Neptus El Extraterrestre:

Neptune's Fortune Julian Sancton, 2026-01-27 The riveting true story of a legendary Spanish galleon that sunk off the coast of Colombia with over 1 billion in gold and silver and one man's obsessive quest to find it from the New York Times bestselling author of *Madhouse at the End of the Earth* Roger Dooley wasn't looking for the San Jos But an accidental discovery in the dusty stacks of a Spanish archive led him to the story of a lifetime the tale of a great eighteenth century treasure ship loaded with riches from the New World and destined for Spain But that ship the galleon San Jos met a darker fate It was drawn into a pitched battle with British ships of war off the coast of Cartagena and when the smoke cleared the San Jos and its bounty had disappeared into the ocean its coordinates lost to time Though a diver at heart Dooley was an unlikely candidate to find the San Jos He had little in the way of serious credentials yet his tenacity and single minded devotion to finding and excavating the ship powered him across four decades even as he became a man in exile from the country of his birth As Dooley jousts with famous treasure hunters and well funded competitors he slowly homed in on a patch of sea that might contain a three hundred year old shipwreck or nothing at all Neptune's Fortune is a thrilling adventure taking readers from great naval battles on the high seas to the sun soaked shores that nurtured history's most notorious treasure hunters to the archives that held the secret keys to lost fortune on the ocean floor *Exoplanets and Alien Solar Systems* Tahir Yaqoob, 2011 An unprecedented number of planets outside of the solar system have been found with an explosion in the number of discoveries in recent years Find out what has been happening in this rapidly advancing arena of human exploration what these extrasolar planets are like and why some traditional ideas face being thrown out
