## **Necronomicon Four:**

**Holy Fable Volume IV** Robert M. Price, 2020-04-21 In this fourth volume of Robert M Price's celebrated Holy Fable series he turns his critical lens away from the Bible and toward a broader range of scriptural works that were written or rediscovered in modern times. Employing the same sympathetic but eagle-eyed treatment that defined past volumes, he offers in-depth analysis of the Joseph Smith-penned Book of Mormon, the long-sealed Gospel according to Thomas, the New Age Jesus of the Aquarian Gospel, the H.P. Lovecraft-invented Necronomicon, and the Andrew Lloyd Webber and Tim Rice rock opera Jesus Christ Superstar. With his trademark scholarship and wit, he demonstrates how and why this eclectic mix of contemporary scriptural work provides genuine spiritual inspiration to a colorful variety of religious groups and seekers today. Necronomicon Hansruedi Giger, 1977 **Theology and H.P. Lovecraft** Austin M. Freeman, 2022-08-15 While still relatively unknown to the general public, early twentieth-century American horror author H.P. Lovecraft left an indelible stamp upon popular culture. Images of tentacled horrors, forbidden tomes, and protagonists struggling against the insanity that comes with the revelation of the terrible truth of reality. Lovecraft pioneered all of these. Best known for his short story "The Call of Cthulhu," Lovecraft instantiated his philosophy of cosmicism into every one of his tales. This collection of fourteen essays is the first sustained academic engagement with horror author H.P. Lovecraft from a theological perspective. Covering the major themes of Lovecraft's work, such as nihilism, xenophobia, dark cults, and unimaginable horrors beyond the stars, the book is divided into five sections corresponding to each of the divisions of theology: biblical, historical, systematic, practical, and comparative. With responses ranging from admiration to critique, the contributors explore the dark, uncharted regions of Lovecraft's dark mythology in the service of theological truth. **The Craft of a Good Scribe** Steve Vinson, 2017-11-06 In "The Craft of a Good Scribe," Steve Vinson offers a comprehensive study of the Demotic Egyptian First Tale of Setne Khaemwas. Third Century BCE, the first to appear since 1900. First Setne is the most important extant Demotic literary text, and among the most important fictional compositions from any period of ancient Egypt. The tale, which is by turns lurid, tragic, and ultimately comic, deals with Setne's theft of a magic book written by the god Thoth himself and subsequently Setne's punishment through a hallucinatory encounter with the ghostly femme fatale Tabubue. Vinson provides a new textual edition and commentary and explores the tale's cultural background, its modern reception, and approaches to its interpretation as a work of literature. **Science Fiction and Fantasy Literature, 1975-1991** R. Reginald, Mary Wickizer Burgess, Daryl Furumi Mallett, 1992 Science fiction constitutes one of the largest and most widely read genres in literature, and this reference provides bibliographical data on some 20,000 science fiction, fantasy, and horror fiction books, as well as nonfiction monographs about the literature.
