

Abortion Arguments: For and Against

For

- Abortion is safe and has low risks of severe complications.
- Abortion bans increase the rate of unsafe abortions.
- Teenage mothers have poor prospects for the future.
- The fetus depends on the mother and cannot be considered a separate entity.
- The ability of a woman to control her body is a fundamental civil right.

VS

Against

- Life begins at conception, so abortion is murder.
- Adoption is a viable alternative to abortion.
- Abortion can lead to long-term complications.
- Women can achieve bodily autonomy through contraception or abstinence.
- Minors choosing abortion lack the experience to understand what they are doing.

Moral Question Of Abortion

J Dewey

Moral Question Of Abortion:

The Moral Question of Abortion Stephen D. Schwarz, 1990 This is truly an encyclopedic work spanning as it does the spectrum of the abortion dilemma from the anatomy and physiology of the unborn child to the complex legal and ethical questions involved in the wanton destruction of that child It will serve as an invaluable guide through the moral thickets of the abortion question Foreword **Moral Question of Abortion, by Dr. Stephen Schwarz** , Presents information on the book *The Moral Question of Abortion* by Dr Stephen Schwarz The book is a work of philosophical reflection upon the value of human life Notes that the book contains photographs that show the humanness of the fetus Includes reviews of the book and ordering information from Loyola Press **Abortion, the Moral Issues** Edward Batchelor, 1982 **Abortion** Nancy Rose Hall, Pembroke State University. Independent Study Program, 1975 *Abortion, an Eternal Social and Moral Issue* , 1982

Abortion: Law, Choice, and Morality Daniel Callahan, 1972 This book written before the 1973 Roe vs Wade decision which legalized abortion in the United States examines the legal social and moral dimensions of abortion [A Moral Vision for America](#) Joseph Bernardin, 1998 Joseph Cardinal Bernardin of Chicago was for twenty years the most influential U S Catholic bishop he was also a beloved public figure whose views commanded respect from Catholics and non Catholics alike This posthumous collection presents Cardinal Bernardin s remarkably sustained and thoughtful efforts to articulate an overall framework for moral decisions a consistent ethic of life and to affirm an active role for religious convictions in a democratic society *Abortion and Morality Debate in the African Context* George Kegode, 2010 George Kegode in this book has presented a wide range of critical reflections on one of the most controversial moral issues of our times the intentional and deliberate termination of the life of the unborn human being Presented from the point of view of an African scholar George Kegode s work marshals undisputable evidence of the humanity of the unborn right from the moment of conception He argues in favour for the fundamentally inviolable right to life for this unique unrepeatable being With vast light of philosophical reason this book tackles the often asked questions on the subject of abortion from a moral perspective The author s arguments cover social ethical eugenic as well as therapeutic issues Occasionally these have been the basis of moral relativism and subjectivism in the abortion debate contemporarily Kegode s argument represents an attempt to navigate this debate from a wide spectrum of ethical theories while at the same time remaining faithful to moral objectivity **The Ethics of Abortion** Christopher Kaczor, 2014-12-05 Appealing to reason rather than religious belief this book is the most comprehensive case against the choice of abortion yet published This Second Edition of *The Ethics of Abortion* critically evaluates all the major grounds for denying fetal personhood including the views of those who defend not only abortion but also post birth abortion It also provides several non theological justifications for the conclusion that all human beings including those in utero should be respected as persons This book also critiques the view that abortion is not wrong even if the human fetus is a person *The Ethics of Abortion* examines hard cases for those who are prolife such as abortion in cases of

rape or in order to save the mother's life as well as hard cases for defenders of abortion such as sex selection abortion and the rationale for being personally opposed but publically supportive of abortion. It concludes with a discussion of whether artificial wombs might end the abortion debate. Answering the arguments of defenders of abortion, this book provides reasoned justification for the view that all intentional abortions are ethically wrong and that doctors and nurses who object to abortion should not be forced to act against their consciences. Updates and Revisions to the Second Edition include a response to Alberto Giubilini's and Francesca Minerva's now famous 2012 article "After Birth Abortion" in the *Journal of Medical Ethics*. Responses to new defenses of Judith Jarvis Thomson's violinist argument. The addition of a new chapter on gradualist views of fetal moral worth including Jeff McMahan's Time Relative Interest Account. The addition of a new chapter on the conscience protection for health care workers who are opposed to abortion. Responses to many critiques of the first edition including those made by Donald Marquis, David DeGrazia and William E. May. **Civic Awareness of America, Ltd.**

V. Secretary of H.E.W., Buzard, 1975 *Moral Issues and Christian Response* Paul T. Jersild, Dale A. Johnson, 1988

Understanding Abortion Stephen D. Schwarz, 2011-12-28 Books on abortion other than collections of readings typically express and defend a particular position. This book gives both sides as evenly and objectively as possible; it gets to the heart of each position, the core idea which animates it. It then leaves the reader to make up his or her own mind. It is an introduction to the issue, not only to the basic positions on the issue. Despite being brief, it contains careful analyses and discussions of many topics often not found at all in other works. The treatment is thorough and detailed but succinct. *Understanding Abortion: From Mixed Feelings to Rational Thought* is aimed at all people who want a better understanding of what the two sides on this issue are really saying and what reasons they give for their position. Many people assume that this issue is an interminable one with no clear answers, a purely emotional debate that cannot be addressed by the use of reasoned arguments. The book shows that this is not the case. Father Connell Answers Moral Questions Francis Jeremiah Connell, 1959 **Contemporary Moral Issues** Lawrence M. Hinman, 1996 An anthology which provides a selection of readings on 11 contemporary social issues. Each set of readings is accompanied by an introduction, a bibliographical essay, and pre-reading and discussion questions. Understanding Abortion Stephen D. Schwarz, 2011-12-28 Books on abortion other than collections of readings typically express and defend a particular position. This book gives both sides as evenly and objectively as possible; it gets to the heart of each position, the core idea which animates it. It then leaves the reader to make up his or her own mind. It is an introduction to the issue, not only to the basic positions on the issue. Despite being brief, it contains careful analyses and discussions of many topics often not found at all in other works. The treatment is thorough and detailed but succinct. *Understanding Abortion: From Mixed Feelings to Rational Thought* is aimed at all people who want a better understanding of what the two sides on this issue are really saying and what reasons they give for their position.
