## **Neros Heirs:**

*Nero's Heirs* Allan Massie, 1999 At the beginning of the year 66 Emperor Nero ruled the Roman Empire By the end of it Nero had committed suicide and three of his successors were dead and out of the carnage of civil war at home and a nationalistic uprising in Judaea a new emperor Vespasian had emerged Here Scaurus once the lover of both Vespasian's son and daughter looks back on the whole extraordinary year and recreates a world of treachery malice passion and occasionally quite heroism Drawing on his formidable knowledge of Roman history Allan Massie brings the distant past vividly to life and creates telling parallels with the present **Nero** John F. Drinkwater, 2019-01-03 This book portrays Nero not as the murderous tyrant of tradition but as a young man ever more reluctant to fulfil his responsibilities as emperor and ever more anxious to demonstrate his genuine skills as a sportsman and artist This reluctance caused him to allow others to rule and rule surprisingly well in his name On its own terms the Neronian empire was in fact remarkably successful Nero's senior ministers were many and various but notably they included a number of powerful women such as his mother Agrippina II and his second and third wives Poppaea Sabina and Statilia Messalina Using the most recent archaeological epigraphic numismatic and literary research the book explores issues such as court politics banter and free speech literary technological and scientific advances the Fire of 64 the persecution of Christians and Nero's Golden House and the huge underlying strength both constitutional and financial of the Julio-Claudian empire **Fasti** Ovid, 2013-04-11 Times and their reasons arranged in order through the Latin year and constellations sunk beneath the earth and risen I shall sing Ovid's poetical calendar of the Roman year is both a day by day account of festivals and observances and their origins and a delightful retelling of myths and legends associated with particular dates Written in the late years of the emperor Augustus and cut short when the emperor sent the poet into exile the poem's tone ranges from tragedy to farce and its subject matter from astronomy and obscure ritual to Roman history and Greek mythology Among the stories Ovid tells at length are those of Arion and the dolphin the rape of Lucretia the shield that fell from heaven the adventures of Dido's sister the Great Mother's journey to Rome the killing of Remus the bloodsucking birds and the murderous daughter of King Servius The poem also relates a wealth of customs and beliefs such as the unluckiness of marrying in May This new prose translation is lively and accurate and is accompanied by a contextualizing introduction and helpful notes ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more *Oklahoma Reports ...
