## **Necessary Nation:**

The Necessary Nation Gregory Jusdanis,2001-01-01 Through a series of critical readings of multicultural postcolonial and globalization theories the author reveals how nationalism enables people to defend their distinctive ways of life to fight colonial oppression and to build an independent society of citizens He explains why people over the last two hundred years have politicized their ethnic identities and have sought a union of culture and power within an autonomous nation state While seeking to defend nationalism Jusdanis also examines its potential to unleash extraordinary violence into the world He thus proposes federalism as a political solution to the challenges posed by nationalism and globalization
