Obligations Essays On Disobedience War And Citizenship:

Obligations Michael Walzer, 1970 In this collection of essays Michael Walzer discusses how obligations are incurred sustained and sometimes abandoned by citizens of the modern state and members of political parties and movements as they respond to and participate in the most crucial and controversial aspects of citizenship resistance dissent civil disobedience war and revolution Walzer approaches these issues with insight and historical perspective exhibiting an extraordinary understanding for rebels radicals and rational revolutionaries The reader will not always agree with Walzer but he cannot help being stimulated excited challenged and moved to thoughtful analysis **The Political Theory of Global Citizenship**

April Carter, 2013-07-04 This book provides a comprehensive overview of the meaning of cosmopolitanism and world citizenship in the history of Western political thought and in the evolution of international politics since 1500 Providing an invaluable overview of earlier political thought recent theoretical literature and current debates this book also discusses recent developments in international politics and transnational protest It will be of great interest to those specialising in political theory International Relations and peace conflict studies It will also interest those already acting as global citizens

Citizenship in Hard Times Sara Wallace Goodman, 2022-01-20 What do citizens do in response to threats to democracy This book examines the mass politics of civic obligation in the US UK and Germany Exploring threats like foreign interference in elections and polarization Sara Wallace Goodman shows that citizens respond to threats to democracy as partisans interpreting civic obligation through a partisan lens that is shaped by their country's political institutions This divided partisan citizenship makes democratic problems worse by eroding the national unity required for democratic stability Employing novel survey experiments in a cross national research design *Citizenship in Hard Times* presents the first comprehensive and comparative analysis of citizenship norms in the face of democratic threat In showing partisan citizens are not a reliable bulwark against democratic backsliding Goodman identifies a key vulnerability in the mass politics of democratic order In times of democratic crisis defenders of democracy must work to fortify the shared foundations of democratic citizenship Readings in Political Philosophy Diane Jeske, Richard Fumerton, 2011-12-20 This anthology surveys important issues in Western political philosophy from Plato to the present day Its aim is to show both the continuity and the development of political thought over time Each unit begins with readings on the fundamental theoretical principles underlying political discourse Theory is then connected to practice in readings on contemporary issues as well as court cases and other political documents

Uncle Sam Wants You Christopher Capozzola, 2008-07-21 In April 1917 the United States embarked on World War I with little history of conscription an army smaller than Romania's and a political culture that saw little role for the federal government other than delivering the mail *Uncle Sam Wants You* tells the gripping story of the American homefront in World War I revealing how the tensions of mass mobilization led to a significant increase in power in Washington Christopher Capozzola shows how in the absence of a strong federal government Americans at first mobilized

society by stressing duty obligation and responsibility over rights and freedoms In clubs schools churches and workplaces Americans governed each other But the heated temper of war quickly unleashed coercion on an unprecedented scale making wartime America the scene of some of the nation s most serious political violence including notorious episodes of outright mob violence To solve this problem Americans turned over increasing amounts of power to state institutions In the end whether they were some of the four million men drafted under the Selective Service Act or the tens of millions of homefront volunteers or counted themselves among the thousands of conscientious objectors anti war radicals or German enemy aliens Americans of the World War I era created a new American state and new ways of being American citizens Based on a rich array of sources that capture the voices of both political leaders and ordinary Americans *Uncle Sam Wants You* offers a vivid and provocative new interpretation of American political history *The Categorical Imperative of a Confucian Evil Demon in America* Jonathan L. Bowen,2005 **Political Obligation, Consent, and Political Equality** Thomas Hone,1973

Citizenship Bryan S. Turner,Peter Hamilton,1994 SECTION 2 THE CLASSICS *The Dark Side of the Left* Richard J. Ellis,1998 Political correctness idealizing the oppressed and an affinity for authoritarian and charismatic leaders are all parts of what Ellis calls the dark side of the left **An Ethic of Citizenship for Public Administration** Terry L. Cooper,1991

Feminism and Citizenship Maria Christine Bernadetta Voet,1998-08-31 Until recently feminist theory and citizenship theory have seemed two distinct areas with writers in both camps seldom discussing the other s work Feminism and Citizenship challenges this silence arguing for the need to collect the debates around citizenship and feminism The author provides an original reflection upon the key issues in political theory and advocates a unique feminist intervention into the sub themes of citizenship including liberty rights social equality political identity political representation and political judgement Rian Voet moves to develop a feminist notion of citizenship by discussing critically citizenship theories and identifying rudimentary feminist theories of citizenship H *Rethinking Obligation* Nancy J. Hirschmann,1992 Portions of this book appeared earlier in article form in the American political science review Pref **War and Terrorism** John R. Rowan,2004 *Yale Journal of Law & the Humanities* ,1995 **Law and Morality** Don Welch,1987 **"Home is the Sailor"** Peter Charles Meilaender,1999 **The Library Catalogs of the Hoover Institution on War, Revolution, and Peace, Stanford University** Hoover Institution on War, Revolution, and Peace,1977 *Security Disarmed* Barbara Sutton,Sandra Morgen,Julie Novkov,2008 In *Security Disarmed* scholars policy planners and activists come together to think critically about the human cost of violence and viable alternatives to armed conflict Arranged in four parts alternative paradigms of security cross national militarization militarism in the United States and pedagogical and cultural concerns the book critically challenges militarization and voices an alternative encompassing vision of human security by analyzing the relationships among gender race and militarization *Should We Consent to be Governed?* Stephen Nathanson,1992 Introduces students to political philosophy by raising a relevant practical question that each of us faces What attitude ought

we to adopt toward governments and laws Beginning with this question the author introduces a variety of political philosophies each presented as an answer to this question and shows why it is worth understanding and learning about these views The text involves the students in the issues and encourages active thinking and learning by stressing what the student needs to make up their mind about the question By studying this material students will understand how one can respect the legitimacy of laws while retaining a critical stance that permits disobedience when laws and governments fail to be just
