*The Cambridge History of Latin American Women's Literature* Ileana Rodríguez, Mónica Szurmuk, 2015-11-12 The Cambridge History of Latin American Women's Literature is an essential resource for anyone interested in the development of women's writing in Latin America. Ambitious in scope, it explores women's literature from ancient indigenous cultures to the beginning of the twenty-first century. Organized chronologically and written by a host of leading scholars, this History offers an array of approaches that contribute to current dialogues about translation, literary genres, oral and written cultures, and the complex relationship between literature and the political sphere. Covering subjects from cronistas in Colonial Latin America and nation building to femicide and literature of the indigenous elite, this History traces the development of a literary tradition while remaining grounded in contemporary scholarship. The Cambridge History of Latin American Women's Literature will not only engage readers in ongoing debates but also serve as a definitive reference for years to come. **La morada imposible** Susana Thénon, 2001 **Sugar Central and Planters News**, 1923 **The Other Border Wars** Shannon Dowd, 2024-02-27 The Other Border Wars: Conflict and Stasis in Latin American Culture questions bordering as an organizing principle of culture, conflict, and politics. Shannon Dowd argues that Central and South American border conflicts, such as the Chaco War between Bolivia and Paraguay (1932-1935), the Soccer War between El Salvador and Honduras (1969), and the Falklands/Malvinas War between Argentina and the United Kingdom (1982), can be considered as stasis, meaning civil strife rather than polemos, meaning international war. Through analyses of literature, film, and theater, Dowd shows that border conflict is entwined with domestic strife, reinforced by stagnant geographical lines and magnified under globalization. Deploying a capacious theory of stasis to question modern sovereignty and bordering, Dowd examines border zones from the outbreak of hostilities to the present, highlighting the lasting legacies of enclosure and violence. The Other Border Wars asks readers to consider how cultural expression challenges the purported fixity of Latin American borders and even the very idea of bordering. **Politics and Public Space in Contemporary Argentine Poetry** Ben Bollig, 2016-10-06 This book addresses the connection between political themes and literary form in the most recent Argentine poetry. Ben Bollig uses the concepts of lyric and state as twin coordinates for both an assessment of how Argentinian poets have conceived a political role for their work and how poems come to speak to us about politics. Drawing on concepts from contemporary literary theory, this striking study combines textual analysis with historical research to shed light on the ways in which new modes of circulation help to shape poetry today. **La Morada Imposible**, 19?? *Poetas hispanoamericanas contemporáneas* Milena Rodríguez Gutiérrez, 2021-07-19 This volume brings together studies on poetics, poetic arts, and other metapoetic texts by contemporary women poets from Spanish America. The fundamental contribution of the book lies in the valorization of the metapoetic and self-reflexive element in poetry written by women, since research on the topic has focused primarily until today on male authors.
