Caruso,2005     *The Science of Emotional Intelligence* Gerald Matthews,Moshe Zeidner,Richard D. Roberts,2007 During the past decade emotional intelligence has been subjected to both scientific and public scrutiny Numerous articles have been published on the topic in both academic journals and the popular press testifying to the potential usefulness of emotional intelligence in psychology business education the home and the

workplace However until now there has been no systematic synthesis that grounds emotional intelligence in contemporary theory while simultaneously sorting scientific approaches from popular fads and pseudoscience Bringing together leading international experts from a variety of sub disciplines this volume aims to integrate recent research on emotional intelligence The contributors address a set of focused questions concerning theory measures and applications How does emotional intelligence relate to personality What is the optimal approach to testing emotional intelligence How can emotional intelligence be trained In the final section of the book the volume editors distill and synthesize the main points made by these experts and set forth an agenda for building a science of emotional intelligence in the future **Science of Emotional Intelligence** will be an invaluable resource for researchers and professionals in psychology education the health sciences and business **EQ-i** Reuven Bar-On,2002 **EQ-i BarOn Emotional Quotient Inventory** Reuven Bar-On,1997 **Technical Manual for the Trait Emotional Intelligence Questionnaires** K. V. Petrides,2009 **Emotional Intelligence** Ralf Schulze,Richard D. Roberts,2005 The concept of Emotional Intelligence EI the ability to perceive express understand and regulate emotions is still the subject of scientific debate despite its intuitive appeal and widespread popular interest in areas such as human resources education and organizational psychology This book brings together leading experts from around the world to present their perspectives on the current status of EI It covers theories of EI and assessment approaches in depth as well as theoretical concepts and research findings on the antecedents and consequences of EI in occupational educational and clinical settings The contributions provide an overview of the empirical evidence that supports as well as contradicts many common assumptions about EI and its relation to other forms of intelligence The book thus reflects the diverse approaches to finding solutions for the still unresolved conceptual and empirical problems and offers a critical appraisal of the current status of EI

**Comprehensive Handbook of Psychological Assessment, Volume 4** Jay C. Thomas,2003-09-18 In one volume the leading researchers in industrial organizational assessment interpret the range of issues related to industrial organizational tests including test development and psychometrics clinical applications ethical and legal concerns use with diverse populations computerization and the latest research Clinicians and researchers who use these instruments will find this volume invaluable as it contains the most comprehensive and up to date information available on this important aspect of practice **Emotional Intelligence** Marc Leigh,2019-06-11 Using a simple to understand language this book gives the reader unique features that make it more than just a book This book can be used as a manual for emotional intelligence It is written in simple language making it appropriate even for non native speakers of the English language There are exercises at the end of the first ten chapters to enable the reader to test and apply the knowledge gained The emotional intelligence activities are varied to give you a choice and can be done at individual and group levels giving you more control of the exercises Additionally the systematic approach to understanding and applying emotional intelligence enables the reader to learn in phases Instead of overwhelming the reader with long chapters that pack multiple concepts of

emotional intelligence the reader is given content in a reasonable and pragmatic manner Have a look at the core chapters 1 Emotional intelligence the theory2 Emotional intelligence and your character3 Can emotional intelligence be developed 4 Recognize your emotions and arm yourself with emotional quotient quotes5 Emotional intelligence in practice6 Emotional intelligence framework7 Social skills8 Models of emotional intelligence9 Emotional intelligence activities a guide for you and your coach 10 Emotional intelligence test11 Masters in conflictEqually important this book avoids burdening the reader with histories of emotional intelligence and its developers The knowledge and content given are presented with a view of introducing the reader to the subject and finally enabling the reader acquires and applies that knowledge The author has deliberately infused practicality of emotional intelligence concepts consistently throughout the book to enable the reader to translate theory to practical application The book is written from the perspective that the reader wants to know about the concepts of emotional intelligence and apply them and this is what is professionally presented throughout the book Another distinct feature of this book is that it captures views that would be split into several books The author wrote from a view of providing content knowledge and manual to understanding and applying emotional intelligence The irritating aspect of encountering multiple acronyms and abbreviations when reading emotional intelligence works is eliminated in this book giving you a convenient and effortless way to acquire emotional intelligence knowledge and concepts When you through reading this book you will realize it also doubles up a manual enabling you to systematically improve your weak areas In this manner this book can be used as an instructor enabling you to teach yourself emotional intelligence concepts Reading the book will even qualify these views further
