work who received a decisive impulse from him for them the saga of Nathan S derblom inspiring their loftiest thoughts and achievements is no story of the past So the following pages will be neither hagiography nor a monograph for experts but directed to the wider circle of those for whom the struggle for church reunion social peace and international good will forms an important part of their spiritual life From the Preface *Reinhold Niebuhr* D. R. Davies, 2019-09-19 Excerpt from Reinhold Niebuhr Prophet From America In this he is a very untypical American but very typical of prophetic Christianity In his sociological thinking he has anticipated a whole social development He has kept one step ahead of history That is what makes him a prophetic Christian revolutionary But also it is what makes him difficult for so many good uncomplicated souls to understand About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Nicolas Berdyaev and the New Middle Ages* Evgheny Lampert, *Autopsy of Revolution* Jacques Ellul, 2012-06-13 In this significant and very timely book the author of *The Technological Society* *The Political Illusion* and *Propaganda* asks a tremendous question and shows that the answer we give it is decisive for the future of our society Can we learn from history what revolution really is necessary for our survival That is can we distinguish between senseless ineffectual revolt or rebellion and a genuine revolution that can alter fundamentals In his basic closely reasoned way Jacques Ellul examines past and recent history in light of the current overwhelming preoccupation with revolution which seems to have become the daily bread of Western man's thoughts and actions the immediate explanation for every historical movement Ellul insists on examining the possibility that today we are projecting onto past events a fairly recent and distorted image of revolution The new image was created by Marx in the nineteenth century and Ellul questions how long we can continue to live on his legacy More important he suggests that Marx may have brought about an abrupt deviation of the necessary revolutionary current and given a false meaning to the word revolution Is all our talk about Marxian revolution talk about reality or a way of filling a void with words Finally among so many social eddies and agitations are we today caught up in a really revolutionary movement or are we being led into blind combat by false lights that in reality are reflections in distorting mirrors Are we capable of discerning the real Revolution the needed Revolution Ellul does not map out a route in detail he clears paths into the future making it possible for a route to be found His masterly book should help to change our thinking and therefore our future **The Living Church**, 1947 **A General History of the Christian Era: The Protestant revolution** Anthony Guggenberger, 1901 [A General History of the Christian Era: The social revolution. 9th ed. 1918](#) Anthony Guggenberger, 1913 [A General History of the Christian Era: The Protestant](#)
