Many of the stories novellas here will have only been done in limited print runs such as in fanzines magazines pamphlets special editions or online magazines It's a mixed genre of stories and these are what Brian considers the best of the rest of the stories in his body of work We've got 111 000 words in this collection so that means lots of enjoyment in what is likely the last collection coming from Brian The Challenge As some fools do But do you dare Yes Well don't The Man Who Photographed Beardsley They should have been pictures from life or was he simply impatient The Cyprus Shell There are some you can eat while others have their own pick me ups Clean Slate If you're in debt to the Devil don't mess with look a like sisters The Deep Sea Conch Some species build nests while others are much like the cuckoo The Ugly Act But what's a pimple or two if there's only you Irving's Story Her downstairs knew best every time The Running Man It may be true you can run but as for finding a place to hide Somebody Calling The only way she could He simply had to listen harder Vanessa's Voice Both beautiful and deadly The Vehicle Some might think of him that way others as a dyadic personality Mandraki Take care who you lie down with and where Two Stone Tom Yes except he was an entire science heavier than that The Long Last Night Was it just a myth or a Mythos The Weird Wines of Naxas Niss A wizard's stolen potion is another man's gateway to Nirvana maybe Stealer of Dreams Always remember once they're gone they might stay gone     Short Tall Tales Brian Lumley,2023-03-11 And that is exactly what this book is a varied collection of short stories from the acknowledged British master of Horror Fantasy and Science Fiction Brian Lumley in a single volume of all three domains of the imagination but more especially the haunts of the sinister and macabre Inspired by the weird tales of the great Edgar Allan Poe and as some

readers might reasonably insist the even greater H P Lovecraft himself an admirer of Poe here is a host of rather more modern witcheries from times since the sad demise of many such old masters based on eras long forgotten before all such tale tellers so much as existed concepts spawned in an immemorial past that even now continues to provide the source and fundamentals of similar conceits such as they were in the shape of folk legends and the frequently monstrous cautions of so called fairy tales in modes made their own by the antique yarns of the Brother s Grimm now sadly long demised a fact which in itself says a lot for the longevity of these genres Stories included in this collection The Man in the Dream Late Shopping Spider in the Bath Memory The Lecture Hell Is a Personal Place Problem Child The Sorceror s Dream Mother Love Not a Creature Was Stirring In the Glow Zone Little Man Lost Snarker s Son What Dark God The Strange Years The Man Who Saw No Spiders Swamped A Really Game Boy A Dreamer s Tale In Dublin s Fair City As well as three short stories in just fifty words each and four favourite poems from Ghoul Warning     *No Sharks in the Med* Brian Lumley,2022-01-08 Prior to the first American Publication of Brian Lumley s ground breaking dead waking best selling Necroscope in 1988 the first novel in a long lived much loved series this British author had for twenty years been earning an envious reputation writing short stories novellas and a series of novels set against H P Lovecraft s cosmic Cthulhu Mythos backdrop In addition and for a further twenty years Lumley s non Mythos Fantasy SF and Horror stories have been appearing on a regular basis in some of the world s most famous publications for example The Magazine of Fantasy Science Fiction and Weird Tales along with anthologies such as Karl Edward Wagner s Year s Best Horror Stories Charles L Grant s Final Shadows and Kirby McCauley s Frights among others With his multiple award winning literary career now spanning over four decades Lumley continues to write his superior fictions examples of which from each of those decades can be found in this current collection where Weird Tales itself is represented by no less than five stories Stories included in this collection Fruiting Bodies The Sun the Sea and the Silent Scream The Picnickers The Viaduct The Luststone The Whisperer No Sharks in the Med The Pit Yakker The Place of Waiting The Man who Killed Kew Gardens My Thing Friday The Disapproval of Jeremy Cleave     *The Fly-By-Nights* Brian Lumley,2022-01-08 150 years ago the world ended Bombs fell winter came and the survivors fled underground in search of safety Now they struggle to preserve what s left sleeping by day and battling fearsome vampiric fly by nights after sunset Resources are scarce and security is scarcer in this fallout poisoned world but one subterranean clan of hardy souls clings to life scavenging and scraping by until their water supply goes catastrophically bad Forced to seek a new life above they leave their long time home to caravan across the stricken planet s surface where the light is toxic and the night hides unspeakable monsters It is a difficult existence without promise or direction until word from a band of fellow refugees fizzes through the choppy radio static The Kindred promise help companionship and a new settlement in a distant valley if only the clan can reach them For between the Kindred and the Clan stand a hundred miles of impossible terrain and countless fly by nights and within the Clan itself trouble brews when two very different men fight for the love of one woman who has already made

There have been several editions of this book Now it comes to you with five additional poems that have been found in recent years It is believed there is only one poem that remains lost In the Acrostics section you will find Fantasy Crossroads Pesh Tlen The Skull of HPL and Maggot In Odds and Ends section you will find A Dreamer The least of Lumley s books this one is the rarest and the most sought after by collectors The least not only because it s a very slim volume but also because it s a book of poetry and the author doesn t claim to be a poet any more than he would claim to be a watchmaker And if he did claim to be a poet well he knows it would be disputed First published by Spectre Press in 1982 if you were lucky enough to
