Modena Racing Memories:

Modena Racing Memories Graham Gauld,1999 In the 1950s and early 1960s Modena was the center of Italy's sports car and Grand Prix universe. There engineers and artisans crafted cars for Ferrari, Maserati, OSCA, ATS and others every day, bringing an unending parade of new surprises to the famous Modena Autodrome for testing. As a young man Graham Gauld traveled to the northern Italian villa several times, striking up relationships with famous drivers, engineers and designers who granted him and his camera unprecedented access to their facilities. The result is this remarkable history which documents the fall of Italian carmakers from Grand Prix eminence and their subsequent rise to dominance in international GT racing. All of the photos are from Gauld's private collection and are seen together here for the first time. Populated with fantastic cars, motorsport luminaries and the author's rarefied memories, this splendid photo history is sure to interest all fans of vintage racing and classic Italian machinery.

Magill, 2013-05-13 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history. This is not a who's who. Instead, each entry provides an in-depth essay on the life and career of the individual concerned. Essays commence with a quick reference section that provides basic facts on the individual's life and achievements. The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual's place in history. All entries conclude with a fully annotated bibliography.
