**Modern Japanese Prints - Statler** Oliver Statler,2012-10-09 Featuring over 100 unique prints Modern Japanese Prints is a testament to the continuity of Japanese art and creativity By far the most vitally creative group of artists working in Japan today modern print makers are truly international in appeal Although they owe much of their

heritage to the famous ukiyoe techniques of the past they depart from their forebears in at least two important respects In the first place whereas in the ancient ukiyoe tradition a print was the joint production of three men the artist designer the artisan who carved the blocks and the printer these modern artists perform all these functions themselves thus satisfying their demands for individual artistic expression at every step of the creative process Another distinguishing feature of this artistic school is that its inspiration is derived neither solely from its own Japanese past nor solely from the West This book carefully traces the history of the modern print movement through detailed discussions of the life and work of twenty nine of its most noteworthy and representative artists It describes vicissitudes which the movement has undergone and the high artistic ideals which have motivated its members in spite of public apathy and the hostility of the traditionalists

**Japanese Printmakers of the Twentieth-Century Renaissance**  Florian Knothe, 2025-02-18 This publication and the

accompanying exhibition presents the vital contributions of two of Japan's most remarkable artists Kurosaki Akira and Nakabayashi Tadayoshi who participated in and influenced the twentieth century renaissance of printmaking in Japan This cultural phenomenon grew as the artists underwent rigorous training while maintaining a robust interest in traditional printing methods such as the world renowned woodblock technique Coupled with their innovative experimentation the two printers spearheaded a revival that expanded upon established printing techniques The unusual juxtaposition of two contemporary artists emphasises both Kurosaki and Nakabayashi's masterpieces and their individual contributions to the ongoing development of Japanese printmaking This pairing also highlights the distinctiveness cultural relevance and novelty of their work Both born in 1937 and similarly trained Kurosaki and Nakabayashi pursued different topics and employed distinctive colour palettes Despite these differences they both excelled at abstract artmaking and are celebrated for their masterful storytelling While this resurgence of creative printmaking was propelled by technical invention and newly emerging abstract styles its themes engaged with the rapid transformations of post war Japan The era saw a trend toward self expression and ushered in an unprecedented age of experimentation and innovation in the arts Following the publication and display of Noda Tetsuya's work in 2022 this complementary project benefitted again from Steven Co's generous support and knowledge as well as from Noda's informative text that makes this volume a crucial reference work that situates

Kurosaki and Nakabayashi in their respective time and place 1937-2022 **Japanese Prints** James Albert Michener, 1959 In James A Michener the Japanese print has found its ideal commentator Combining the finished literary style of an outstanding novelist with a mature knowledge of his subject he is able to bring this great art form to life in words directly communicating his understanding love and enthusiasm rather than obscuring his subject in pedantry In fact it might almost be said that he here lets the prints speak for themselves in a wealth of magnificent illustrations and apt but unobtrusive commentary It is only when one has finished the book that he realizes he has been conducted on a tour of three centuries of art a tour so carefully arranged as to give a deep understanding of the history and aesthetics of Japanese prints a new appreciation of a

superlative art The book has many other unique features So far as consonant with his aim of presenting a full survey Mr Michener has illustrated the book with lesser known masterpieces rather than with those few prints that have been reproduced almost ad nauseam Unlike earlier books this does not stop with the past century but brings the subject completely up to date introducing in the modern Japanese print some of the most exciting art being created in Japan and in the world today The book also becomes a revealing account of the collecting of Japanese prints with many valuable hints to collectors based upon the author s own experiences in gathering together one of the best print collections of recent years it is a collecting field in which many hints are needed with prices varying from 5 to 5 000 per print and with forgeries and doubtful attributions on every hand The final section of the book contains authoritative notes concerning each print prepared by Richard Lane In Mr Michener s words Dr Lane with his meticulous knowledge of Japanese and his love for ukiyo e seems certain to become America s equivalent of the great German scholar Fritz Rumpf It is appropriate that such a book should have been produced in Japan and with the unstinting support of the Honolulu Academy of Arts the increasingly important museum at the crossroads of the Pacific Where Mr Michener s collection is presently housed No effort has been spared especially in the faithfulness of the reproductions to make it a worthy example of the high standards of modern Japanese bookmaking drawing upon the same traditions and painstaking craftsmanship that produced the Japanese print Publisher s description *The Modern Japanese Print, an Appreciation* James Albert Michener,1962

### **Modern Impressions** Frank Lewis Chance,Philip and Muriel Berman Museum

of Art at Ursinus College,2005 This exhibition assembles seventy two post World War II Japanese prints by thirty six artists Together the works provide a comprehensive view of a vital and ambitious printmaking movement often referred to as sosaku hanga Most of the pieces in the exhibition are woodblock prints but unlike traditional ukiyo e which were produced

collaboratively by artists artisans and publishers the prints in this show were typically made by the artist working alone with the goal of creating a more individualistic means of expression The visual content of the prints ranges from figurative representation to pure abstraction and stylistic influences can be seen from both Asian and non Asian art *Who's who in Modern Japanese Prints* Frances Blakemore,1975 Lists modern Japanese print artists and provides illustrations and descriptive commentary on the style and technique of more than one hundred leading artists in the media of etching woodblock silkscreen lithograph and intaglio

**Noda Tetsuya's Diary of Contemporary Japanese Prints** 野田哲也の日記  
Kuldip K. Singh 2022-11-15 Influenced by his upbringing in post war Japan and the ideological social economic and artistic transformations of the era Noda Tetsuya started to build a diary of prints in the 1960s recording his daily life and mastering the challenge of documenting the reality around him in both true and artistic fashion Works presented in this publication offer unparalleled insights into the artist s hand skills and color palette as well as his intense personal feelings and trademark humility Few printmakers are quite as exploratory in terms of their technique and so precise in their choice of depicted subjects Noda Tetsuya s Diary of Contemporary Japanese Prints represents the long accumulated knowledge of a well practiced artform by one of Japan s bestestablished artists while also documenting in true diary fashion events that have shaped his personal life while also standing for the collective experience of Noda s generation and the societal change witnessed over the last several decades 1960
