Being Poland Tamara Trojanowska, Joanna Ni?y?ska, Przemys?aw Czapli?ski, 2018-01-01 *Being Poland* offers a unique analysis of the cultural developments that took place in Poland after World War One a period marked by Poland's return to independence Conceived to address the lack of critical scholarship on

Poland's cultural restoration *Being Poland* illuminates the continuities, paradoxes and contradictions of Poland's modern and contemporary cultural practices and challenges the narrative typically prescribed to Polish literature and film. Reflecting the radical changes, rifts and restorations that swept through Poland in this period, Polish literature and film reveal a multitude of perspectives. Addressing romantic perceptions of the Polish immigrant, the politics of post-war cinema, poetry and mass media, *Being Poland* is a comprehensive reference work written with the intention of exposing an international audience to the explosion of Polish literature and film that emerged in the twentieth century. **Tantalisingly Close** Imar Vries, 2025-10-01

While studies of mobile wireless communication devices usually focus on their social implications, De Vries proposes to venture into a more historical and comparative direction to shed light on our preoccupation with them in the first place. He constructs an archaeological view of the development of communication technologies over the past 200 years, providing a comprehensive account of how persistent hopes and beliefs have come to give mobile wireless media such a prominent position today. Our expectations and uses of them are surprisingly similar to those of older media; consequently, they reconfirm the idea that living in an anytime, anywhere world is both a blessing and a curse, and that the desire for sublime communication is a tragic yet highly powerful regulative principle in our media evolution. The Philosophy of 'as If' Hans Vaihinger, 1924. The present translation is based upon the definitive sixth edition of the original, revised for the purpose by the author. Professor Vaihinger's own account of his life work and of the spirit in which *The Philosophy of as if* was written has been added by way of general introduction. p. vi. Necessary Fictions Jeffrey C. Gonzalez, 2011. *Wiseman Review*, 1875. **Necessary Fictions** Stanley W. Lindberg, Stephen Corey, 1986. **Debi Cornwall: Necessary Fictions**, 2020-10-20. From the author of *Welcome to Camp America*, an eerie exploration of America's performance of power and identity in the post-9/11 era. What are the stories we tell ourselves, the games we play to manage unsettling realities? Made on ten military bases across the United States since 2016, *Necessary Fictions* documents mock village landscapes in the fictional country of Atropia and its denizens, roleplayers who enact versions of their past or future selves in realistic training scenarios. Costumed Afghan and Iraqi civilians, many of whom have fled war, now recreate it in the service of the US military. Real soldiers pose in front of camouflage backdrops, dressed by Hollywood makeup artists in moulage, fake wounds as they prepare to deploy. Brooklyn-based conceptual documentary artist and former civil rights lawyer Debi Cornwall, born 1973, photographs this meta-reality, the artifice of war presented in the book with a variety of texts to provoke critical inquiry about America's fantasy industrial complex. The book includes an essay by PEN Award-winning critical theorist Sarah Sentilles. **Fundamentals of Ethics** Wilbur Marshall Urban, 1930. *The New World*, 1900.
