Tracts Shekalim and Rosh hashana, Hebrew and English** Michael Levi Rodkinson, 1918 **The Jewish Book of Days** Jill Hammer, 2010-01-01 Throughout the ages Jews have connected legends to particular days of the Hebrew calendar

Abraham's birth, the death of Rachel and the creation of light are all tales that are linked to a specific day and season. The Jewish Book of Days invites readers to experience the connection between sacred story and nature's rhythms through readings designed for each and every day of the year. These daily readings offer an opportunity to live in tune with the wisdom of the past while learning new truths about the times we live in today. Using the tree as its central metaphor, The Jewish Book of Days is divided into eight chapters of approximately forty-five days each. These sections represent the tree's stages of growth: seed, root, shoot, sap, bud, leaf, flower, and fruit, and also echo the natural cadences of each season. Each entry has three components: a biblical quote for the day, a midrash on the biblical quote, or a Jewish tradition related to that day, and commentary relating the text to the cycles of the year. The author includes an introduction that analyzes the different months and seasons of the Hebrew calendar and explains the textual sources used throughout. Appendixes provide additional material for leap years, equinoxes, and solstices. A section on seasonal meditations offers a new way to approach the divine every day.

Suicide in Mind Arthur Lawrence, 2009

LITERARY STUDIES GENERAL Virginia Woolf, Cesare Pavese, Sarah Kane, Ernest Hemingway, Anne Sexton, Thomas Lovell Beddoes, Sylvia Plath, Hunter S. Thompson. Eight remarkable writers of international acclaim with at least one thing in common: they all committed suicide. Research in the UK and USA has established that suicidal thoughts are more prevalent in writers than in any other profession. But what causes writers with suicide in mind to take the deadly step of committing the act? Taking a forensic approach, Arthur Lawrence picks apart the life and works of each writer in turn to discover how, why, and with what far-reaching consequences these literary greats had suicide in mind.

The Foreign Missionary, 1876 **The Far East, China, Korea, & Japan** Frank Elias, 1911 Siam and Laos, as Seen by Our American Missionaries Various, 2021-11-05. In *Siam and Laos as Seen by Our American Missionaries*, a compendium of firsthand accounts edited by Various authors, the book offers a comprehensive exploration of the socio-cultural and spiritual landscapes of Southeast Asia in the late 19th and early 20th centuries. Emphasizing a narrative steeped in missionary zeal, the text juxtaposes personal anecdotes with observations on indigenous practices, providing a rich tapestry of the region's complexities. The literary style is marked by an engaging mix of meticulous documentation and personal reflection, giving readers insight not only into the missions themselves but also into the broader implications of colonial attitudes and cultural exchange during this pivotal era of history. The contributors to this volume were American missionaries who lived and worked in Siam (now Thailand) and Laos, often propelled by a desire to spread Christianity. Their unique experiences were shaped by a backdrop of Western imperialism and a fascination with

Eastern cultures prompting a dual focus on evangelization and anthropology These individuals driven by faith and curiosity navigated unfamiliar terrains contributing nuanced perspectives that challenge prevailing stereotypes This compelling collection is essential for scholars and general readers alike offering invaluable insights into the complexities of cultural encounters and the enduring legacy of missionary work It serves as a poignant reminder of how narratives are shaped and reshaped providing a historical lens through which to understand both the challenges faced by missionaries and the vibrant cultures they sought to engage
