# Modern Israel

**Colin Shindler**

## **Modern Israel:**

*Ancient and Modern Israel* Ira Sharkansky, 2012-02-01 This book identifies and examines those parallels between ancient and modern Israel that help to clarify the conflicts apparent in modern Israel. It discusses such contemporary issues as the Arab uprising and the Israeli government's ambivalence in dealing with it, the government's inability to come to a permanent solution concerning the territories occupied in 1967 and the lack of a clear cut consensus in the 1988 elections. By comparing these and other modern issues to those of ancient Israel, Sharkansky shows that Israel's deeply rooted problems as a nation are likely to continue occasionally punctuated by violent outbursts. [What is Modern Israel?](#) Yakov M. Rabkin, 2016-05-20 Few countries provoke as much passion and controversy as Israel. *What is Modern Israel?* convincingly demonstrates that its founding ideology Zionism is anything but a simple reaction to antisemitism. Dispelling the notion that every Jew is a Zionist and therefore a natural advocate for the state of Israel, Yakov Rabkin points to the Protestant roots of Zionism in order to explain the particular support Israel musters in the United States. Drawing on many overlooked pages of history including English, French, Hebrew, Yiddish and Russian sources, Yakov Rabkin shows that Zionism was conceived as a sharp break with Judaism and Jewish continuity. Israel's past and present must be seen in the context of European ethnic nationalism, colonial expansion and geopolitical interests rather than as an incarnation of Biblical prophecies or a culmination of Jewish history.

*My Country* Abba Solomon Eban, 1972 The Israeli Minister of Foreign Affairs discusses the birth of the Jewish state and the key leaders and issues that have affected its development. [A History of Modern Israel](#) Colin Shindler, 2013-03-25 Colin Shindler's remarkable history begins in 1948 as waves of immigrants arrived in Israel from war-torn Europe to establish new cities, new institutions and a new culture founded on the Hebrew language. Optimistic beginnings were soon replaced with the sobering reality of wars with Arab neighbours, internal ideological differences and ongoing confrontation with the Palestinians. In this updated edition, Shindler covers the significant developments of the last decade, including the rise of the Israeli far right, Hamas's takeover and the political rivalry between Gaza and the West Bank. Israel's uneasy dealings with the new administration in the United States, political Islam and the potential impact of the Arab Spring on the region as a whole. This sympathetic yet candid portrayal asks how a nation that emerged out of the ashes of the Holocaust and was the admiration of the world is now perceived by many Western governments in a less than benevolent light.

**Politics and Society in Modern Israel** Adam Garfinkle, 2015-03-04 With full coverage of recent dramatic events in Israeli politics from the Rabin assassination through the May 1996 elections, this work provides an up-to-date introduction to Israeli politics and society. It seeks to convey a strong sense of everyday life in Israel, the nuances and contradictions of Israeli identity, the ethnic composition and institutional structure of Israeli society, as well as Israeli political culture and the issues that dominate the country's domestic and foreign policy. [Return to Zion](#) Eric Gartman, 2015-11 The history of modern Israel is a story of ambition, violence and survival. *Return to Zion* traces how a scattered and stateless people reconstituted

themselves in their traditional homeland only to face threats by those who during the many years of the dispersion had come to regard the land as their home This is a story of the ingathering of the exiles from Europe to an outpost on the fringes of the Ottoman Empire of courage and perseverance and of reinvention and tragedy Eric Gartman focuses on two main themes of modern Israel reconstitution and survival Even as new settlers built their state they faced constant challenges from hostile neighbors and divided support from foreign governments as well as being attacked by larger armies no fewer than three times during the first twenty five years of Israel's history Focusing on a land torn by turmoil Return to Zion is the story of Israel the fight for independence through the Israeli Independence War in 1948 the Six Day War of 1967 and the near collapse of the Israeli Army during the 1973 Yom Kippur War Gartman examines the roles of the leading figures of modern Israel Theodor Herzl Chaim Weizmann David Ben Gurion Golda Meir Moshe Dayan Yitzchak Rabin and Ariel Sharon alongside popular perceptions of events as they unfolded in the post World War II decades He presents declassified CIA White House and US State Department documents that detail America's involvement in the 1967 and 1973 wars as well as proof that the Israeli attack on the USS Liberty was a case of mistaken identity Return to Zion pulls together the myriad threads of this history from inside and out to create a seamless look into modern Israel's truest self *Understanding Modern Israel* Julia Fisher, 2021-08-20 To understand the complexity of modern Israel you have to first understand the history This is a nation that has been exiled not once not twice but three times and each time has returned to re-inhabit their homeland This is unique How and why has this happened This book encourages an audience who thinks Israel is an irrelevant issue to think again and understand what God has done and is doing through this small nation This Bible is after all a Jewish book Jesus was Jewish Our destiny is tied up in both **The LITERATURE of MODERN ISRAEL** Reuben Wallenrod, 1956 *American Christian Support for Israel* Eric R. Crouse, 2014-10-28 The dominant political theme of the State of Israel is the perpetual quest for security In its first 25 years Israel experienced five wars with Arab states declaring their goal to destroy Israel In American Christian Support for Israel Standing with the Chosen People 1948 1975 Eric R Crouse examines how American Christians responded to Israel's wars and the persistent threats to its security While some were quick to condemn Israel as it made difficult and unpopular decisions in its fight for survival in a hostile region conservative Christians were trustworthy supporters routinely voicing uplifting reports Crouse argues that Israel's embodiment of western ideals and its remarkable economic development gave conservative Christians good reasons to favor Israel in a troubled Middle East but the main reason for their unconditional support was the key biblical text of Christian Zionism I will bless those who bless you Abraham and his descendants and I will curse him who curses you Genesis 12:3

**The Making of Modern Israel** Leslie Stein, 2013-05-20 On May 14 1948 the State of Israel was declared announced by David Ben Gurion at a small gathering that assembled in the main hall of the Tel Aviv Art Museum Within a time frame of only nineteen years culminating in the Six Day War Israel fought three separate wars But within its first four years thanks to

mass immigration its population doubled Furthermore Israel had been confronted with acute economic difficulties intra Jewish ethnic tensions a problematic Arab minority and a secular religious divide Apart from defence issues Israel faced a generally hostile or at best indifferent international community rendering it hard pressed in securing great power patronage or even official sympathy and understanding Based on a wide range of sources both in Hebrew and English this book contains a judicious synthesis of the received literature to yield the general reader and student alike a reliable balanced and novel account of Israel's fateful and turbulent infancy     **Israel, Jordan, and Palestine** Asher Susser,2012 An astute assessment of the relationship between Israel Jordan and the Palestinians with scenarios for the future of Palestinian statehood

**The Land of Blood and Honey** Martin van Creveld,2025-08-22 The definitive one volume history of Israel by its most distinguished historian From its Zionist beginnings at the end of the nineteenth century through the past sixty tumultuous years the state of Israel has been as van Creveld argues the greatest success story in the entire twentieth century In this crisp volume he skillfully relates the improbable story of a nationless people who given a hot and arid patch of land and coping with every imaginable obstacle founded a country that is now the envy of surrounding states While most studies on Israel focus on the political this encompassing history weaves together the nation's economic social cultural and religious narratives while also offering diplomatic solutions to help Israel achieve peace Without question this is the best one volume history of Israel and its people     Israel Among the Nations Anatole Leroy-Beaulieu,1895     Zion and State Mitchell

Cohen,2026-01-16 Zion and State explores the origins of the struggle between the left and right in Israel and the Zionist movement Mitchell Cohen traces the emergence of Jewish nationalism and modern Jewish political ideologies in the late nineteenth century the birth of Zionist political parties at the time of Theodor Herzl and the genesis of Israeli politics through the first fifteen years of Jewish statehood Analyzing the political battles of the 1920s and 1930s Cohen shows how the Zionist Labor movement led by David Ben Gurion defeated the challenge of the right wing Revisionist Zionists led by Vladimir Jabotinsky demonstrating how the growing dominance of Labor made the birth of Israel possible At the same time the author argues that once in power the labor movement's long term policies were ultimately self defeating and helped to lay the groundwork for its own undoing in the 1970s This new and expanded edition of Zion and State includes a new preface and a new essay Between Revolution and Normalcy     **The Banner of Israel** ,1915     **From the Heart of Israel** Bernard

Drachman,1905     **Contemporary Israel** Frederick E. Greenspahn,2016-08-09 For a country smaller than Vermont with roughly the same population as Honduras modern Israel receives a remarkable amount of attention For supporters it is a unique bastion of democracy in the Middle East while detractors view it as a racist outpost of Western colonialism The romanticization of Israel became particularly prominent in 1967 when its military prowess shocked a Jewish world still reeling from the sense of powerlessness dramatized by the Holocaust That imagery has grown ever more visible with Israel's supporters idealizing its technological achievements and its opponents attributing almost every problem in the region if not

beyond to its imperialistic aspirations The contradictions and competing views of modern Israel are the subject of this book There is much to consider about modern Israel besides the Middle East conflict Over the past generation a substantial body of scholarship has explored numerous aspects of the country including its approaches to citizenship and immigration the arts the women s movement religious fundamentalism and language but much of that work has to date been confined within the walls of the academy This book does not seek not to resolve either the country s internal debates or its struggle with the Arab world but to present a sample of contemporary scholars discoveries and discussions about modern Israel in an accessible way In each of the areas discussed competing narratives grapple for prominence and it is these which are highlighted in this volume

**The Hope Fulfilled** Leslie Stein,2003-03-30 Blending an analysis of general political diplomatic and military trends with a description of how Zionist pioneers coped with ongoing social developments and challenges Stein recounts the events that would ultimately lead to the formation of the State of Israel in May 1948 The study begins with the wave of Russian pogroms that erupted in 1882 and stimulated an interest in Jewish migration to Palestine Stein proceeds to the experiences of the first batch of settlers as they established farms fostered the rejuvenation of Hebrew and coped with the local Arab population He examines how Theodore Herzl s worldwide modern Zionist movement gathered momentum and led to a further increase in Jewish settlement in Palestine This book covers key events such as the pioneering efforts to establish collective farms the inauguration of Jewish defense organizations the Balfour Declaration and the formation of the British Mandate Stein focuses on the gradual but persistent consolidation of the Jewish community as a self contained body looking closely at important institutions such as the Trade Union Federation as well as the development of political parties Later chapters chronicle the growing strife with the Arab population and the disintegration of the British Mandate which would eventually culminate in the declaration of a Jewish state

*Jerusalem Besieged* Eric H. Cline,2005-11-04 Jerusalem Besieged is a fascinating account of how and why a baffling array of peoples ideologies and religions have fought for some four thousand years over a city without either great wealth size or strategic importance Cline guides us through the baffling but always bloody array of Jewish Roman Moslem Crusader Ottoman Western Arab and Israeli fights for possession of such a symbolic prize in a manner that is both scholarly and engaging Victor Davis Hanson Stanford University author of The Other Greeks and Carnage and Culture A beautifully lucid presentation of four thousand years of history in a single volume Cline writes primarily as an archaeologist avoiding polemic and offering evidence for any religious claims yet he has also incorporated much journalistic material into this study Jerusalem Besieged will enlighten anyone interested in the history of military conflict in and around Jerusalem Col Rose Mary Sheldon Virginia Military Institute This groundbreaking study offers a fascinating synthesis of Jerusalem s military history from its first occupation into the modern era Cline amply deploys primary source material to investigate assaults on Jerusalem of every sort starting at the dawn of recorded history Jerusalem Besieged is invaluable for framing the contemporary situation in the Middle East in the context of a very long and pertinent

history Baruch Halpern Pennsylvania State University A sweeping history of four thousand years of struggle for control of one city An absorbing account of archaeological history from the ancient Israelites first conquest to today's second intifada Cline clearly lays out the fascinating history behind the conflicts USA Today A pleasure to read this work makes this important but complicated subject fascinating Jewish Book World Jerusalem Besieged is a fascinating account of how and why a baffling array of peoples ideologies and religions have fought for some four thousand years over a city without either great wealth size or strategic importance Cline guides us through the baffling but always bloody array of Jewish Roman Moslem Crusader Ottoman Western Arab and Israeli fights for possession of such a symbolic prize in a manner that is both scholarly and engaging Victor Davis Hanson Stanford University author of The Other Greeks and Carnage and Culture
