**Alexandria's Paedagogus** Veronika Hrušová, Annewies van den Hoek, Miklós Gyurkovics, 2025-05-29 This book is a collection of studies initially presented at the Third International Conference on Clement of Alexandria which was focused on the Paedagogus Although on the surface the Paedagogus seems to be more easily accessible than Clement s lengthy Stromateis or his fragmentary Excerpta ex Theodoto the studies show that a profound theological undercurrent runs through the three books of the Paedagogus the first focusing on the Logos and the other two on ethics Contributors Emanuela Prinzivalli Veronika Hrušová Miklós Gyurkovics Edward Creedy Marco Rizzi Annewies van den Hoek V t Hu ek L on Ferdinand Karuhije Lenka Karf kov Ilaria L E Ramelli Riemer Roukema Jana Pl tov Johannes Aakj r Steenbuch Dawn LaValle Norman Carlo Perelli **Temple of the Living God** Philip N. Richardson, 2018-12-21 When writing to the Corinthians the Apostle Paul used figurative temple language repeatedly to shape the identity of his audience Temple of God Temple of the Holy Spirit and Temple of the Living God While other scholars have identified the place of the Jerusalem temple in Paul s thinking or the impact of temples in the life of Corinth there has been no comprehensive study of the way that figurative temple language in philosophy could have influenced the Corinthians worldview Hellenistic philosophy was pervasive in the first century and provided theological guidance for faith and practice to Paul s Gentile audience before their conversion Philip N Richardson provides a comprehensive survey of figurative temple language in Hellenistic philosophy shedding light on the way that the kinds of philosophical thought known in cities like Corinth may have influenced the Corinthians to think about figurative temple language This study throws into sharp relief the similarities and differences between Paul s use of temple language and that of philosophy and illuminates Paul s setting of this language in the wider framework of 1 2 Corinthians and his purpose for its use in the argument of the letters **Regression in Galatians** Neil Martin, 2020-10-12 Exposing strengths and weaknesses in the Old New and Radical New Perspectives on Paul Neil Martin s analysis of regression

language in Galatians in its first century context argues that the apostle's supposed anti-law polemic reflects an underlying antipathy for pagan not Jewish religiosity      Paul's Koinonia with the Philippians Julien M. Ogereau, 2014-11-07 Was Paul's relationship with the Philippians an economic partnership Julien M Ogereau explores the socio-economic dimension of Paul's koinonia with the Philippians from a Graeco-Roman perspective and argues that Paul maintained this partnership to provide financially for his mission Page 4 of printed paper wrapper      **The Ethics of The Tripartite Tractate (NHC I, 5)** Paul Linjamaa, 2019-06-07 In The Ethics of The Tripartite Tractate NHC I 5 Paul Linjamaa explores the theoretical foundations and practical implications of the ethics in the longest Valentinian text extant today As such it is one of the first serious explorations of early Christian determinism      If Sons, Then Heirs Caroline Johnson Hodge, 2007-07-13 Christianity is widely understood to be a universal religion that transcends the particularities of history and culture including differences related to kinship and ethnicity In traditional Pauline scholarship this portrait of Christianity has been justified by the letters of Paul Interpreters claim that Paul eliminates ethnicity or at least separates it from what is important about Christianity This study challenges that perception Through a detailed examination of kinship and ethnic language in Paul's letters Johnson Hodge argues that notions of peoplehood and lineage are not rejected or downplayed by Paul instead they are central to his gospel Paul's chief concern is the status of the gentile peoples who are alienated from the God of Israel Ethnicity defines this theological problem just as it shapes his own evangelizing of the ethnic and religious other According to Paul God has responded to the gentile predicament through Christ Johnson Hodge details how Paul uses the logic of patrilineal descent to construct a myth of origins for gentiles through baptism into Christ the gentiles become descendants of Abraham adopted sons of God and coheirs with Christ Although Jews and gentiles now share a common ancestor they are not collapsed into one group of Christians for example They are separate but related lineages of Abraham Through comparisons with other ancient authors Johnson Hodge shows that Paul is not alone in his strategic use of kinship and ethnic language Because kinship and ethnicity present themselves as natural and fixed yet are also open to negotiation and reworking they are effective tools in organizing people and power shaping self-understanding and defining membership If Sons Then Heirs demonstrates that Paul's thinking is immersed in the story of Israel He speaks not as a Christian theologian but as a first-century Jewish teacher of gentiles responding to concrete situations in these early communities of Christ followers As such Paul does not reject or critique Judaism but responds to God's call to be a light to the nations      **Plutarch's Moralia** Plutarch, 1927      Studies in Medieval and Renaissance Latin Catholic University of America, 1940      **The Poetry of Thought in Late Antiquity** Patricia Cox Miller, 2001 Representing a different voice in the study of late ancient religion these collected essays by Patricia Cox Miller identify new possibilities of meaning in the study of religion in late antiquity The book addresses the topic of the imaginative mindset of late ancient authors from a variety of Greco-Roman religious traditions Attending to the play of language as well as to the late ancient sensitivity to image metaphor and paradox Cox Miller's work highlights the poetizing

sensibility that marked many of the texts of this period and draws on methods of interpretation from a variety of contemporary literary critical theories This book will appeal to scholars of late antiquity religious literature and literary critical theory more widely illustrating how fruitful dialogue across the centuries can be not only in eliciting aspects of late ancient texts that have gone unnoticed but also in showing that many modern ideas such as Roland Barthes were actually already alive and well in ancient texts Patricia Cox Miller is Professor of Religion at Syracuse University USA and author of books which include *Dreams in Late Antiquity* Princeton University Press and *Biography in Late Antiquity* University of California Press *The Classical Weekly* ,1928 **The Body and Society** Peter Brown,2008 First published in 1988 Peter Brown s *The Body and Society* was a groundbreaking study of the marriage and sexual practices of early Christians in the ancient Mediterranean and Near East Brown focuses on the practice of permanent sexual renunciation continence celibacy and lifelong virginity in Christian circles from the first to the fifth centuries A D and traces early Christians preoccupations with sexuality and the body in the work of the period s great writers *The Body and Society* questions how theological views on sexuality and the human body both mirrored and shaped relationships between men and women Roman aristocracy and slaves and the married and the celibate Brown discusses Tertullian Valentinus Clement of Alexandria Origen Constantine the Desert Fathers Jerome Ambrose and Augustine among others and considers asceticism and society in the Eastern Empire martyrdom and prophecy gnostic spiritual guidance promiscuity among the men and women of the church monks and marriage in Egypt the ascetic life of women in fourth century Jerusalem and the body and society in the early Middle Ages In his new introduction Brown reflects on his work s reception in the scholarly community **The Classical World** ,1915
