China was a period of tremendous commercial expansion and no literary genre was better equipped to articulate its possibilities than southern drama As a form and a practice southern drama was in the business of world building both in its structural imperative to depict and reconcile the social whole and in its creation of entire economies dependent on its publication and performance However the early modern commercial world repelled rather than engaged most playwrights who consigned its totems the merchant and his money to the margins as sources of political suspicion and cultural anxiety In *The Cornucopian Stage* Ariel Fox examines a body of influential yet understudied plays by a circle of Suzhou playwrights who enlisted the theatrical imaginary to very different ends In plays about long distance traders and small time peddlers impossible bargains and broken contracts strings of cash and storehouses of silver the Suzhou circle placed commercial forms not only at center stage but at the center of a new world coming into being Here Fox argues the economic character of early modern selfhood is recast as fundamentally productive as the basis for new subject positions new kinds of communities and new modes of art *Haikai Poet Yosa Buson and the Bashō Revival* Cheryl A. Crowley, 2007 This book uses the haikai

verse and paintings of the brilliant innovative artist Yosa Buson 1716-1783 as a focal point from which to explore how Japanese writers competed for artistic authority in a time when popular responses to economic technological and social changes were creating the beginnings of a modern literature. The first part of the book discusses Buson's role in the Bashō Revival movement situating his haikai in the context of the social networks that writers of his time both relied on and resisted. The second part explores Buson's hokku, linked verse and haiga, haikai painting. The book concludes with a discussion of Buson's reception in the modern period and includes translations of his principal works. **The Anime Encyclopedia**
