CHAPTER III THE BEGINNING IN MISSOURI CAMP JACKSON MAY 10 1861

STERLING PRICE HE politics of Missouri had always been strongly I Southern As early as 1848 9 when the North was evidently intent upon excluding the South from the territory obtained in the Mexican war acquired principally by the blood of Southern soldiers the Legislature of Missouri passed resolutions affirming the rights of the States as interpreted by Calhoun and pledging Missouri to co operate with her sister States in any measure they might adopt against Northern encroachments On account of his opposition to these resolutions Mr Benton was defeated for the United States Senate and they remained on the statute book of Missouri unrepealed at the commencement of the war In the last Presidential campaign Missouri under one of those apparent contradictions or delusions not uncommon in American politics had given her vote for Douglas This result was obtained chiefly through the influence of Sterling Price who had formerly been Governor of the State had previously represented her in Congress and was a man of commanding influence Price and his party were firmly attached to the Union and hoped that it might be perpetuated with safety and honor to the South Of the Convention called in January 1861 not a single member was yet ready to avow the policy of secession and Price himself who had been returned as a Union man without opposition was elected its

Border State Contest Dick Titterington, 2013-10-10 It s 1860 in the State of Missouri When all the votes are counted three men have been elected that will change the state forever Claiborne Fox Jackson becomes the state s Governor Frank Blair is re elected to represent Missouri s First District in the United States House of Representatives And Abraham Lincoln becomes the 16th President of the United States In 1860 slavery of course is legal in the state of Missouri Missouri along with other Border States is key in Lincoln s initial policy that the coming war is not about freeing the slaves Abraham Lincoln is convinced that he must keep Missouri in the Union Fortunately the large majority of Missourians agree with him They are against war and just want the status quo to continue

Volume 2 of Trans Mississippi Musings tells the story of two minority groups on opposite ends of the political spectrum One group led by Claiborne Fox Jackson is convinced that Missouri s destiny lies with the

Southern States of the Confederacy The other faction led by Frank Blair believes that Missouri must remain a part of the United States of America no matter what Both sides realize war is inevitable and begin to prepare by forming paramilitary organizations But the difficulty of arming these groups turns their attention to the Federal arsenal in St Louis Missouri Lightly guarded the St Louis Arsenal contains tens of thousands of small arms and a plentiful supply of ammunition As events unfold the state s new Governor Claiborne Fox Jackson believes the state will vote to secede from the Union When that happens Jackson has been assured the arms in the St Louis Arsenal will be turned over to the State Militia So Jackson is content to wait for events to unfold Frank Blair cannot convince the local military commander US Army Brigadier General William S Harney to beef up the security of the St Louis Arsenal But Blair has powerful friends in Washington City and he continues to warn them about the dangers to the arsenal A volatile situation in the state is exacerbated when a United States Army Captain is reassigned to protect the St Louis Arsenal Captain Nathaniel Lyon is a combat veteran as well as an abolitionist firebrand He will stop at nothing to achieve his vision for the state of Missouri The Secessionists in the state must be punished But on the day of Lincoln s inauguration the delegates at the Missouri State Convention pass a resolution which states that Missouri will not at the present time secede from the United States of America With the fall of Fort Sumter the American Civil War begins and with the help of Frank Blair Captain Nathaniel Lyon raises an army of 10 000 Federal volunteers in St Louis Shortly thereafter Captain Lyon uses this army to surround and capture a legal encampment of Missouri State Militia This act of Federal coercion outrages many Missourians One of the outraged is a former Missouri Governor who pledges his services to the current Governor Governor Jackson takes Price up on his offer and appoints him Major General of the Missouri State Guard The relationship between Jackson and Price on one side and Blair and Lyon on the other side degenerates to such an extent that Nathaniel Lyon actually declares war on the State of Missouri This failure to compromise leads to in armed clashes between the State of Missouri and the United States of America Beginning with the 1860 elections and ending with the Battle of Carthage this book tells the stories of the decision makers and the individuals who carried out their decisions Who made the decisions that dragged Missouri into the American Civil War What decisions were made that changed the State of Missouri forever Will Claiborne Fox Jackson succeed in goal of seeing Missouri secede Will Frank Blair succeed in his goal to keep Missouri in the Union Find out in Volume 2 of Trans Mississippi Musings *The Civil War in Missouri During 1861* Harry Carl Koelling,1937 *Missouri, Our Civil War Heritage* ,1994 **Ordre des compagnons de Peguy** ,1941 Chronological List of Civil War Battles in Missouri, 1861-1865 ,19?? Confederate Military History of Missouri John C. Moore,2004-11-01 As a border state Missouri was coveted by both the Union and the Confederacy at the beginning of the Civil War Missourians took sides with politicians trying to either keep Missouri in the Union or trying to secede and join the ranks of the Confederate States In the end the Show Me State remained with the Union but was given an honorary status in the Confederacy even being represented with a star on the Confederate flag

Fighting soon erupted in the state causing Missourians to fight Missourians a sort of civil war within a civil war. The largest battle fought in Missouri was the Battle of Wilson's Creek August 10 1861 where Union forces under Nathaniel Lyon and Franz Sigel attacked Confederate forces under Ben McCulloch in the early morning hours. While Wilson's Creek allowed the Confederates to retain control of the southwestern portion of the state they soon retreated to Arkansas. While in Arkansas Confederate forces made forays and raids into Missouri. Missouri troops were brigaded together and fought in both the Trans Mississippi and Western theaters. Battles included Pea Ridge Arkansas Corinth Iuka Big Black River and Vicksburg Mississippi Pleasant Hill and Jenkins Ferry Arkansas New Hope Church and Allatoona Georgia and Franklin and Nashville Tennessee. Major battles in Missouri during the war include Belmont Carthage Independence Lexington Little Blue River Newtonia Springfield and Wilson's Creek. The following men from Missouri became generals in the Confederate Army: John S. Bowen John B. Clark Jr. Francis Marion Cockrell Daniel M. Frost Martin E. Green John Sappington Marmaduke Mosby Monroe Parson Sterling Price Joseph O. Shelby and John G. Walker. The end of the war found most of the Missourians in Alabama where they were surrendered and paroled eventually making their way home. *Journal of the Missouri State Convention* Missouri. Convention, 1861. **Missouri Civil War Engagements 1861-1865** Carolyn M. Bartels, 1995. **Missouri's Confederate** Christopher Phillips, 2000. Claiborne Fox Jackson 1806-1862 remains one of Missouri's most controversial historical figures. Elected Missouri's governor in 1860 after serving as a state legislator and Democratic party chief Jackson was the force behind a movement for the neutral state's secession before a federal sortie exiled him from office. Although Jackson's administration was replaced by a temporary government that maintained allegiance to the Union he led a rump assembly that drafted an ordinance of secession in October 1861 and spearheaded its acceptance by the Confederate Congress. Despite the fact that the majority of the state's populace refused to recognize the act the Confederacy named Missouri its twelfth state the following month. A year later Jackson died in exile in Arkansas an apparent footnote to the war that engulfed his region and that consumed him. In this first full length study of Claiborne Fox Jackson Christopher Phillips offers much more than a traditional biography. His extensive analysis of Jackson's rise to power through the tangle that was Missouri's antebellum politics and of Jackson's complex actions in pursuit of his state's secession complete the deeper and broader story of regional identity one that began with a growing defense of the institution of slavery and which crystallized during and after the bitter internecine struggle in the neutral border state during the American Civil War. Placing slavery within the realm of western democratic expansion rather than of plantation agriculture in border slave states such as Missouri Phillips argues that southern identity in the region was not born but created. While most rural Missourians were proslavery their southernization transcended such boundaries with southern identity becoming a means by which residents sought to reestablish local jurisdiction in defiance of federal authority during and after the war. This identification intrinsically political and thus ideological centered and still centers upon the events surrounding the Civil War whether in Missouri or elsewhere.

By positioning personal and political struggles and triumphs within Missourians shifting identity and the redefinition of their collective memory Phillips reveals the complex process by which these once Missouri westerners became and remain Missouri southerners *Missouri's Confederate* not only provides a fascinating depiction of Jackson and his world but also offers the most complete scholarly analysis of Missouri's maturing antebellum identity Anyone with an interest in the Civil War the American West or the American South will find this important new biography a powerful contribution to our understanding of nineteenth century America and the origins as well as the legacy of the Civil War
