## Need Of Wanting Always:

**Toward a Micro-Political Theology** Yin-An Chen,2022-09-14 Has liberation theology reached a dead end Has the time come to propose another strategy of political resistance one that considers and takes account of the complexity of power relationships in daily life How can we explore the deeper meaning of freedom and liberation This book begins with a reflection on the failure of social movements and revolutions and a review of the methodologies of liberation theologies Offering a brand new micro political theology it attempts to demonstrate how Michel Foucault can help us recognize the limitations of our standard definitions of liberation Continuing Foucault s critical engagement with desire sexuality and the body this book opens a fresh dialogue between Althaus Reid s indecent theology Latin American liberation theology and radical orthodoxy leading to an exploration of how that dialogue can remind us that spirituality and the transformative practice of the self can themselves be fully political It also urges prayer as both the radical root of political resistance and its action
