facebook.com/vjmathemagic OR <https://www.facebook.com/groups/887201061336628> Group on mathematics for solving reader's doubt spreading new insight in mathematics by different experts bringing different researcher together boosting number sense logical thinking in student. Essence of mathematics lies in its freedom. Georg Cantor Pure mathematics is in its way the poetry of logical ideas. Albert Einstein As far as the laws of mathematics refer to reality they are not certain and as far as they are certain they do not refer to reality. Albert Einstein In my opinion all things in nature occur mathematically. Ren Descartes Mathematical Knowledge adds vigour to the mind free it from prejudices superstition. John Arbuthnot Some mathematician I believe has said that true pleasure lies not in the discovery of truth but in the search for it. Tolstoy Mathematics is the queen of science and arithmetic the queen of mathematics. Carl Friedrich Gauss Truth is ever to be found in the simplicity and not in the multiplicity and confusion of things. Isaac Newton Generally researcher invests its invaluable time on research. Research book in country like America etc are more than 200. Though some idea concepts seems trivial but understand that even it takes lot of time to invent discover. Example decimal value system may seems simple to us but it takes thousands of year to our ancient sages to invent the symbol for numbers decimal value system. In true sense researcher can understand the significance of other research because it knows value of time that other researcher invest. This book is result of many years research. The price of book doesn't reflect value of time invested. Still by considering readers comment price of book is changed. Now reader can enjoy the book at lower price. Note If reader have any problem even after purchasing book then please contact google or send mail to author email given in book with your problem book purchasing receipt.
