1816-1870, 1984

The Problem of Women in Early Modern Japan Marcia Yonemoto, 2016-09-27

Early modern Japan was a military bureaucratic state governed by patriarchal and patrilineal principles and laws. During this time, however, women had considerable power to directly affect social structure, political practice, and economic production. This apparent contradiction between official norms and experienced realities lies at the heart of *The Problem of Women in Early Modern Japan*. Examining prescriptive literature and instructional manuals for women as well as diaries, memoirs, and letters written by and about individual women from the late seventeenth century to the early nineteenth century, Marcia Yonemoto explores the dynamic nature of Japanese women's lives during the early modern era.

The American Catalogue, 1908 American national trade bibliography

Women, Education, and Agency, 1600-2000 Jean Spence, Sarah Aiston, Maureen M.

Meikle, 2009-09-10 *Women Education and Agency 1600-2000* explores a range of topics on the history of women in educational settings around the world from the strategies of individuals seeking a personal education to organized efforts of women to pursue broader feminist goals in an educational context.

Aggravating Ladies Ralph Thomas, 1880

Desperate Woman's Guide to Diet and Exercise Jo Nesbitt, 1998 This collection of cartoons explores the subject of women's obsessions with their bodies. Featuring a broad array of women of all shapes and sizes from the self-critical to the self-satisfied, the cartoons allow us to laugh at the lengths to which we go to produce the body beautiful.

Female Genital Cosmetic Surgery Camille Nurka, 2018-08-21

Examining the fascinating history of female genital cosmetic surgery, Camille Nurka traces the origins of contemporary ideas of genital normality. Over the past twenty years, Western women have become increasingly worried about the aesthetic appearance of their labia minora and are turning to cosmetic surgery to achieve the ideal vulva: a clean slit with no visible protrusion of the inner lips. Long labia minora are described by medical experts as hypertrophied, a term that implies deformity and the atypical. But how far back does the diagnosis of labial hypertrophy go, and where did it originate? *Female Genital Cosmetic Surgery* tells the story of the female genitalia from the alien world of ancient Greek gynaecology to the colonial period of exploration and exploitation up to the present day. Bringing together historical medical and theoretical documentation and commentary, Nurka uncovers a long tradition of pathologizing female anatomy, a history sure to be of interest to any reader who wishes to know more about how medicine shapes our commonly held ideals.
