*Environment and Planning*, 2009    **Key Methods in Geography** Nicholas Clifford, Gill Valentine, 2003-06-06 Key

Methods in Geography is an introduction for undergraduates to the principal methodological issues involved in the collection analysis and presentation of geographical information. It provides an accessible primer which will be used by students as a reference throughout their degree on all issues from research design to presentation. A unique feature of the book is that it provides definitions of terms from both human geography and physical geography. Organized into four parts: Getting Started in Geographical Research, Data Collection in Human Geography, Data Collection in Physical Geography, Analyzing and Representing Geographical Data. Each chapter is comprised of a short definition, a summary of the principal arguments, a substantive 5 000 word discussion, the use of real life examples and annotated notes for further reading. The teaching of research methods is integral in all geography courses. Key Methods in Geography identifies the key analytical and observational strategies with which all geography undergraduates should be conversant.

A Guide to Humanistic Studies in Aging Thomas R. Cole, Ruth E. Ray, Robert Kastenbaum, 2010-06. Aging has long been of interest to scholars and practitioners in a vast array of academic fields and professions. Thomas R. Cole, Ruth E. Ray and Robert Kastenbaum have brought together leaders from a variety of academic realms to explore how aging is depicted in the modern era and the effect of these portrayals on individuals and society.
