Lessons learned in the field are explored as well. The UConn 2000 Initiative Case Study tells the story of one institution's success in developing and implementing a public policy initiative that would lead to billions of dollars in renewed investment in the university's core infrastructure. Student affairs professionals live with students, see how they interact with one another, hear why they picked this particular school and listen to the reasons they are succeeding or failing. Their education and experience lie in understanding how residence halls, student unions, dining services, recreation and wellness centers and campus grounds each affect students' experience in different ways. This book demonstrates conclusively that the valuable expertise of student affairs professionals is therefore critical to ensuring that campus facilities projects ultimately achieve their intended goals.     **"Code of Massachusetts regulations, 2012"** ,2012 Archival snapshot of entire looseleaf Code of Massachusetts Regulations held by the Social Law Library of Massachusetts as of January 2020     *New York Court of Appeals.
