Netherlands Yearbook Of International Law:

Netherlands Yearbook of International Law 2019 Otto Spijkers, Wouter G. Werner, Ramses A. Wessel, 2020-12-02 This volume of the Netherlands Yearbook of International Law NYIL is the fiftieth in the Series which means that the NYIL has now been with us for half a century The editors decided not to let this moment go by unnoticed but to devote this year's edition to an analysis of the phenomenon of yearbooks in international law Once the decision was made that this would be the subject of this year's NYIL the editors asked themselves a number of questions For instance Not many academic disciplines have yearbooks so what is the reason we do What is the added value of having a yearbook alongside the abundance of international law journals regular monographs and edited volumes that are published on a yearly basis Does the existence of yearbooks tell us something about who we are or who we think we are or what we have to contribute to the world These questions will be addressed both in a general and in a specific sense whereby a number of yearbooks published all over the world will be looked at in further detail The Netherlands Yearbook of International Law was first published in 1970 It offers a forum for the publication of scholarly articles in a varying thematic area of public international law

Netherlands Yearbook of International Law T. M. C. Asser Institute Staff, 1997-06-26 The 1996 Netherlands Yearbook of International Law contains expert articles on issues such as protection of cultural property in time of armed conflict the contribution of the International Law Commission to international water law effectiveness v the rule of law following the East Timor case Estoppel and the preclusive effects of inconsistent statements and conduct the practice of the Iran United States Claims Tribunal state responsibility in a liberalised world economy The documentation section surveys Dutch state practice for the parliamentary year 1994 1995 international agreements to which the Netherlands is a party Netherlands judicial decisions and municipal legislation involving questions of public international law and Dutch literature in the field of public international law and related matters This Yearbook is included in the 1996 subscription to the Netherlands International Law Review Volume 43 **Netherlands Yearbook of International Law**, 1971 Netherlands Yearbook of International Law - 2005 P. A. Nollkaemper, 2007-12-31 Two major factors brought about the establishment of the Netherlands Yearbook of International Law in 1970 demand for the publication of national practice in international law and the desirability for legal practitioners state representatives and international lawyers to have access to the growing amount of available data in the form of articles notes etc The Documentation section contains an extensive review of Dutch state practice from the parliamentary year prior to publication an account of developments relating to treaties and other international agreements to which the Netherlands is a party summaries of Netherlands judicial decisions involving questions of public international law many not published elsewhere lists of Dutch publications in the field and extracts from relevant municipal legislation Although the NYIL has a distinctive national character it is published in English and the editors do not adhere to any geographical limitations when deciding upon the inclusion of articles *Netherlands Yearbook of International Law*, 1995 T.

M. C. Asser Instituut,1996-04-17 The 1995 Netherlands Yearbook of International Law contains expert articles on issues such as transnational terrorism limitations on the power of the UN Security Council to exercise its enforcement powers under Chapter VII of the Charter On the uniting of States in respect of treaties and the weighing of evidence in a dual national case at the Iran United States Claims Tribunal The documentation section surveys Dutch state practice for the parliamentary year 1993 1994 international agreements to which the Netherlands is a party Netherlands judicial decisions and municipal legislation involving questions of public international law and Dutch literature in the field of public international law and related matters This Yearbook is included in the 1995 subscription to the Netherlands International Law Review Volume 42

Netherlands Yearbook of International Law 1981 T M C Asser Institute,T. M. C. Asser Institute Staff,1987-06-01

Netherlands Yearbook of International Law, 1985 T M C Asser Institute,1994-05-01 **Netherlands Yearbook of International Law - 2002** L. A. M. N. Barnhoorn,Marcel M. T. A. Brus,Deidre M. Curtin,Ige F. Dekker,P. Andre Nollkaemper,2013-12-24 Two major factors brought about the establishment of the Netherlands Yearbook of International Law in 1970 demand for the publication of national practice in international law and the desirability for legal practitioners state representatives and international lawyers to have access to the growing amount of available data in the form of articles notes etc The Documentation section contains an extensive review of Dutch state practice from the parliamentary year prior to publication an account of developments relating to treaties and other international agreements to which the Netherlands is a party summaries of Netherlands judicial decisions involving questions of public international law many not published elsewhere lists of Dutch publications in the field and extracts from relevant municipal legislation Although the NYIL has a distinctive national character it is published in English and the editors do not adhere to any geographical limitations when deciding upon the inclusion of articles **Netherlands Yearbook of International Law 2014** Mónika Ambrus,Ramses A.

Wessel,2015-05-15 The Netherlands Yearbook of International Law was first published in 1970 It offers a forum for the publication of scholarly articles of a more general nature in the area of public international law including the law of the european Union One of the key functions or purposes of international law and law in general for that matter is to provide long term stability and legal certainty Yet international legal rules may also function as tools to deal with non permanent or constantly changing issues and rather than stable international law may have to be flexible or adaptive Prima facie one could think of two main types of temporary aspects relevant from the perspective of international law First the nature of the object addressed by international law or the problem that international law aims to address may be inherently temporary temporary objects Second a subject of international law may be created for a specific period of time after the elapse of which this entity ceases to exist temporary subjects These types of temporariness raise several questions from the perspective of international law which are hardly addressed from a more conceptual perspective This volume of the Netherlands Yearbook of International Law aims to do exactly that by asking the question of how international law reacts to various types of temporary

issues Put differently where does international law stand on the continuum of predictability and pragmatism when it comes to temporary issues or institutions Netherlands Yearbook of International Law 2018 Janne E. Nijman, Wouter G.

Werner, 2019-10-17 This volume of the Netherlands Yearbook of International Law explores the many faces of populism and the different manifestations of the relationship between populism and international law Rather than taking the so called populist backlash against globalisation international law and governance at face value this volume aims to dig deeper and wonders What backlash are we talking about really While populism is contextual and contingent on the society in which it arises and its relationship with international law and institutions thus has differed likewise this volume assists in our examination of what we find so dangerous about populism and problematic in its relationship with international law The Netherlands Yearbook of International Law was first published in 1970 It offers a forum for the publication of scholarly articles in a varying thematic area of public international law div **Netherlands yearbook of international law**

Netherlands International Law Review. Interuniversity Institute for International Law, T.M.C. Asser Institute, The Hague, 1977

Netherlands Yearbook of International Law 2013 Mielle K. Bulterman, Willem J.M. van Genugten, 2014-05-23 The combination of the words international law and crisis is intriguing and leads to a number of questions How does international law react to crises and what are the typical conditions under which the term crisis is invoked Is international law a vivid field of law due to and thanks to crises Are parts of international law maybe in crisis themselves To what extent has the focus on crises taken away attention from important legal questions in the day to day application of international law And does the focus on crisis undermine analytic progress amongst scholars who might think about crises as being something completely new asking for new answers while ignoring the relevance of the existing international law acquis This volume includes eight articles in the domains of human rights law migration law environmental law international criminal law WTO law and European law reflecting upon these pertinent questions basically asking do international lawyers do the things right or do they the right things The Netherlands Yearbook of International Law NYIL was first published in 1970 It offers a forum for the publication of scholarly articles of a more general nature in the area of public international law including the law of the European Union **Netherlands Yearbook of International Law 2016** Martin Kuijer, Wouter Werner, 2017-12-13

International law holds a paradoxical position with territory Most rules of international law are traditionally based on the notion of State territory and territoriality still significantly shapes our contemporary legal system At the same time new developments have challenged territory as the main organising principle in international relations Three trends in particular have affected the role of territoriality in international law the move towards functional regimes the rise of cosmopolitan projects claiming to transgress state boundaries and the development of technologies resulting in the need to address intangible non territorial phenomena Yet notwithstanding some profound changes it remains impossible to think of international law without a territorial locus If international law is undergoing changes this implies a reconfiguration of

territory but not a move beyond it The Netherlands Yearbook of International Law was first published in 1970 It offers a forum for the publication of scholarly articles of a conceptual nature in a varying thematic area of public international law

Netherlands Yearbook of International Law - 2003 Niels M. Blokker,N. J. Schrijver,2011-01-07 Two major factors brought about the establishment of the Netherlands Yearbook of International Law in 1970 demand for the publication of national practice in international law and the desirability for legal practitioners state representatives and international lawyers to have access to the growing amount of available data in the form of articles notes etc The Documentation section contains an extensive review of Dutch state practice from the parliamentary year prior to publication an account of developments relating to treaties and other international agreements to which the Netherlands is a party summaries of Netherlands judicial decisions involving questions of public international law many not published elsewhere lists of Dutch publications in the field and extracts from relevant municipal legislation Although the NYIL has a distinctive national character it is published in English and the editors do not adhere to any geographical limitations when deciding upon the inclusion of articles

Netherlands Yearbook of International Law 2011 I.F. Dekker,E. Hey,2012-06-26 The Netherlands Yearbook of International Law was first published in 1970 It has two main aims It offers a forum for the publication of scholarly articles of a more general nature in the area of public international law including the law of the European Union In addition it aims to respond to the demand for information on state practice in the field of international law Each Yearbook therefore includes documentation on Netherlands International Law practice

Netherlands Yearbook of International Law 2020 Maarten den Heijer,Harmen van der Wilt,2022-08-26 This volume of the Netherlands Yearbook of International Law NYIL addresses the question how the assumption that states have a common obligation to achieve a collective public good can be reconciled with the fact that the 195 states of today s world are highly diverse and increasingly unequal in terms of size population politics economy culture climate and historical development The idea of common but differentiated responsibilities is on paper the perfect bridge between the factual inequality and formal equality of states The acknowledgement that states can have common but still different more or less onerous obligations is predicated on the moral and legal concept of global solidarity This book encompasses general contributions on the function and the content of the related principles chapters that describe and evaluate how the principles work in a specific area of international law and chapters that address their efficiency and broader ramifications in terms of compliance free rider behaviour and shifting balances of power The originality of the book resides in the integration of conceptual comparative and practical dimensions of the principles of global solidarity and common but differentiated responsibilities The book is therefore highly recommended reading for both academics with a theoretical interest and those working within international organisations The Netherlands Yearbook of International Law was first published in 1970 It offers a forum for the publication of scholarly articles in a varying thematic area of public international law

Netherlands Yearbook of International Law, 1988 T. M. C. Asser Institute Staff,1989-02-21 Contains an

extensive review of Dutch state practice from the parliamentary year 1998 1999 **Netherlands Yearbook of International Law 2015** Maarten den Heijer, Harmen van der Wilt, 2016-08-04 Jus cogens is a formidable yet elusive concept of international law Since its incorporation in the Vienna Convention on the Law of Treaties some 35 years ago it has made tentative inroads into international legal practice But its role in international law is arguably less prominent than might have been expected on the basis of its powerful potential and in view of wider developments in international law that call for constitutionalisation and hierarchy including the processes of fragmentation and humanization This volume of the Netherlands Yearbook of International Law sets out to clarify the concepts and doctrines relevant to jus cogens and to sharpen the debate on its theoretical foundations functions and legal effects To that purpose the volume brings together contributions on the genesis and function of jus cogens on the application of jus cogens in specialised areas of international law and on its enforcement and legal consequences Together they reinforce the understanding of jus cogens as a hierarchical concept of international law and shed light on its potential for further development **Netherlands Yearbook of International Law 1998** T. M. C. Asser Institute Staff, 1999-10-11 The 1998 Netherlands Yearbook of International Law contains expert articles on issues such as new challenges to IMF jurisdiction and a perspective on provisional measures under UNCLOS The documentation section surveys Dutch state practice for the parliamentary year 1996 1997 international agreements to which the Netherlands is a party Netherlands judicial decisions and municipal legislation involving questions of public international law and Dutch literature in the field of public international law and related matters The Yearbook is included in the 1998 subscription to the Netherlands International Law Review Volume 45 *Netherlands Yearbook of International Law* T.M.C. Asser Instituut ('s-Gravenhage), 1983

Netherlands Yearbook Of International Law Introduction

In today's digital age, the availability of Netherlands Yearbook Of International Law books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Netherlands Yearbook Of International Law books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Netherlands Yearbook Of International Law books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Netherlands Yearbook Of International Law versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Netherlands Yearbook Of International Law books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Netherlands Yearbook Of International Law books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide

range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Netherlands Yearbook Of International Law books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Netherlands Yearbook Of International Law books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Netherlands Yearbook Of International Law books and manuals for download and embark on your journey of knowledge?

FAQs About Netherlands Yearbook Of International Law Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.
