Daly,2011-04 In 2004 the Office of Management and Budget OMB launched the financial management line of business FMLOB initiative in part to reduce the cost and improve the quality and performance of federal financial management systems by leveraging shared services available from external providers In response to a request to study FMLOB related issues this report 1 identifies the steps agencies have taken or planned to take to modernizing their core financial systems and migrate to an external provider and 2 assesses the reported benefits and significant challenges associated with migrations including any factors related to OMB s new financial systems modernization approach Tables and figures This is a print on demand pub

Financial Modernization and Regulation Robert A. Eisenbeis, Frederick T. Furlong, Simon Kwan,2013-11-27 Financial systems around the world are undergoing a process of modernization due to many different forces Advances in information technology product and market innovations and recent regional financial crises have contributed to this movement As a result evolution in the financial sector is leading to larger more complex financial organizations that render inadequate the supervisory and regulatory structures currently in place While some changes in regulatory policies have already occurred the adaptation of supervisory oversight and regulation in the face of these new developments is expected to continue for many years to come This book collects papers originally

presented in September 1998 at the Financial Modernization and Regulation Conference co sponsored by the Federal Reserve Banks of Atlanta and San Francisco Revised before publication the papers seek to identify the reasons for changes in the financial services sector and the implications these changes pose for financial supervision and regulation Taken together the papers offer valuable insights on 1 the forces behind financial modernization 2 the implications financial modernization poses for corporate structure market discipline and financial regulation 3 how to price deposit insurance accurately to reflect banks risk taking and 4 balancing private versus public interests and managing potentially conflicting public policy goals
