More American West In Fiction:

A Companion to the Literature and Culture of the American West Nicolas S. Witschi, 2014-02-03 A Companion to the Literature and Culture of the American West presents a series of essays that explore the historic and contemporary cultural expressions rooted in America's western states. Offers a comprehensive approach to the wide range of cultural expressions originating in the west. Focuses on the intersections, complexities, and challenges found within and between the different historical and cultural groups that define the west's various distinctive regions. Addresses traditionally familiar icons and ideas about the west such as cowboys, wide open spaces, and violence, and their intersections with urbanization and other regional complexities. Features essays written by many of the leading scholars in western American cultural studies.

Updating the Literary West, 1997 Western writers says Thomas J. Lyon in his epilogue to *Updating the Literary West* have grown up with the frontier myth but now find themselves in the early stages of creating a new western myth. The editors of the *Literary History of the American West* TCU Press 1987 hoped that the first volume would begin not conclude their exploration of the West's literary heritage. Out of this hope comes *Updating the Literary West*, a comprehensive reference anthology including essays by over one hundred scholars. A selected bibliography is included with each piece. In the ten years since publication of *LHAW*, western writing has developed a significantly larger presence in the national literary stream. A variety of cultural viewpoints have developed along with new tactics for literary study. New authors have risen to prominence and the range of subjects has changed and widened. *Updating the Literary West* looks at topics ranging from western classics to cowboys and Cadillacs and considers children's literature, ethnicity, environmental writing, gender issues, and other topics in which change has been rapid since publication of *LHAW*. This volume again affirms the West's literary legitimacy, status hard earned by the Western Literary Association and the lasting place of popular western writing as part of the growing and changing literary and American experience. An excellent reference for a wide range of readers and an invaluable resource for scholars and libraries. Selected list of contributors: James Maguire, Fred Erisman, Susan J. Rosowski, Gerald Haslam, Tom Pilkington, A. Carl Bredahl, Richard Slotkin, John G. Cawelti, Robert F. Gish, Ann Ronald, Mick McAllister. *Frontiers Past and Future* Carl Abbott, 2006 Abbott offers a fruitful new way to read science fiction, one that also greatly enriches our understanding of western history and its impact on our collective imagination. Detailing the overlap of science fiction and western fiction, especially relating to their mutual interest in and concerns about frontier expansionism, he reveals an unsuspected common ground that informs the writings of both camps. Reviewing the work of many Hugo and Nebula Award winners as well as drawing upon popular film and television series like the Buck Rogers serials, Abbott's study journeys across the far reaches of science fiction's universe. *The American West* Jon Tuska, 1995-09 Includes stories by Louis L. Amour, Luke Short, Max Brand, Mark Twain, Max Evans, Owen Wister, Stephen Crane, Bret Harte, Zane Grey, Dorothy Johnson, Willa Cather, James Warner Bellah, Walter Van Tilburg Clark, and others. **Unknown No More** Joanne Dearcopp, Christine

Hill Smith, 2021-07-29 Thanks in part to the Ken Burns documentary *The Dust Bowl* Sanora Babb is perhaps best known today for her novel *Whose Names Are Unknown* 2004 which might have been published in 1939 had her publisher not thought the market too small for two Dust Bowl novels hers and Steinbeck's *The Grapes of Wrath* Into the twenty first century Babb wrote and published lyrical prose and poetry that revealed her prescient ideas about gender race and the environment The essays collected in *Unknown No More* recover and analyze her previously unrecognized contributions to American letters Editors Joanne Dearcopp and Christine Hill Smith have assembled a group of distinguished scholars who for the first time in book length form explore the life and work of Sanora Babb This collection of pathbreaking essays addresses Babb's position within the literature of the Great Plains and American West her leftist political odyssey as a card carrying Communist who ultimately broke with the Party and her ecofeminist leanings as reflected in the environmental themes she explored in her fiction and nonfiction With literary sensibilities reminiscent of Willa Cather Ralph Ellison and Meridel LeSueur Babb's work revealed gender based environmental and working class injustices from the Depression era to the late twentieth century No longer unknown Sanora Babb's life and work form a prism through which the peril and promise of twentieth century America may be seen
