### **Introduction and Practical Guide to Music Education**

Laura M. Dornberger, Katherine M. Levy, 2017-12-31 *Introduction and Practical Guide to Music Education* provides students with comprehensive yet foundational knowledge of the music education profession. The book contains researched best practices for teaching music and guides readers through practical exercises to help them discover their own unique teaching style and approach. The text begins with a chapter that asks readers why they are considering a career in music education and also reveals the qualities of an effective music teacher. Later chapters provide students with a brief history of music education in the United States, introductions to educational psychology, sociology, and child development, practical advice for developing sound and successful lesson plans, strategies for teaching different types of students, tips for job interviews, and more. Each chapter includes references and discussion questions, and select chapters also feature a list of recommended readings for further exploration and independent learning. With emphasis on research and practical application, *Introduction and Practical Guide to Music Education* is a supportive and valuable guide for any student interested in a career in music education. Accessible and complete, the text is ideal for music seminars, music profession survey courses, and introductory music education courses. Laura M. Dornberger serves on the music education faculty at the State University of New York at Fredonia, where she teaches graduate and undergraduate courses in elementary general music, child development, and music education philosophy and assessment. She has taught PK-12th grade general vocal music, directed children's choirs, performed professionally as a soprano, and taught private voice and piano lessons. She has led professional development workshops for teachers in Cork, Ireland. She serves as a scorer for the New York State Teacher Certification Examinations, and she is a guest speaker and clinician on effective interviewing techniques. Katherine M. Levy, Ph.D., is head of the music education area at the State University of New York at Fredonia. She earned her master's and doctorate degrees in music education from the University of Iowa. She has experience teaching beginning, middle, and high school instrumental music in Illinois, Iowa, and Wisconsin, and early childhood music in Iowa and Maryland. Dr. Levy is the founding music director of two New Horizons Band programs in which university students and music teachers work with amateur musicians aged 50 and older in music lessons, ensembles, and concert bands.

Teaching Music to Children Blair Bielawski,2010-09-01 designed to give elementary teachers with no formal music training all the tools they need to help their students develop an understanding and appreciation for music includes lessons reproducible games worksheets and puzzles Also included is a mixed media CD that features over 60 minutes of music and a complete PowerPoint presentation follows a well sequenced curriculum based on the National Standards for Music Education and the Ontario Curriculum for the Arts in Canada *Music in the Public Schools* Elbridge W. Newton,2015-06-15 Excerpt from Music in the Public Schools A Manual of Suggestions for Teachers Music in the public schools is a serious factor in the mental physical and emotional development of the child and is as important in character molding as any other subject in the school curriculum The four essentials of this subject are conceptions of good music voice training sight singing and musical interpretation and in this manual they are developed side by side for each of the eight years of elementary school life This development is presented in the form of weekly outlines by means of which results commensurate with the importance and dignity of the subject may be more easily obtained These outlines are brief definite and free from irrelevant matter and while they may be used advantageously with any series of music books they are designed to be used with the New Educational Music Course No special attention has been paid to written work in music as it is more or less beyond the scope of this book The New Educational Music Haulers furnish ideal material for music education in the public schools and are adapted for study page after page in consecutive order Teachers who find it advisable or desirable to vary the consecutive order of presentation to give special attention to one problem rather than another or to carry on several lines of study simultaneously will find that the grouping of the material in these readers makes such adjustment an easy matter While all good methods of teaching have the same underlying principles yet they may differ in detail This manual simply presents one method with occasional alternatives which has proved eminently successful in teaching the New Educational Music Course in various public schools About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
