Modern Age The First Twenty Five Years A Selection:

Modern Age, the First Twenty-five Years George Andrew Panichas, George A. Panichas, 1988 These seventy eight essays characterize the richness and diversity of conservative scholarship Modern Age was founded in 1957 by Russell Kirk with Henry Regnery and David S Collier The magazine is now published by the Intercollegiate Studies Institute George A Panichas is the current editor of Modern Age and a Professor of English at the University of Maryland **this world a journal of religion and public life** , **A New Birth of Freedom** Harry V. Jaffa, 2018-09-01 When it originally appeared A New Birth of Freedom represented a milestone in Lincoln studies the culmination of over a half a century of study and reflection by one of America s foremost scholars of American politics Now reissued on the centenary of Jaffa s birth with a new foreword by the esteemed Lincoln scholar Allen Guelzo this long awaited sequel to Jaffa s earlier classic Crisis of the House Divided offers a piercing examination of the political thought of Abraham Lincoln and the themes of self government equality and statesmanship on the eve of the Civil War Four decades ago Harry Jaffa offered powerful insights on the Lincoln Douglas debates in his Crisis of the House Divided In this long awaited sequel he picks up the threads of that earlier study in this stimulating new interpretation of the showdown conflict between slavery and freedom in the election of 1860 and the secession crisis that followed Every student of Lincoln needs to read and ponder this book James M McPherson Princeton University A masterful synthesis and analysis of the contending political philosophies on the eve of the Civil War A magisterial work that arrives after a lifetime of scholarship and reflection and earns our gratitude as well as our respect Kirkus Reviews The essence of Jaffa s case meticulously laid out over nearly 500 pages is that the Constitution is not as Lincoln put it a free love arrangement held together by passing fancy It is an indissoluble compact in which all men consent to be governed by majority provided their inalienable rights are preserved Bret Stephens The Wall Street Journal *Russell Kirk* James E. Person, 1999-10-20 This first full length treatment of Russell Kirk s life and accomplishments blends new biographical insights and critical perspectives about the author of the ground breaking *The Conservative Mind* *American Labyrinth* Raymond Haberski, Jr., Andrew Hartman, 2018-12-15 *American Labyrinth* contains a stimulating and useful collection of essays by historians reflecting on American intellectual history As a whole the book convinces the reader that the field of intellectual history is enjoying a renaissance The book will be especially prized by intellectual historians but historians of many different persuasions will find these essays rewarding too Choice Intellectual history has never been more relevant and more important to public life in the United States In complicated and confounding times people look for the principles that drive action and the foundations that support national ideals *American Labyrinth* demonstrates the power of intellectual history to illuminate our public life and examine our ideological assumptions This volume of essays brings together 19 influential intellectual historians to contribute original thoughts on topics of widespread interest Raymond Haberski Jr and Andrew Hartman asked a group of nimble sharp scholars to respond to a simple question How might the

resources of intellectual history help shed light on contemporary issues with historical resonance The answers all rigorous original and challenging are as eclectic in approach and temperament as the authors are different in their interests and methods Taken together the essays of American Labyrinth illustrate how intellectual historians operating in many different registers at once and ranging from the theoretical to the political can provide telling insights for understanding a public sphere fraught with conflict In order to understand why people are ready to fight over cultural symbols and political positions we must have insight into how ideas organize enliven and define our lives Ultimately as Haberski and Hartman show in this volume the best route through our contemporary American labyrinth is the path that traces our practical and lived ideas
