decentralizing library reference services information apartheid the growing gap between the information haves and have nots This helpful volume gives practical tested advice and ideas on the broader issues of information technology With plentiful Web addresses New Technologies and Reference Services presents new ideas sure to make your job easier

New Technologies and Reference Services William A. Katz, 2000 This comprehensive volume recounts the ways reference librarians have adapted traditional services to deal with the changes in both information technologies and library patrons New Technologies and Reference Services shows how to provide needed services using videoconferencing interactive classrooms drop in seminars and required courses It also discusses the other implications of new technologies including developing trends in publishing copyright issues collection strategies and decentralizing library reference services

Emerging Solutions in Reference Services John D. Edwards, 2013-10-18 How can you enhance reference services without adding staff Modern law librarians are under growing pressure to keep up with new technologies deal instantly with the demands of patrons keep the library safe and user friendly and generally offer the best possible service while keeping costs down *Emerging Solutions in Reference Services Implications for Libraries in the New Millennium* is a very practical guide for coping with rapidly changing technology and increasing demands for services Its sane well researched advice and suggestions can help you deal with the hectic days and nights behind the reference desk *Emerging Solutions in Reference Services* suggests up to date innovative ways to deal with the traditional issues confronting librarians including handling problem patrons and ensuring security assigning reference responsibilities teaching patrons at the reference desk or on library tours drafting enforceable rules avoiding the unauthorized practice of law charging or not

charging fees for services cross training reference personnel Some of the traditional problems of law librarians are solved by computers others are actually exacerbated by the new technologies available In addition to finding ways that technology can help law librarians Emerging Solutions in Reference Services offers solutions for the special problems posed by new technology including questions of Web design setting up online reference services virtual library tours Internet training for patrons and ensuring technological competency of staff In these days of decreasing budgets and increasing demands for services Emerging Solutions in Reference Services is an invaluable resource for the librarian caught in the middle

Business Reference Services and Sources Linda S Katz, 2013-04-03 The most proactive source for business reference librarian information on the market Business Reference Services and Sources How End Users and Librarians Work Together shows you that the librarian customer relationship is as synergistic as ever It gives you timely facts about how librarians and users work together and how those partnerships are built In it you ll encounter group projects done by faculty students external users and non librarian supervisors and discover an enlightening spirit of collaboration lacking in most research literature today Further establishing the marketability of contemporary research librarians Business Reference Service and Sources goes to the front lines of business reference service solidifying and updating the librarian user partnership You ll see how research librarians can reach users at the crux of their needs Overall individual chapters address the needs of such people as students business school officials and corporations Specifically you ll read about these areas Internet business research and ESL students corporate home pages as supplements to traditional business resources networking with community business sources synergy in the information specialist customer partnership avoiding information overload in bibliographic instruction the Internet s impact on government documents assessing the validity of electronic journals underprivileged nontraditional students and bibliographic instruction Today in our climate of negative ad campaigns directed at libraries and librarians in general business reference librarians face many challenges academic as well as professional But if you re one of the vocal proactive supporters of productive librarian customer partnerships this book will help you grow feet and move out from behind the restrictive comfort of your desk into the world s classrooms and manufacturing teams Certainly Business References and Sources will convince you that collaborative projects between contemporary reference librarians and end users are alive and well

Digital Reference Services Linda S Katz, 2013-10-31 Extensive data on the theoretical and practical aspects of electronic reference services Digital Reference Services provides an overview of electronic reference services and software and explores the opportunities that real time digital reference services can offer in a variety of library settings Experts in the field convey numerous opinions and theory about the growth of this new approach to answering reference questions This book teaches librarians new methods and techniques for offering technologically advanced reference services to the public The first half of Digital Reference Services includes such topics as real time or live online reference services the historical development of digital reference services and the role of the reference librarian

mediated online searches how to create a virtual ready reference collection of elite reference Web sites includes a list of the top sites available to the public how to start and operate a digital reference desk in your library The second half of Digital Reference Services covers examples of libraries both large and small which have used revolutionary ideas to bring electronic reference services to their patrons These ideas include utilizing ATM like kiosks in remote locations from library buildings to connect with underserved populations implementing live interactive web based reference services the challenges and benefits cost training and workload requirements evaluating your real time references services investigating self assessment and blind reviewing incorporating your assessment into an existing evaluative program and obtaining the administrative support essential for an accurate assessment creating a statewide virtual reference system selecting software developing policy marketing coordinating the project and staffing and training online reference management for smaller libraries because of the smaller staff smaller budget and smaller amount of patrons is it a feasible addition to the library much more This well referenced volume contains case examples figures useful Web sites and case histories to show how the basic principles of digital reference services work Librarians and students of information and library science will find Digital Reference Services a helpful resource to enhance their library and electronic reference expertise

Providing Reference Services John Gottfried, Katherine Pennavaria, 2017-05-19 Providing Reference Services A Practical Guide for Librarians was written with the working librarian in mind it focuses on specific methods and information to help foster effective exceptional results Topics covered include Reference services basic information and background Reference resources and tutorials Organizing and providing services Staffing and performance management Forming helpful partnerships internal and external The future of reference Readers will come away with a solid foundation in reference services They will have the knowledge to update or restructure an existing reference program or to create a program from the ground up Individual chapters and subsections provide constructive tips and advice for specific reference issues Taken as a whole this book provides a valuable inclusive source of information for all major aspects of reference service Providing Reference Services is an appropriate resource for nearly all librarians in public service positions especially those with reference responsibilities whether they are working reference librarians at any level of experience reference supervisors or administrators with oversight of reference services The content is relevant to academic public school and special libraries any library or organization in fact that offers reference or research assistance

School Library Reference Services in the 90s Carol Truett, 1994 Here is a succinct update on school library reference services for the busy practitioner or student Exploring the state and state of the art of school library reference services in the 1990s this book provides an overview of current information skills teaching models the impact of new technologies on the teaching of reference and the student search process and assessment and evaluation models for gauging the success of school reference services School Library Reference Services in the 90s is an informative guide for school media coordinators and specialists library science graduate students and professors and researchers in the

field to help them understand what students must learn and what teachers must teach to keep everyone up to date in the fast changing world of reference School Library Reference Services in the 90s is divided into three sections that cover reference research teaching models technology and evaluation Topics in the first section include an examination of the current state of affairs in reference teaching a look at various models for integrating library research and reference skills into the curricula and discussions of the effects of these new models on the school librarian's role Section two addresses the profound effect new technologies such as CD ROM multimedia CD I and CD TV are having on both the teaching of reference and information skills and on the entire research process from initiation to production of the final student report The last section presents three models for assessing the effectiveness of school reference services and skills instruction School library reference services and particularly library instruction are changing dramatically in the 1990s as a result of the information age School Library Reference Services in the 90s helps professionals in the field stay abreast of current developments and be more effective in their jobs

The Impact of Emerging Technologies on Reference Service and Bibliographic Instruction Gary Pitkin, 1995-09-19 Information technologies are having a profound impact on the ways libraries are providing traditional services This book identifies emerging technologies and assesses their impact on two distinct yet interdependent entities library service and library education While other publications identify technologies and speculate on applications this volume focuses on the impacts of information technology on several aspects of librarianship The book first delineates emerging technologies and their impact on reference services and bibliographic instruction It then discusses the resultant restructuring of reference services and the relationship between librarians and patrons Bibliographic instruction is presented as a new paradigm based on the imperative that no faculty member should teach and no student should graduate without being fully information literate The work also discusses staffing organization and financial support and the structural and political placement of the library within the parent organization

Opportunities for Reference Services Bill Katz, 2019-12-06 This book first published in 1991 explores the changing roles of reference services and offers advice and practical ideas to guide librarians through the increasingly tangled maze of duties being thrust upon the reference staff Although the everyday work of the reference librarian is often taken for granted these insightful chapters illuminate the essential service performed by the reference librarians as they facilitate access to information for a wide variety of users Furthermore this book helps reference librarians face the future by examining the technological and service developments that will challenge their profession It addresses unique reference problems such as making use of the telephone as an information gathering tool selecting reference material for the interdisciplinary field of Health Physical Education and Recreation HPER and helping non law students with legal research Topics related to information systems are examined such as the limitations of end user online services and an evaluation of the Library of Congress Information system Authoritative contributors make recommendations on how to design services to coordinate with the new technology and how to change

librarians roles so they can assist people in using these systems

Use of New Technology in Library Reference

Services Madan Mohan Sinha,2012

Reference Services and Media Linda S Katz,2014-07-16
