Hingorani,1989 **Nehru's Foreign Policy** R. C. Hingorani,1989 **The Legacy of Nehru** ,2025-10-27 Even after 127 years Jawaharlal Nehru remains a beacon for India He was a titan who provided the architecture of contemporary India The credit for much of India s progress in myriad fields goes to him This volume however is not a eulogy to that great visionary It provides rather a critical examination of his legacy in various fields such as his promotion of India as the Union of federating states building up of the structure of democratic institutions enunciation of viable foreign policy laying the path of economic development on the foundations of equality and cultivating secular ethos The primary objective of the book is to assess the imprint that Nehru has left behind and the impact that his thoughts and actions produced on the people of the present and succeeding generations The volume deliberates on the question whether Nehru had a well defined economic ideology or foreign policy which could be given a recognized label It also focuses on how Nehru handled the various sectors and institutions of society While this volume praises Nehru for providing a durable basis for India s democratic institutions and for endowing them with much legitimacy it also evaluates many of his negative legacies such as license raj the border problems with China and Pakistan divisive domestic electoral politics politicization of minorities as vote banks the Kashmir problem and corruption in public life

Partnerships, Breaching New Frontiers Rejaul Karim Laskar,2022-07-11 The decade 2004 14 when the two United Progressive Alliance UPA governments led by prime minister Manmohan Singh were in office was a remarkable milestone in the history of India s diplomacy The period saw a significant transformation in the way India deals with the external world Under the quiet and active leadership of prime minister Manmohan Singh India established important strategic partnerships managed key security challenges carved out a position of influence in core domains of global governance and fostered the economic development and socio political stability of its neighbourhood The ten years of UPA rule has been a crucial passage in the evolution of India s foreign policy and yet this period has been until now curiously understudied This book bridges this puzzling gap in the literature In this book seventeen eminent scholars of international relations drawn from leading universities around the world examine and debate India s diplomacy during this period This is the first comprehensive

assessment of the transformations brought by the UPA governments in India's foreign policy. It offers a wide ranging analysis of India's bilateral relations and engagements with important geographic regions as well as insight into India's diplomacy on major issue areas such as international trade, nuclear policy, maritime security, energy and UN Security Council reform.
