**Transnationalism and Urbanism** Stefan Krätke, Kathrin Wildner, Stephan Lanz, 2012 The formation of transnational urban spaces is a relevant and challenging field of interdisciplinary research which deserves much more debate in order to deepen our understanding of generating and restructuring urban spaces under conditions of contemporary

globalisation processes This edited collection reflects current studies on the relation of transnationalism and urbanism Scholars from disciplines including Geography Ethnography and Urban Planning discuss theoretical approaches methodology and case studies on processes of the production of urban spaces through global economic value chains socio cultural practices and political governance strategies Cities are appropriate sites for an examination of the spatial dimension of transnationality because this is where global processes are concentrated localized transformed and materialize In this context urban space is not merely to be regarded as a setting for transnational practices but as a constituent force of transnationalism in all its manifestations

*Photography and social movements* Antigoni Memou, 2018-02-28 Now available for the first time in paperback *Photography and social movements* is the first thorough study of photography's interrelationship with social movements Focusing on photographic production and dissemination during the student and worker uprising in Paris in May 1968 the Zapatista rebellion and the anti capitalist protests in Genoa in 2001 the book argues that at times of political uprisings photographic documentations often contradictory strive to prevail in the public domain extending the political or economic struggle to a representational level Photography plays a central role in this representational conflict by either reproducing or challenging stereotypical narratives of protest This groundbreaking interdisciplinary analysis of a wide range of practices amateur and professional and of previously unpublished archival material will add considerably to students researchers and scholars knowledge of both the visual imagery of political movements and the developing history of photographic representation

**Photography and Memory in Mexico** Andrea Noble, 2011-01-15 *Photography and Memory in Mexico* traces the life stories of some of the famous photographic images made during the 1910 revolution which have been repeatedly reproduced across a range of media in its aftermath Which photographs have become icons of the revolution and why these particular images and not others What is the relationship between photography and memory of the conflict How do we construct a critical framework for addressing the issues raised by iconic photographs Placing an emphasis on the life afterlife and also the pre life of those iconic photographs that haunt the post revolutionary landscape Andrea Noble approaches them as dynamic objects where their rhetorical power is derived from a combination of their visual eloquence and their ability to coordinate patterns of identification with the memory of the revolution as a foundational event in Mexican history Richly illustrated this book will be of interest to all those interested in photography memory studies and Mexican cultural history

**The Annexation of Mexico** John Ross, 1998 Written through the lens of annexation John Ross traces an unbroken band of conquest through the centuries and shows how World War II the Cold War and now the Drug War have bound Mexico tightly as a U S client state
