

Modern History Of Japan

Conrad Totman

Modern History Of Japan:

A Modern History of Japan Andrew Gordon, 2009 A Modern History of Japan From Tokugawa Times to the Present Second Edition paints a richly nuanced and strikingly original portrait of the last two centuries of Japanese history It takes students from the days of the shogunate the feudal overlordship of the Tokugawa family through the modernizing revolution launched by midlevel samurai in the late nineteenth century the adoption of Western hairstyles clothing and military organization and the nation's first experiments with mass democracy after World War I Author Andrew Gordon offers the finest synthesis to date of Japan's passage through militarism World War II the American occupation and the subsequent economic rollercoaster The true ingenuity and value of Gordon's approach lies in his close attention to the non elite layers of society Here students will see the influence of outside ideas products and culture on home life labor unions political parties gender relations and popular entertainment The book examines Japan's struggles to define the meaning of its modernization from villages and urban neighborhoods to factory floors and middle managers offices to the imperial court Most importantly it illuminates the interconnectedness of Japanese developments with world history demonstrating how Japan's historical passage represents a variation of a process experienced by many nations and showing how the Japanese narrative forms one part of the interwoven fabric of modern history This second edition incorporates increased coverage of both Japan's role within East Asia particularly with China Korea and Manchuria as well as expanded discussions of cultural and intellectual history With a sustained focus on setting modern Japan in a comparative and global context *A Modern History of Japan* Second Edition is ideal for undergraduate courses in modern Japanese history Japanese politics Japanese society or Japanese culture

Modern History of Japan Andrew Gordon, 2014 *A Modern History of Japan* takes students from the days of the shogunate to the aftermath of the 2008 tsunami This third edition incorporates increased coverage of both Japan's role within East Asia particularly with China Korea and Manchuria as well as expanded discussions of cultural and intellectual history

Modern History of Japan, International Edition Andrew Gordon, 2013-12 The bestselling textbook on Modern Japan extensively revised to cover Japan's tumultuous recent history including the events of 3 11

Japan, a Modern History James L. McClain, 2002 *Japan A Modern History* provides a comprehensive narrative that integrates the political social cultural and economic history of modern Japan from the investiture of Tokugawa Ieyasu in 1603 to the present

The Rise of Modern Japan William G. Beasley, 2000 This book covers the history of Japan from the mid 19th century up to the present day It charts the spectacular rise of a society which leapt in little more than a generation from late feudal to early industrial forms of organisation an exceptionally disturbing experience for the Japanese as they left behind the traditional and Asian and moved towards the modern and Western It examines the violent thirties and an Empire won and lost between 1937 and 1945 and investigates the major changes after 1945 including the astonishing economic growth achieved since the 1950s

Early Modern Japan Conrad Totman, 1995-08 A survey of Japan's early modern period 1568-1868 that blends political

economic intellectual literary and cultural history It also introduces a fresh ecological perspective covering natural disasters resource use demographics and river control

The Modern History of Japan Gordon, 2013-03-26 The Modern History of Japan William G. Beasley, 1974 Modern Japan James L. Huffman, 2004

The civilization of Japan is an ancient one and by the time the first Western visitors arrived in 1542 the Japanese people were as highly educated as any in the world and enjoyed a sophisticated culture From the sixteenth century on the country's history was shaped by a tension between its people's thirst to understand foreign institutions and customs and their determination to assert and preserve its native traditions In Modern Japan James Huffman tells the rich and dynamic story of this history through a fascinating range of primary source documents A picture essay is dedicated to the tumultuous decade and a half following the arrival of Commodore Matthew Perry and the U S Navy in 1853 which led to an unprecedented opening of Japan to the West and accompanying turmoil While many Japanese welcomed the strangers men of zeal signed blood oaths to drive out the barbarians The picture essay explores this cultural clash with American and Japanese portraits of Perry pointing up the differences in attitude toward this divisive figure and a photograph of a Japanese diplomatic mission to Washington dramatically underlining the cultural differences between the Japanese and the Westerners The essay also demonstrates the new mixture of cultures as traditional Japanese art forms depict the lively foreign business district in Yokohama This cultural clash led to peasant uprisings and a coup illustrated in ink and paint that brought an end to the stable introverted Tokugawa rule and signaled the beginning of a new era for Japan Other primary sources in this collection include memoirs school textbooks the prison diary of a woman involved in a plot to assassinate the emperor political speeches a chilling eyewitness account of the dropping of the atomic bomb on Hiroshima and a comic book description of Adam Smith's economic theories Taken with the author's illuminating commentary these diverse voices trace Japan's history from its first uneasy interactions with the Western world to the point where Japanese culture goods and people from sushi ramen noodles karaoke videos anime and automobiles to major league baseball players have come to pervade the world as a part of the common international heritage

The Political History of Modern Japan Kitaoka Shinichi, 2018-10-10

Spanning the 130 year period between the end of the Tokugawa Era and the end of the Cold War this book introduces students to the formation collapse and rebirth of the modern Japanese state It demonstrates how faced with foreign threats Japan developed a new governing structure to deal with these challenges and in turn gradually shaped its international environment Had Japan been a self sufficient power like the United States it is unlikely that external relations would have exercised such great control over the nation And if it were a smaller country it may have been completely pressured from the outside and could not have influenced the global stage on its own For better or worse therefore this book argues Japan was neither too large nor too small Covering the major events actors and institutions of Japan's modern history the key themes discussed include Building the Meiji state and Constitution The establishment of Parliament The First Sino Japanese and Russo Japanese Wars Party

Politics and International Cooperation The Pacific War Development of LDP politics Changes in the international order and the end of the Cold War This book written by one of Japan's leading experts on Japan's political history will be an essential resource for students of Japanese modern history and politics *A History of Japan* Kenneth Henshall, 2012-04-17 Japan's impact on the modern world has been enormous It occupies just one 300th of the planet's land area yet came to wield one sixth of the world's economic power Just 150 years ago it was an obscure land of paddy fields and feudal despots Within 50 years it became a major imperial power it's so called First Miracle After defeat in the Second World War when Japan came close to annihilation within 25 years it recovered remarkably to become the world's third biggest economy it's Second Miracle It is now not only an economic superpower but also a technological and cultural superpower True miracles have no explanation Japan's miracles do The nation's success lies in deeply ingrained historical values such as a pragmatic determination to succeed The world can learn much from Japan and its story is told in these pages Covering the full sweep of Japanese history from ancient to contemporary this book explores Japan's enormous impact on the modern world and how vital it is to examine the past and culture of the country in order to fully understand its achievements and responses Now in its third edition this book is usefully updated and revised The Modern History Of Japan W. G. Beasley, 2022-10-27 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **The Modern History Of Japan** W G Beasley, 2023-07-22 Delve into the rich historical tapestry of Japan from ancient times to the present day This insightful book covers all major periods in Japanese history and provides a comprehensive overview of key events influential figures and cultural developments This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *The Modern History of Japan* William Gerald Beasley, 1967 Modern Japan Mikiso Hane, 1992-04-19 In this newly revised edition of his readable and thoughtful survey Mikiso Hane presents the essential facts of modern Japanese history He integrates political events with the cultural and economic activities of each period and is particularly sensitive to the conditions of life in all strata of the population The new edition covers a variety of important developments

through the early 1990s giving special consideration to how traditional Japanese modes of thought and behavior have affected these recent developments As background for his study of the modern era Hane summarizes the early history of Japan with due attention to institutions that have molded the nature of Japanese society including Shinto the Emperor system Buddhism and feudalism Hane then sets the stage for modern Japan with a detailed and analytical discussion of the Tokugawa period The survey takes on immediacy as it chronicles the growth of Westernization in the nineteenth century and the ascendancy of militarism in the twentieth The chapters on Meiji Japan balance politics and economics with a close look at social conditions education and religion The story of Japan's role in World War II its defeat in 1945 and the occupation is told dispassionately but from a Japanese vantage point Hane's portrait of life in postwar Japan is enriched by material on contemporary literature Japanese youth culture and other intellectual developments The last chapter focuses on the dramatic economic surge since 1970 and the accompanying social changes in life style and attitudes particularly for women and the working class Reiterating themes that permeate the book a final section reviews Japan's relations with the outside world especially with the United States and the ongoing tension between the old and the new the traditional and the modern A useful bibliography and well chosen illustrations enhance the text

The Political History of Modern Japan Kitaoka Shinichi, 2018-10-10 Spanning the 130 year period between the end of the Tokugawa Era and the end of the Cold War this book introduces students to the formation collapse and rebirth of the modern Japanese state It demonstrates how faced with foreign threats Japan developed a new governing structure to deal with these challenges and in turn gradually shaped its international environment Had Japan been a self sufficient power like the United States it is unlikely that external relations would have exercised such great control over the nation And if it were a smaller country it may have been completely pressured from the outside and could not have influenced the global stage on its own For better or worse therefore this book argues Japan was neither too large nor too small Covering the major events actors and institutions of Japan's modern history the key themes discussed include Building the Meiji state and Constitution The establishment of Parliament The First Sino Japanese and Russo Japanese Wars Party Politics and International Cooperation The Pacific War Development of LDP politics Changes in the international order and the end of the Cold War This book written by one of Japan's leading experts on Japan's political history will be an essential resource for students of Japanese modern history and politics

The Cambridge History of Japan John Whitney Hall, 1991 This comprehensive work surveys the historical events and developments in Japan's polity economy society and culture

Modern Japan Elise Tipton, 2017-09-19 This thoroughly revised and updated third edition of *Modern Japan* provides a concise and fascinating introduction to the social cultural and political history of modern Japan Ranging from the Tokugawa period to the present day Tipton links everyday lives with major historical developments charting the country's evolution into a modernized economic and political world power Drawing on the latest research the book features new material on the global financial crisis the Fukushima nuclear disaster and continuing political instability

While retaining analysis of women's issues, minorities, and popular culture, this third edition's expanded coverage of Japan's role in the Second World War, life in the empire, and the history of science, medicine, and technology contributes to a sense of the complexity and diversity of modern Japan. Including an updated chronology, glossary, and guide to further reading, as well as new maps and illustrations to help students engage directly with the subject matter, this highly accessible and comprehensive textbook is an essential resource for students, scholars, and teachers of Japanese history, politics, culture, and society.

History of Modern Japan Christopher Harding, 2020-06-30 ING_08 Review quote *Studies in the Institutional History of Early Modern Japan* John Whitney Hall, Marius B. Jansen, 2015-03-08 This study contains twenty-two essays by leading historians on the Tokugawa Period (1600-1868), eight of which have never before been published. The Tokugawa Period has long been seen as one of Eastern feudalism, awaiting the breakthrough that came with the Meiji enlightenment and the opening of Japan to the West. The general thrust of these papers is to show that in many institutional aspects, Japan was far from backward before the Meiji Period, and that many of the preconditions of modernization were present and developing much earlier than has generally been believed. This collection will be particularly valuable to students and scholars of comparative and Japanese modernization. Originally published in 1968, The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.
