**Institutionalization of Authority and the Naming of Jesus** Yolanda Dreyer,2012-01-25 This book is about the names given to Jesus by those followers responsible for putting his words and deeds into writing the earliest Christian scribes In the first century Mediterranean world the first name of male person was his proper name The second name indicated the family or clan to which he belonged whereas the third name was an honorary title bestowed on him because of some achievement good fortune physical attribute or special excellence Honorary titles were bestowed on Jesus mostly after his death Such titles were often given to sages The titles could either amplify Jesus wisdom and empower people or serve as instruments of power This book aims to demonstrate the ideological and political mystification of Jesus in the transmission of the tradition about him It illustrates the relevance of The social history of formative Christianity The evolution of the Jesus traditions The genre of the gospels as biography and The institutionalization of charismatic authority

**A Credible Christianity** Walter Kania, Ph.D.,2010-06-17 A Syrian poet noted that The world holds two classes of men intelligent men without religion and religious men without intelligence A Nobel Prize winning physicist Dr Steven Weinberg said Religion is an insult to human dignity With or without it you would have good people doing good things and evil people doing evil things But for good people to do evil things that takes religion Could they both be right Or is it possible that we could have a Christianity that is intelligible believable and credible In order for that to be true we would need to rescue our traditional notions and practice of the Christian faith from its ancient fraudulent time warp We need to help it remove itself from the cultural trance in which it exists and the faulty beliefs which it holds We continue to survive on and promote an ancient discredited history of Jesus and the Church The secular and Biblical Scholarship of the last 200 years has been largely ignored in today s Christian beliefs and practices What we have today in Christianity is a distorted disfigured and fraudulent hero of the Christian faith We have numbed and parked our mental faculties regarding the historic knowledge of our religion and the truthful accurate and proper exercise or practice of our religion A Credible Christianity provides you with the best and latest scholarship behavioral research and

psychological insight Galileo a hero of the Renaissance who was accused of sacrilege in his day said I do not feel obliged to believe that the same God who has endowed us with sense reason and intellect has intended us to forego their use Visit his website [walterkaniaphd.com](http://walterkaniaphd.com) *Nag Hammadi Bibliography 1970-1994* David Scholer,2020-10-26 This is a sequel to the immensely useful *Nag Hammadi Bibliography 1948 1969* which was the first volume to appear in the *Nag Hammadi Studies* series The volume provides a complete integration of Supplements I XXIV to the *Bibliography* as published in *Novum Testamentum* 1971 1997 with additions and corrections In total the update contains over 6092 entries *Nag Hammadi* and *Gnostic* studies continue to be of critical importance for the study of ancient religions in the Graeco Roman world and for the study of the world of early Christianity and the present bibliography provides an indispensable reference tool for work in these fields

**Bible Review** ,2001 **Fundamental Theology** Matthew L. Becker,2014-12-18 Introducing university students to the academic discipline of Christian theology this book serves as an orientation to fundamental theology from a Protestant perspective by addressing issues that are preliminary and foundational to the discipline in the context of a liberal arts university The book also sets forth what has traditionally been called a theological encyclopedia that is a description of the parts of Christian theology that together form the discipline into a unified academic subject Finally the book examines the relation of Christian theology to the arts and sciences within the university and underscores the need for critical and positive interaction with these other academic disciplines

*Encounter* ,1995 *A Treasury of Mystic Terms, Part 1* John Davidson,2003 The Treasury is a collection of the spiritual terms found in the literature of the world's religious and mystical traditions Its primary objective is to elucidate the meaning of the essential terms used by the various spiritual and religious traditions of the world throughout history It is not primarily intended as a dictionary or as an encyclopedia nor is it a definitive treatise on any particular subject or religion It is meant to help the ordinary person understand some of the basic principles of his or her religious background within the framework of a universal understanding of spirituality All terms are explained in a simple manner with each term presented as a separate entry With the explanations grouped according to subject and placed alongside one another many similarities between the various religions immediately become apparent Among these many pages the reader will find a mixture of interesting concepts quotations thoughts perceptions and ideas There should be something for everyone whoever they are and whatever their bent of mind The Treasury is prepared and edited by an international team of researchers contributors editors and readers with a wide variety of religious and cultural backgrounds All those involved gave their time and expertise freely to the project Since the Society does not seek any profit and the cost of printing in India is low the Treasury can be sold at a very low price This helps the Society stay true to its premise that spirituality is the birthright of all that no profit should be extracted from its dissemination and most important that knowledge of these truths should not be withheld from anyone for economic reasons Provided by publisher *A Treasury of Mystic Terms: The universe of spirituality with biographic and bibliographic glossary, bibliography and index*
