O Call Back Yesterday:

"O, Call Back Yesterday" Virginia Woodson (Venable) Shaw, 1936 Reconsidering Catholic Lay Womanhood Kathryn G. Lamontagne, 2023-07-26 This book offers a new perspective on the often overlooked lives of lay women in the English Roman Catholic Church. It explores how over a century ago in England some exceptional Catholic lay women Margaret Fletcher, Maude Petre, Radclyffe Hall, and Mabel Batten negotiated non-traditional family lives and were actively practicing their faith while not adhering to perceived structures of femininity, power, and sexuality. Focusing on c. 1880-1930, a time of dynamism and change in both England and the Church, these remarkable women represent a rethinking of what it meant to be a lay woman in the English Roman Catholic Church. Their pious transgressions demonstrate the multiplicity of ways lay women powerfully asserted aspects of their faith while contravening boundaries traditionally assumed for them in an ostensibly patriarchal religion. In fact, the Church could be a place for expressions of unconventional religiosity and reinterpretations of womanhood and domesticity. Connecting together the lives of these women for the first time, this work fills a lacuna in the scholarship of modern Catholic and gender history. Drawing from private collections and numerous archives, it illustrates the surprising range of modes of lived Catholicism and devotion to faith. Students and scholars of Catholicism, gender, and LGBTQIA studies will find significant merit in a book that assigns lay women a more prominent role in the English Catholic Church and offers examples of the flexibility of Roman Catholicism. **Call back yesterday, 1887-1931** Hugh Dalton, 1953 *O, Call Back Yesterday* Margaret Fletcher, 1939 **A Place to Die** Dorothy James, 2010-04 Eleanor and Franz Fabian arrive from New York to spend Christmas with Franz's mother in her sedate retirement home in the Vienna Woods. Their expectations are low at best, boredom at worst, run of the mill family friction. But when the wealthy, charming Herr Graf is found dead in his apartment with an ugly head wound, the Fabians are thrust into a homicide investigation. Some residents and staff have surprising connections to the dead man, but who would have wanted to kill him? Inspector Bchner tracks down the murderer against a backdrop of Viennese history from the Nazi years to the present day. Witty, suspenseful, lyrical, this is a literary whodunit that will keep you guessing till the last page. *Julian Barnes from the Margins* Vanessa Guignery, 2020-03-05 Exploring the archives of the Man Booker prize-winning novelist Julian Barnes, including notebooks, drafts, typescripts, and publishing correspondence, this book is an extraordinary in-depth study of the creative practice of a major contemporary novelist. In *Julian Barnes from the Margins*, Vanessa Guignery charts the genesis and publication history of all of Barnes's major novels from his debut with *Metroland* through *Flaubert's Parrot* and *A History of the World in 10 1/2 Chapters* to *The Sense of an Ending*. **English Synonyms Explained** George Crabb, 1882 The ^AOxford Handbook of History and Material Culture Ivan Gaskell, Sarah Anne Carter, 2020-04-07 Most historians rely principally on written sources. Yet there are other traces of the past available to historians: the material things that people have chosen, made, and used. This book examines how material culture can enhance historians' understanding of the past, both

worldwide and across time Deploying material culture to discover the pasts of constituencies who have left few traces in written record the authors present familiar historical problems in new ways This volume offers case studies arranged thematically in six sections that address the relationship of history and material culture to cognition technology the symbolic social distinction and memory

London and the Politics of Memory Stuart Burch, 2019-07-09 This book provides an original impassioned exploration of memory studies and the uses of the past in the present It capitalises on London's global appeal and Big Ben's iconic status Moving beyond this familiar facade the reader will journey around the hidden histories of Westminster's streets squares and statues This tangible heritage supports a diversity of contested memories The rationale for this approach is that by linking theory with empirical examples it becomes possible to tackle complex issues in a grounded accessible manner Readers will be encouraged to use this case study as a framework for addressing the politics of memory in their own lives as well as in other places not just in Britain but around the world This book will be of interest to scholars and students from a wide variety of disciplines including but not limited to sociology culture and media studies English literature film and television studies global studies heritage studies history politics and human geography
