work proposing that something unites the late style of authors composers and creative artists who otherwise would not be bracketed together and that lateness per se is a special order of creative work The essays in this collection resist this position Ranging across literature the visual arts music and scientific work the material assembled here looks closely at the material biographical and other contexts in which the work was produced and seeks both to question the assumptions surrounding late style and to prompt a more critical understanding of the last works of writers artists and composers Variations Michael Hamburger,1981 Pioneering North America Klaus Martens,2000 *Saturn's Moons* Jo Catling,2017-07-05 The German novelist poet and critic W G Sebald 1944 2001 has in recent years attracted a phenomenal international following for his evocative prose works such as *Die Ausgewanderten* *The Emigrants* *Die Ringe des Saturn* *The Rings of Saturn* and *Austerlitz* spellbinding elegiac narratives which through their deliberate blurring of genre boundaries and provocative use of photography explore questions of Heimat and exile memory and loss history and natural history art and nature *Saturn's Moons* a W G Sebald Handbook brings together in one volume a wealth of new critical and visual material on Sebald's life and works covering the many facets and phases of his literary and academic careers as teacher as scholar and critic as colleague and as collaborator on translation Lavishly illustrated the Handbook also contains a number of rediscovered short pieces by W G Sebald hitherto unpublished interviews a catalogue of his library and selected poems and tributes as well as extensive primary and secondary bibliographies details of audiovisual material and interviews and a chronology of life and works Drawing on a range of original sources from Sebald's Nachlass the most important part of which is now held in the Deutsches Literaturarchiv Marbach *Saturn's Moons* will be an invaluable sourcebook for future Sebald studies in English and German alike complementing and augmenting recent critical works on subjects such as history memory modernity reader response and the visual The contributors include Mark Anderson Anthea Bell Ulrich von Buelow Jo Catling Michael Hulse Florian Radvan Uwe Schuette Clive Scott Richard Sheppard Gordon Turner Stephen Watts and Luke Williams Jo Catling teaches in the School of Literature at the University of East Anglia and Richard Hibbitt in the Department of French at the University of Leeds
