Morbid Curiosity:

Morbid Curiosity Cures the Blues Loren Rhoads,2009-09-29 For ten years Morbid Curiosity was a one of a kind underground magazine that gained a devoted following for its celebration of absurd grotesque and unusual tales all true submitted from contributors around the country and across the world Loren Rhoads creator and editor of the magazine has compiled some of her favorite stories from all ten issues in this sometimes shocking occasionally gruesome always fascinating anthology This quirky book is filled with tales from ordinary people who just happen to have eccentric peculiar interests Ranging from the outrageous attending a Black Mass fishing bodies out of San Francisco Bay making fake snuff films to the more mundane visiting a torture museum tracking real vampires through San Francisco this curiously enjoyable collection of stories complete with illustrations and informative asides will entertain and haunt readers long after the final page is turned

Morbid Curiosity Alan W. Petruccelli,2009-09-29 It's shocking and sinful and I couldn't put it down Joan Rivers The strange startling and utterly fascinating stories behind the world's most notorious celebrity deaths Was Jayne Mansfield really decapitated Which manly appendage of Napoleon's was cut off during his autopsy And where did it go What went to the grave literally with River Phoenix Frank Sinatra and Princess Diana Death is fascinating Just think about the last time you slowed down as you passed the scene of a car accident When a public figure bites the dust the curiosity only increases From Attila the Hun to Marie Antoinette from Heath Ledger to Anna Nicole Smith the deaths of the rich and famous spark endless speculation and tabloid fodder Their lives and deaths are grave matters

Hauntings and Poltergeists James Houran,Rense Lange,2001-01-01 Few people can claim the distinction of experiencing first hand such occurrences as hauntings and the presence of poltergeists but countless numbers of people are fascinated by these unexplainable events Written by the world's most knowledgeable authorities in this field the essays in this work promote a better understanding of the manifestations of and various reasons for hauntings and poltergeist phenomena The experts come from such backgrounds as anthropology history philosophy psychiatry and sociology and provide sober yet highly readable in depth discussions of numerous ideas and rationalizations for hauntings and poltergeists from a critical and scientific perspective Divided into three major sections sociocultural physical and physiological and psychological perspectives this work provides an overview of each perspective and also addresses the general psychology of belief in the paranormal and how that belief relates to experiences with ghosts and poltergeists

Morbidly Curious Coltan Scrivner, PhD,2025-10-07 A fascinating examination of a feature of human nature that all of us have most of us deplore at least in others and few of us understand Steven Pinker New York Times bestselling author of Rationality and Enlightenment Now The leading expert on the science behind morbid curiosity explains our spooky gory and macabre fascinations What makes us peek at a car wreck or binge watch true crime shows late into the night Why are some of us drawn to horror movies while others shudder at the thought In Morbidly Curious scientist Coltan Scrivner takes readers on a thrilling journey into the psychology of morbid curiosity

uncovering why we can't resist the macabre. From grisly serial killers to spine chilling paranormal stories, Scrivner reveals the psychological forces that compel us to explore our darkest fears and explains how this proclivity is more than just a quirk. It's a powerful survival instinct helping us mentally prepare for real world threats all from the safety of our imaginations. Blending fascinating insights and cutting edge research at haunted houses across the world, Scrivner makes a powerful argument for the value of playing with fear and embracing the gruesome. Whether you're a horror fan yourself or just want to better understand the true crime craze, *Morbidly Curious* will open your eyes to the hidden benefits of exploring the dark side of human nature.

The New Psychology of Pandemics Steven Taylor, Professor of Psychology, Department of Psychiatry

Just as Deadly Marissa A.

Harrison, 2023-02-09 You've heard of Ted Bundy and John Wayne Gacy. But have you heard of Amy Archer-Gilligan or Belle Gunness or Nannie Doss? Women have committed some of the most disturbing serial killings ever seen in the United States. Yet scientific inquiry, criminal profiling, and public interest have focused more on their better-known male counterparts. As a result, female serial killers have been misunderstood, overlooked, and underestimated. In this riveting account, Dr. Marissa A. Harrison draws on original scientific research, various psychological perspectives, and richly detailed case studies to illuminate the stark differences between female and male serial killers' backgrounds, motives, and crimes. She also emphasizes the countless victims of this grisly phenomenon to capture the complexity and tragedy of serial murder. Meticulously weaving data-based evidence and insight with intimate storytelling, *Just as Deadly* reveals how and why these women murder and why they often get away with it.

Morbid Curiosity Amongst College Students Erika Frederick, 2016 *This Morbid Life*

Loren Rhoads, 2021-08-22 **Morbid Curiosity** Dante D. Ross, 2015-01-30 Have you ever wondered what happens to you after you have died? Do you ever crave the comfort of knowing that the souls of your loved ones are at rest? If you do, then perhaps you should never hire Steven Bowes. Known for his ability to cleanse a house of evil spirits for years, Bowes would rather stay home and drown his annoyance with all things dead with alcohol. While he can't assure you that they are in a better place, he can make sure that you will have a proper night's rest. But what happens when Steven is not allowed to rest in peace?

Weird News Reports Ophelia Montague, AI, 2025-03-29 *Weird News Reports* explores the human fascination with the odd and unexpected by presenting a curated collection of verified unusual news stories. It delves into the subjective nature of news and the fine line between truth and fiction in modern reporting, offering a unique lens to examine broader social trends and individual behaviors. The book argues that these seemingly trivial stories reflect our anxieties, curiosities, and the often absurd nature of our existence. For instance, the book highlights how Odd Police Reports reveal the challenges faced by officers while Strange Events showcase reports of unexplained phenomena from around the globe. The book progresses by first establishing criteria for weird news and exploring our psychological attraction to it. It then moves into

sections highlighting strange events odd police reports and unexpected headlines This approach allows the book to reinforce the idea that weird news provides valuable insight into the human condition Ultimately this book provides readers with a resource to expand their understanding of the world and develop critical thinking skills all while presenting information in an engaging and thought provoking manner Morbid Curiosity and the Mass Media Paul Ashdown,James A. Crook,Jack B. Haskins,1984

Everyone Loves a Good Train Wreck Eric G. Wilson,2012-02-14 Why can t we look away Whether we admit it or not we re fascinated by evil Dark fantasies morbid curiosities Schadenfreude As conventional wisdom has it these are the symptoms of our wicked side and we succumb to them at our own peril But we re still compelled to look whenever we pass a grisly accident on the highway and there s no slaking our thirst for gory entertainments like horror movies and police procedurals What makes these spectacles so irresistible In Everyone Loves a Good Train Wreck the scholar Eric G Wilson sets out to discover the source of our attraction to the caustic drawing on the findings of biologists sociologists psychologists anthropologists philosophers theologians and artists A professor of English literature and a lifelong student of the macabre Wilson believes there s something nourishing in darkness To repress death is to lose the feeling of life he writes A closeness to death discloses our most fertile energies His examples are legion and startling in their diversity Citing everything from elephant graveyards and Susan Sontag s On Photography to the Tiger Woods sex scandal and Steel Magnolias Wilson finds heartening truths wherever he confronts death In Everyone Loves a Good Train Wreck the perverse is never far from the sublime The result is a powerful and delightfully provocative defense of what it means to be human for better and for worse
