Nederlanders Overzee:

Denial: The Final Stage of Genocide? John Cox, Amal Khoury, Sarah Minslow, 2021-09-21 Genocide denial not only abuses history and insults the victims but paves the way for future atrocities. Yet few if any books have offered a comparative overview and analysis of this problem. Denial: The Final Stage of Genocide is a resource for understanding and countering denial. Denial spans a broad geographic and thematic range in its explorations of varied forms of denial which is embedded in each stage of genocide. Ranging far beyond the most well known cases of denial, this book offers original pathbreaking arguments and contributions regarding competition over commemoration and public memory in Ukraine and elsewhere, transitional justice in post conflict societies, global violence against transgender people which genocide scholars have not adequately confronted, music as a means to recapture history and combat denial, public education's role in erasing Indigenous history and promoting settler colonial ideology in the United States, triumphalism as a new variant of denial following the Bosnian Genocide, denial vis-à-vis Rwanda and neighboring Congo DRC. With contributions from leading genocide experts as well as emerging scholars, this book will be of interest to scholars and students of history, genocide studies, anthropology, political science, international law, gender studies and human rights.

Japan's Economy by Proxy in the Seventeenth Century, *Lords of the Sea: The Ali Rajas of Cannanore and the Political Economy of Malabar (1663-1723)* Binu John Mailaparambil, 2011-11-11 Focusing mainly on the Mappila Muslim trading family of the Arackal Ali Rajas, this book throws light on the repercussions of European commercial expansion on the traditional socio political relations in the South Indian kingdom of Cannanore during the early modern period. *Slavery and Slaving in World History: A Bibliography, 1900-91: v. 1* David Y Miller, 2019-07-23 This bibliography of 20th century literature focuses on slavery and slave trading from ancient times through the 19th century. It contains over 10 000 entries with the principal sections organizing works by the political, geographical frameworks of the enslavers.

Macao - The Formation of a Global City C.X. George Wei, 2013-11-07 Macao, the former Portuguese colony in southeast China, has a long and very interesting history of cultural interaction between China and the West. Held by the Portuguese from the 1550s until its return to China in 1999, Macao was up to the emergence of Hong Kong in the later nineteenth century the principal point of entry into China for all Westerners, Dutch, British and others, as well as Portuguese. The relatively relaxed nature of Portuguese colonial rule, intermarriage, the mixing of Chinese and Western cultures and the fact that Macao served as a safe haven for many Chinese reformers at odds with the Chinese authorities, including Sun Yat-sen, all combined to make Macao a very different and special place. This book explores how Macao was formed over the centuries. It puts forward substantial new research findings and new thinking and covers a wide range of issues. It is a companion volume to Macao: Cultural Interaction and Literary Representations.

Asia otherwise known as the Estado da Índia Oriental has been far less studied than the Spanish empire in America its
counterpart in the Western hemisphere It differed from that vast entity in that it was essentially a maritime trading operation
held together by strategic territories such as Goa Ceylon or Macau For more than a century these afforded it control of much
of the Indian Ocean As Professor Winius shows it was certainly the most peculiar and colourful operation that existed in the
history of European expansion even giving rise to a second shadow empire created by escapees and renegades from its royal
administration Some of these essays reflect on Portuguese involvement in other areas notably the Atlantic and the impact
this had in the East but their focus is on the Portuguese in South and Southeast Asia They describe its nature and its rise and
fall from the first voyage of Vasco da Gama to its dismemberment by the Dutch in the mid seventeenth century and include
studies on the jewel trade and on the Renaissance in Goa The First Dutch-Persian Commercial Conflict Willem M.
Floor,Mohammad Hassan Faghfoory,2004 The authors challenge the conventional wisdom that the Safavid economy was
subservient to the exploitative practices of European Companies and demonstrate that the relationship between Dutch
traders and the Safavid court was at best one of privileged guests where the Shah and his court tolerated the Dutch to make
a profit
