political and social history on its novelists from the 1890s to the 1990s Craig argues that the Scottish novel has had to develop a highly specific set of formal techniques to cope with a situation in which the dominance of the English language is challenged by the survival of the rich inheritance of Scots speech and in which the continuing effects of Calvinism imply that all fiction is necessarily deceitful when not actually diabolic Craig also sets the Scottish novel in the specific traditions of Scottish intellectual life from J G Frazer to John Macmurray and R D Laing The Modern Scottish Novel provides the intellectual and artistic context for some of the most exciting and challenging contemporary writing in English The Novels of Neil M. Gunn Margery Palmer McCulloch,1987 **The Contemporary Novel** Irving Adelman,Rita Dworkin,1997-10-09 In this new edition what was already an expansive work has been updated and further enlarged to include information not only on American and British novelists but also on writers in English from around the world
