THE NECESSARY NATION

Necessary Nation

René Grotenhuis

Necessary Nation:

The Necessary Nation Gregory Jusdanis, 2001-01-01 Through a series of critical readings of multicultural postcolonial and globalization theories the author reveals how nationalism enables people to defend their distinctive ways of life to fight colonial oppression and to build an independent society of citizens He explains why people over the last two hundred years have politicized their ethnic identities and have sought a union of culture and power within an autonomous nation state While seeking to defend nationalism Jusdanis also examines its potential to unleash extraordinary violence into the world He thus proposes federalism as a political solution to the challenges posed by nationalism and globalization

Nation-Building as Necessary Effort in Fragile States René Grotenhuis, 2025-10-01 Policies intended to bring stability to fragile states tend to focus almost exclusively on building institutions and systems to get governance right Simply building the state is often seen as sufficient for making it stable and legitimate But policies like these Ren Grotenhuis shows in this book ignore the question of what makes people belong to a nation state arguing that issues of identity culture and religion are crucial to creating the sense of belonging and social cohesion that a stable nation state requires
