

# Modern Conservatism

- Reversal of the liberal trend of the 1930's to look to government as the solution to our problems.
  - Emphasis today on the private sector to solve problems.
- Resurgence since late 70's:
  - Strength in the formerly "solid South."
  - Reagan/Bush/GHW Bush
  - Republican control of the Senate 1980-86, 1994-2000, and 2002-2006.
  - Republican Congresses 104th, 105th, 106th, 108th, 109<sup>th</sup>, 112<sup>th</sup> House

## **Modern Conservatism:**

*The Rise of Contemporary Conservatism in the United States* Kenneth J. Heineman, 2018-10-25 The Rise of Contemporary Conservatism in the United States offers students an accessible introduction to the history of modern American conservatism. The author provides a concise but substantial discussion of modern conservatism from its origins in opposition to Franklin D. Roosevelt's New Deal up until the 2016 election of Donald J. Trump. The text examines electoral coalitions and politics as connected to economic and foreign policy as well as ideology. Conservative ideas and values are addressed directly both on their own terms and in the context of contemporary political applications. A robust collection of primary documents offers students and instructors the opportunity to examine directly the views of both conservatives and their critics. Supported by a range of study tools including a glossary of key figures and terms, a detailed chronology, and ample suggestions for further reading, *The Rise of Contemporary Conservatism in the United States* is the ideal introduction for students interested in the forging and fracturing of modern conservative coalitions and ideologies.

*Understanding Contemporary American Conservatism* Joel Aberbach, 2016-08-05 Contemporary American conservatism is a m lange of ideas, people, and organizations. It is difficult to define even conservatives themselves are unable to agree about its essential meaning. Yet the conservative movement is well financed, exerts strong influence in the Republican Party, inspires followers throughout the land, and has spawned a network of think tanks and media outlets that are the envy of its competitors. It is a powerful political force with which to be reckoned. This book examines how that has come about and what contemporary conservatism signifies for US politics and policy. It looks at the recent history of conservatism in America as well as its antecedents in the UK, traces changes over time using American National Election Study data from 1972 to the present, in what it means when people say they are conservatives, and assesses the prospects for American conservatism both in the near term electoral context and over the longer term as well.

**The Rise and Fall of Modern American Conservatism** David Farber, 2012-08-26 The story of modern conservatism through the lives of six leading figures. *The Rise and Fall of Modern American Conservatism* tells the gripping story of perhaps the most significant political force of our time through the lives and careers of six leading figures at the heart of the movement. David Farber traces the history of modern conservatism from its revolt against New Deal liberalism to its breathtaking resurgence under Ronald Reagan to its spectacular defeat with the election of Barack Obama. Farber paints vivid portraits of Robert Taft, William F. Buckley Jr., Barry Goldwater, Phyllis Schlafly, Ronald Reagan, and George W. Bush. He shows how these outspoken, charismatic, and frequently controversial conservative leaders were united by a shared insistence on the primacy of social order, national security, and economic liberty. Farber demonstrates how they built a versatile movement capable of gaining and holding power from Taft's opposition to the New Deal to Buckley's founding of the National Review as the intellectual standard bearer of modern conservatism, from Goldwater's crusade against leftist politics and his failed 1964 bid for the presidency to Schlafly's rejection of feminism in favor of traditional gender roles and

family values and from Reagan's city upon a hill to conservatism's downfall with Bush's ambitious presidency. The Rise and Fall of Modern American Conservatism provides rare insight into how conservatives captured the American political imagination by claiming moral superiority, downplaying economic inequality, relishing bellicosity and embracing nationalism. This concise and accessible history reveals how these conservative leaders discovered a winning formula that enabled them to forge a powerful and formidable political majority. Some images inside the book are unavailable due to digital copyright restrictions.

**A Time for Choosing** Jonathan Schoenwald, 2001-08-16

How did American conservatism, little more than a collection of loosely related beliefs in the late 1940s and early 1950s, become a coherent political and social force in the 1960s? What political strategies originating during the decade enabled the modern conservative movement to flourish? And how did mainstream and extremist conservatives, frequently at odds over tactics and ideology, each play a role in reshaping the Republican Party? In the 1960s conservatives did nothing less than engineer their own revolution. *A Time for Choosing* tells the remarkable story behind this transformation. Where previous accounts of conservatism's rise tend to speed from 1964 through the start of the Reagan era in 1980, *A Time for Choosing* explores in dramatic detail how conservatives took immediate action following the Goldwater debacle. William F. Buckley Jr.'s 1965 bid for Mayor of New York City and Reagan's 1966 California governor's campaign helped turn the tide for electoral conservatism. By decade's end, independent splinter groups vied for the right to bear the conservative standard into the next decade, demonstrating the movement's strength and vitality. Although conservative ideology was not created during the 1960s, its political components were. Here then is the story of the rise of the modern conservative movement. Provocative and beautifully written, *A Time for Choosing* is a book for anyone interested in politics and history in the postwar era.

*A Time for Choosing* Jonathan M. Schoenwald, 2002

How did American conservatism, little more than a collection of loosely related beliefs in the late 1940s and early 1950s, become a coherent political and social force in the 1960s? What political strategies originating during the decade enabled the modern conservative movement to flourish? And how did mainstream and extremist conservatives, frequently at odds over tactics and ideology, each play a role in reshaping the Republican Party? In the 1960s conservatives did nothing less than engineer their own revolution. *A Time for Choosing* tells the remarkable story behind this transformation. Where previous accounts of conservatism's rise tend to speed from 1964 through the start of the Reagan era in 1980, *A Time for Choosing* explores in dramatic detail how conservatives took immediate action following the Goldwater debacle. William F. Buckley Jr.'s 1965 bid for Mayor of New York City and Reagan's 1966 California governor's campaign helped turn the tide for electoral conservatism. By decade's end, independent splinter groups vied for the right to bear the conservative standard into the next decade, demonstrating the movement's strength and vitality. Although conservative ideology was not created during the 1960s, its political components were. Here then is the story of the rise of the modern conservative movement. Provocative and beautifully written, *A Time for Choosing* is a book for anyone interested in politics and history in the postwar era.

*Far-Right Vanguard* John S. Huntington, 2021-10-29 An examination of the far right roots of mid twentieth century conservatism    *From the New Deal to the New Right* Joseph E. Lowndes, 2008-10-01 The role the South has played in contemporary conservatism is perhaps the most consequential political phenomenon of the second half of the twentieth century The regions transition from Democratic stronghold to Republican base has frequently been viewed as a recent occurrence one that largely stems from a 1960s era backlash against left leaning social movements But as Joseph Lowndes argues in this book this rightward shift was not necessarily a natural response by alienated whites but rather the result of the long term development of an alliance between Southern segregationists and Northern conservatives two groups who initially shared little beyond opposition to specific New Deal imperatives Lowndes focuses his narrative on the formative period between the end of the Second World War and the Nixon years By looking at the 1948 Dixiecrat Revolt the presidential campaigns of George Wallace and popular representations of the region he shows the many ways in which the South changed during these decades Lowndes traces how a new alliance began to emerge by further examining the pages of the National Review and Republican party building efforts in the South during the campaigns of Eisenhower Goldwater and Nixon The unique characteristics of American conservatism were forged in the crucible of race relations in the South he argues and his analysis of party building efforts national institutions and the innovations of particular political actors provides a keen look into the ideology of modern conservatism and the Republican Party    **American Conservatism** Paul Lyons, 2009 This book offers a rare opportunity to read about how a scholar's teaching informs his research in this case an examination of the nature of American conservatism It is based on an interdisciplinary senior seminar Lyons taught in Spring 2006 His teaching log including student comments from an electronic conferencing system gives a vivid sense of the daily frustrations and triumphs Lyons reflects on some of the most difficult issues in higher education today such as how to handle racism and political passions in the classroom as well as how a teacher presents his own political convictions Lyons begins with the premise that most universities have been negligent in helping undergraduates understand a movement that has shaped the political landscape for half a century In addition in a series of essays that frame the teaching log he makes the case that conservatives have too often failed to adhere to basic Burkean principles and that the best of conservatism has often appeared as a form of liberalism from thinkers such as Hannah Arendt Reinhold Niebuhr and George Kennan The essays also cover the history of conservatism conservative use of the city on a hill metaphor and an examination of how the promise of Camelot sophistication was subverted by a resurgence of right wing populism    *Summary: The Rise and Fall of Modern American Conservatism* BusinessNews Publishing, 2017-01-30 The must read summary of David Farber's book The Rise and Fall of Modern American Conservatism A Short History This complete summary of The Rise and Fall of Modern American Conservatism by David Farber a renowned professor of history presents the author's gripping account of the rise and fall of the right wing political movement through the careers of six leading figures ending with the historic election of Barack

Obama The book provides rare insight into how conservatives captured the American political imagination by downplaying economic inequality and embracing patriotism and nationalism Added value of this summary Save time Understand the motivations of conservatism Expand your knowledge of American politics and history To learn more read The Rise and Fall of Modern Conservatism and discover the recent history of a profoundly violent and powerful political movement **American Conservative Opinion Leaders** Mark J. Rozell,2019-03-04 In this book one of the few academic works to scrutinise the major figures of American conservatism since the Reagan Bush era began the contributors identify and assess current trends in conservative political thought Through their profiles of conservative opinion leaders these scholars offer even handed critical examinations not only of the **The Evolution of Conservative Party Social Policy** B. Williams,2015-05-13 This book addresses how the Conservative Party has re focused its interest in social policy Analysing to what extent the Conservatives have changed within this particular policy sphere the book explores various theoretical social political and electoral dimensions of the subject matter **The Right** Matthew Continetti,2022-04-19 A magisterial intellectual history of the last century of American conservatism When most people think of the history of modern conservatism they think of Ronald Reagan Yet this narrow view leaves many to question How did Donald Trump win the presidency And what is the future of the Republican Party In The Right Matthew Continetti gives a sweeping account of movement conservatism's evolution from the Progressive Era through the present He tells the story of how conservatism began as networks of intellectuals developing and institutionalizing a vision that grew over time until they began to buckle under new pressures resembling national populist movements Drawing out the tensions between the desire for mainstream acceptance and the pull of extremism Continetti argues that the more one studies conservatism's past the more one becomes convinced of its future Deeply researched and brilliantly told The Right is essential reading for anyone looking to understand American conservatism

**American Conservatism** Bruce Frohnen,Jeremy Beer,Nelson O. Jeffrey,2014-05-20 A must own title National Review Online American Conservatism An Encyclopedia is the first comprehensive reference volume to cover what is surely the most influential political and intellectual movement of the past half century More than fifteen years in the making and more than half a million words in length this informative and entertaining encyclopedia contains substantive entries on those persons events organizations and concepts of major importance to postwar American conservatism Its contributors include iconic patriarchs of the conservative and libertarian movements celebrated scholars well known authors and influential movement activists and leaders Ranging from abortion to Zoll Donald Atwell and written from viewpoints as various as those which have informed the postwar conservative movement itself the encyclopedia's more than 600 entries will orient readers of all kinds to the people and ideas that have given shape to contemporary American conservatism This long awaited volume is not to be missed **The Rise of Post-Modern Conservatism** Matthew McManus,2019-08-29 This book is designed as a timely analysis of the rise of post modern conservatism in many Western countries across the globe It provides a theoretical overview of post

modernism why post modern conservatism emerged what distinguishes it from other variants of conservatism and differing political doctrines and how post modern conservatism governs in practice First developing a unique genealogy of conservative thought arguing that the historicist and irrationalist strains of conservatism were ripe for mutation into post modern form under the right social and cultural conditions then providing a new unique theoretical framework to describe the conditions for the emergence of post modern conservatism The Rise of Post modern Conservatism applies its theoretical framework to a concrete analysis of the politics of the day Ultimately it aims to help us understand the emergence and rise of identity oriented alt right movements and their populist spokesmen particularly in the United States the United Kingdom Hungary Poland and now Italy **The Roots of Modern Conservatism** Michael D. Bowen,2011 Between 1944 and 1953 a power struggle emerged between New York governor Thomas Dewey and U S senator Robert Taft of Ohio that threatened to split the Republican Party In The Roots of Modern Conservatism Michael Bowen reveals how this two man b

Postmodernism, Twenty-First Century Culture, and American Fiction Matt Graham,2024-07-19 Postmodernism s end is a complex and contentious topic Yet one overarching consensus emerges the postmodern has been surpassed This book poses a thought experiment challenging this position what if postmodernism persists within the twenty first century Rather than designate a new epoch or coherent movement this book interrogates the fragmented contradictory and counterintuitive endurance of postmodern aesthetics within post Cold War America An alternative use of postmodern aesthetics becomes possible when they are decoupled from their twentieth century historical location Collectively these repetitions posit a postmodern continuum contrasting the widely called for succession of postmodernism via this decoupling When postmodern aesthetics are no longer unconsciously repeated within their cultural moment this emergent shift within a period after postmodernism presents an alternative historical positioning and use After their cultural vanguard postmodern aesthetics become a confrontation of the chaotic realism of an inescapable post Cold War capitalism tapping into this cultural zeitgeist through literature **Conservatism** Lord Hugh Richard Heathcote Cecil,1928 *American Conservatism* Sanford V. Levinson,Joel Parker,Melissa S. Williams,2016-05-17 About half of the essays date back to panels of the American Society for Political and Legal Philosophy that were held in January of 2007 at the annual meeting of the American Association of Law Schools the remainder were delivered at a conference held at the University of Texas Law in September 2012 Preface

**Cowboy Conservatism** Sean P. Cunningham,2010-07-02 During the 1960s and 1970s Texas was rocked by a series of political transitions Despite its century long heritage of solidly Democratic politics the state became a Republican stronghold virtually overnight and by 1980 it was known as Reagan Country Ultimately Republicans dominated the Texas political landscape holding all twenty seven of its elected offices and carrying former governor George W Bush to his second term as president with more than 61 percent of the Texas vote Sean P Cunningham examines the remarkable history of Republican Texas in Cowboy Conservatism Texas and the Rise of the Modern Right Utilizing extensive research drawn from the archives

of four presidential libraries gubernatorial papers local campaign offices and oral histories Cunningham presents a compelling narrative of the most notable regional genesis of modern conservatism Spanning the decades from Kennedy's assassination to Reagan's presidency Cunningham reveals a vivid portrait of modern conservatism in one of the nation's largest and most politically powerful states The newest title in the New Directions in Southern History series Cunningham's *Cowboy Conservatism* demonstrates Texas's distinctive and vital contributions to the transformation of postwar American politics

New York State and the Rise of Modern Conservatism Timothy J. Sullivan, 2008-12-01 From the early 1960s until 1980 New York's Conservative and Republican Parties battled on the editorial page at the ballot box and in the courts over the ideology of the GOP New York State and the Rise of Modern Conservatism recounts the story of how New York reputedly the most liberal of all states played a critical role in conservatism's political ascendancy and in the redrawing according to ideology of the country's party lines Examining the colorful personalities central to the transformation including Governor Nelson Rockefeller William F Buckley Jr John Lindsay Roy Cohn Jackie Robinson Clare Booth Luce G Gordon Liddy and William Casey author Timothy J Sullivan recounts the details of the party's battle a battle that ultimately forced the state's liberal Republicans to choose between their party and their ideology resulting in a reliably conservative national GOP prepared to nominate Ronald Reagan
