New Testament Greek Manuscripts John:

New Testament Greek manuscripts: John Reuben J. Swanson, 1995 **Rediscovering John** Lesław Daniel Chrupcała, 2014-05-29T00:00:00+02:00 The idea of dedicating a Festschrift to honor Professor Fr d ric Manns on the happy occasion of his 70th birthday came to mind in the autumn of 2011 and work on this project had been continuing ever since Felicitously achieving this goal the Faculty of Biblical Sciences and Archaeology Studium Biblicum Franciscanum and the Franciscan Custody of the Holy Land present this volume to Father Manns with gratitude for his profound scholarship and a lifetime service in the Holy Land Perusing through Father Manns writings it is easy to see a prominent and distinctive place devoted to the Gospel of John It seemed therefore suitable to focus on this subject in the Festschrift honoring him the title Rediscovering John relates to Manns significant contribution towards the better understanding of the Fourth Gospel The volume comprises 21 studies authored by renowned scholars from various parts of the world from different institutions and denominations While the first half of the studies examines general issues history of interpretation textual transmission intertextuality theological themes archaeology the second half treats literary narrative and exegetical approaches to particular texts of the Fourth Gospel We augur that this rich collection will help to stimulate further discussion and reflection on the Gospel of John as well as constitute an incentive to an already distinguished scholar to continue writing challenging and thought provoking essays and books from the Foreword by the Editor **A Textual Study of Family 1 in the Gospel of John** Alison Welsby, 2013-12-12 This textual study of the Gospel of John in seventeen Greek manuscripts offers a fresh investigation into the textual group known as Family 1 Since Kirsopp Lake s 1902 study Codex 1 of the Gospels and its Allies Family 1 has been considered an important textual witness by all major critical editions of the the New Testament however with the exception of a recent study of Matthew Amy Anderson The Textual Tradition of the Gospels Family 1 in Matthew little further research has been conducted into the family s text By analysis of a full collation of John this study examines manuscripts Gregory Aland 1 22 118 131 205abs 205 209 565 872 884 1192 1210 1278 1582 2193 2372 and 2713 The study has confirmed the place of codices 1 and 1582 as core members of Family 1 but has demonstrated the existence of a new core subgroup represented by codices 565 884 and 2193 that rivals the textual witness of 1 and 1582 The discovery of this subgroup has broadened the textual contours of Family 1 leading to many new readings both text and marginal that should be considered Family 1 readings The reconstructed Family 1 text with critical apparatus is based on the witness of this wider textual group and is offered as a replacement to Lake s 1902 text of John Studies On The Paratextual Features Of Early New Testament Manuscripts , 2023-04-24 Most studies of ancient New Testament manuscripts focus on individual readings and textual variants This book however draws attention to and attempts to advance study of the textual and paratextual features of New Testament manuscripts After defining paratext the contributors discuss key manuscript characteristics including headings introductions marginal comments colophons layout features such as margins columns spacing and

reading aids such as segmentation paragraphos ekthesis coronis and rubrication The goal of this book is to explore how textual criticism goes beyond individual readings and includes studying the history of texts and their perceivable features

Early Christian Manuscripts Thomas J Kraus,Tobias Nicklas,2010-09-10 The authors of the nine essays in this collection deal with individual or certain sets of manuscripts in order to demonstrate that approach and method are both crucial and pivotal aspects for a sound investigations Thus the essays serve as a variety of approaches destined by their topics but all of them concerned about acknowledged methods **1,2,3 John** Dr. Daniel L. Manuscripts Thomas J. Kraus,Tobias Nicklas,2006 This book comprises twelve essays dealing with manuscripts of the New Testament and or what we can learn from them today Starting from different angles the contributors distinguished scholars of international reputation focus on the fascinating and thrilling stories manuscripts tell for instance about the times they were produced in or the people who handled them **John, His Gospel, and Jesus** Stanley E. Porter,2015 In this volume

Stanley Porter tackles a wide variety of important and often highly contentious topics within John s Gospel as a means of defining and capturing the distinctive Johannine voice Topics discussed include John s Gospel in relation to competing Gospels the public proclamation of Jesus in John the sources of John s Gospel John s prologue the I Am sayings the notion of truth the Passover theme and the ending of John s Gospel Each chapter besides surveying representative research puts forward new and insightful proposals regarding the topics concerned Porter does not shy away from topics that have often perplexed Johannine scholars and he confronts some of the viewpoints that have led to confusion in the field Significantly each chapter considers the Johannine voice as it represents presents and treats Jesus grounding the book in the wider field of Gospel and New Testament investigation **Notes, Explanatory and Practical, on the General Epistles of James, Peter, John, and Jude** Albert Barnes,1875 An Exhibition of Bibles of Ancient and Modern Times New York Public Library,1923 **Commentary on the Gospel of John** Frédéric Louis Godet,1886 **The New Testament in Greek IV — The Gospel According to St. John. Coherent Chiastic Oeuvre in the Unity of Luke-Acts John M.

Powell, 2025-06-20 This book expands on scholarly arguments that the Gospel of Luke and Acts of the Apostles was originally intended as a single unified work It offers fresh insights by addressing overlooked perspectives and further exploring the literary theological and historical connections between the two volumes Central to this study is the argument that the ascension narratives at the end of Luke and the beginning of Acts form a chiastic structure uniting and conjoining both volumes Rather than redefining Luke Acts as First and Second Luke this study affirms their distinct literary genres Luke s Gospel rightly belongs among the canonical Gospels and Acts bridges the Gospels with the Epistles acting similar to a historical narrative It does not seek to alter their canonical separation but asserts that Luke deliberately composed them as a continuous interdependent account By examining how this pivotal event structures the text it provides compelling evidence of Luke s intentional design demonstrating that the ascension is the hinge that seamlessly connects both volumes
