# Moral Theology A Continuing Journey

**Margaret Farley**

## **Moral Theology A Continuing Journey:**

*Moral Theology, a Continuing Journey* Charles E. Curran, 1982 The context of moral theology Theology hierarchical magisterium and church Catholic theology and academic methodological questions A methodological overview of fundamental moral theology Three methodological issues in moral theology Personal ethics A theological perspectives on aging In vitro fertilization and embryotransfer The contraceptive revolution and the human condition Social ethics the changing anthropological bases of Catholic social ethics Religion law and public policy in America

**Gathered for the Journey** David Matzko McCarthy, M. Therese Lysaught, 2007-08-28 Gathered for the Journey sets moral reasoning in a theological context of worship and discipleship part 1 provides a framework for the moral life based on questions of human fulfillment part 2 and demonstrates how these theological resources shape a distinctive approach to questions of globalization Catholic social teaching the family war and peace bioethics and the environment part 3 McCarthy and Lysaught have crafted a distinctively unified collection Gathered for the Journey represents a common project among Catholic scholars who are struggling with similar questions about living faithfully Contributors Frederick Christian Bauerschmidt William T Cavanaugh David M Cloutier Dana Dillon James M Donohue Jeanne Heffernan Schindler Kelly S Johnson M Therese Lysaught William C Mattison III David M McCarthy Michael R Miller Julie Hanlon Rubio Tobias Winright

Loyal Dissent Charles E. Curran, 2006-05-01 Loyal Dissent is the candid and inspiring story of a Catholic priest and theologian who despite being stripped of his right to teach as a Catholic theologian by the Vatican remains committed to the Catholic Church Over a nearly fifty year career Charles E Curran has distinguished himself as the most well known and the most controversial Catholic moral theologian in the United States On occasion he has disagreed with official church teachings on subjects such as contraception homosexuality divorce abortion moral norms and the role played by the hierarchical teaching office in moral matters Throughout however Curran has remained a committed Catholic a priest working for the reform of a pilgrim church His positions he insists are always in accord with the best understanding of Catholic theology and always dedicated to the good of the church In 1986 years of clashes with church authorities finally culminated in a decision by the Congregation for the Doctrine of the Faith headed by then Cardinal Josef Ratzinger that Curran was neither suitable nor eligible to be a professor of Catholic theology As a result of that Vatican condemnation he was fired from his teaching position at Catholic University of America and since then no Catholic university has been willing to hire him Yet Curran continues to defend the possibility of legitimate dissent from those teachings of the Catholic faith not core or central to it that are outside the realm of infallibility In word and deed he has worked in support of more academic freedom in Catholic higher education and for a structural change in the church that would increase the role of the Catholic community from local churches and parishes to all the baptized people of God In this poignant and passionate memoir Curran recounts his remarkable story from his early years as a compliant pre Vatican II Catholic through decades of teaching and writing and a transformation that has brought

him today to be recognized as a leader of progressive Catholicism throughout the world      *A Call to Fidelity* James J. Walter, Timothy E. O'Connell, Thomas A. Shannon, 2002-10-17 *A Call to Fidelity* seeks to thoughtfully examine and critically evaluate the contributions that Charles E Curran has made to the field of Catholic moral theology over the past forty years It also seeks to assess the development of specific topics in contemporary moral theology to which Curran has made his unique mark particularly in fundamental ethics sexual and medical ethics social and political ethics and topics related to dialogue with other traditions and approaches to Catholic ethics Reviewing the many years of his influential writings thought and scholarship fourteen distinguished scholars examine his contributions and the current state of the topics under discussion which are as far ranging as academic freedom birth control gay and lesbian relationships and feminism Each contributor also provides a critical evaluation of Curran s work and outlines how these areas will hold or undergo transformation as the church looks toward its relationship with society and culture in the coming decades      **Moral Theology** Charles E. Curran, 1990 The purpose of this book is twofold First to honour and celebrate the contribution of Richard A McCormick to the field of moral theology Second to assess the present state and possible future developments in the discipline of Christian ethics The seventeen authors assembled here include some of the most prominent scholars in the field of Christian ethics today The new studies collected in this volume use McCormick s own writings as a starting point in order to evaluate the present and future of moral theology particularly within the Catholic tradition In addition to questions in fundamental moral theology there are sections devoted to sexual medical social and political issues in the field of Christian ethics      **Humanae Vitae, a Generation Later** Janet E Smith, 1991 Janet E Smith presents a comprehensive review of this issue from a philosophical and theological perspective Tracing the emergence of the debate from the mid 1960s and reviewing the documents from the Special Papal Commission established to advise Pope Paul VI Smith also examines the Catholic Church s position on marriage which provides context for its condemnation of contraception      **Contemporary Issues in Bioethics** James J. Walter, Thomas A. Shannon, 2005-12-08 *Contemporary Issues in Bioethics A Catholic Perspective* applies the best of the Roman Catholic theological and ethical tradition to some of the most controversial and complex bioethical topics that confront contemporary society Walter and Shannon offer a fresh analysis of the Catholic tradition and show how a distinctively Catholic perspective can inform public discussion of these issues In an age where religion is often excluded from ethical discussions on bioethical issues this book shows that the Catholic tradition has something very important to offer Book Jacket      Fundamental Christian Ethics Daniel Heimbach, 2022-11-01 In *Fundamental Christian Ethics* Daniel Heimbach draws from decades of research and scholarship to introduce the field of Christian ethics in a comprehensive manner while showing how it dialogues with modern day ethical topics and issues      Changing the Questions Margaret Farley, 2015-03-01      Critical Concerns in Moral Theology Charles E. Curran, 1984      The Christian Moral Life John Rziha, 2017-06-30 To take a journey travelers must know where they are where they are going and how to get there Moral

theology examines the same three truths The Christian Moral Life is a handbook for moral theology that uses the theme of a journey to explain its key ethical concepts First humans begin with their creation in the image of God Secondly the goal of the journey is explained as a loving union with God to achieve a share in his eternal happiness Third and finally the majority of the book examines how to attain this goal Within the journey motif the book covers the moral principles essential for attaining true happiness Based on an examination of the moral methodology in the bible the book discusses the importance of participating in divine nature through grace in order to attain eternal happiness It further notes the role of law virtue and the gifts of the Holy Spirit in guiding and transforming humans into friends of God who participate in his happiness Following this section on moral theology in general the book analyzes the individual virtues to give more concrete guidance The entire project builds upon the insights of great Christian thinkers such as Thomas Aquinas Th r se of Lisieux and John Paul II to uncover the moral wisdom in scripture and to show people how to be truly happy both in this life and the next This book will be of great interest to undergraduate students of moral theology priests and seminarians parents and teachers seeking to raise and to form happy children and anyone interested in discovering the meaning of true happiness

**Self-determination and the Moral Act** Mary Jo Iozzio,1995 **Catholic Higher Education, Theology, and Academic Freedom** Charles E. Curran,1990 **The Ethical Thought of Hans Urs Von Balthasar** Christopher W. Steck,2001 College Theology Society Book of the Year In this remarkable study the first of its kind in any language Christopher Steck uncovers the ethical dimension of von Balthasar s thought showing its relation to other key issues in his works and to key figures such as Ignatius Loyola Karl Barth and especially Karl Rahner Steck shows both the importance of ethics in von Balthasar s thinking and how it exposes limitations of current ethical reflection This clear authoritative introduction is indispensable for von Balthasar scholars and students of contemporary Catholic theology as well as all interested in major trends about religious ethics **A Theology of Compromise** Richard Grecco,1991 The impact of Charles E Curran s thinking on contemporary ethical issues has been extensive commanding popular attention and scholarly analysis from an international readership Yet remarkably little has been written of the ethical method which Curran employs to arrive at his conclusions This dissertation is an exposition and assessment of his four step method in moral theology To test whether Curran s own thinking actually follows these stages Grecco applies the four step procedure to Curran s Theology of Compromise There result some fascinating problems suggestions and questions for those engaged in the methodology of theological ethics **Gathered for the Journey** David Matzko McCarthy,2007 Gathered for the Journey brings to market a contemporary approach to Catholic moral theology The writers all post Vatican II contemporaries themselves have created a tightly knitted series of chapters with a specific undergraduate student readership in mind New Catholic World ,1984 *Time Past, Time Future* John A. Gallagher,1990 A complete history of modern moral theology textbooks which survey four centuries of origins and development of the Church s mode of present moral theology

and then analyzes its collapse in the present half century What develops is a comprehensive reflection of what has indeed emerged as modern moral theology in the Catholic Church The author particularly emphasizes the traditions of the manuals of theology and offers exceptionally thorough evaluations and explanations for the changes reflected in modern moral theology manuals

Deontology and Teleology Todd A. Salzman, 1995 The consideration of normative ethics and methodology is a relatively recent phenomena in Catholic moral theology Similar to any nascent discussion having adopted terms and concepts from one conceptual genre British analytic philosophy into a radically other genre Catholic moral theology one then needs to begin the work of clarifying how and to what extent those terms and concepts contribute to the overall project of moral theology as a science As Pope John Paul II's encyclical *Veritatis Splendor* attests this incorporation has met with a great deal of resistance based on misunderstandings of the nature and purpose of normative ethics and methodology *Deontology and Teleology* is a pioneer account which exposes and clarifies many of the terminological and conceptual ambiguities inherent to this discussion It begins with an investigation of C D Broad's meta ethical division of theories into deontology and teleology and the epistemological ontological foundations on which he established this division An analysis of how and why Broad's theory has been incorporated into Catholic discussions on the foundation and formulation of norms along with the inherent difficulties of such an incorporation is then taken up Finally this study argues and substantiates through detailed historical analysis that a fundamental difference between traditionalists and revisionists in their relative perspectives on norms rest in the traditional understanding and moral evaluation of the human act specifically the *objectum circumstantiae* and *finis fontis moralitates* This is an indispensable resource work for those interested in fundamental moral theology and lays the foundation for pursuing further the complex question of normative ethics in Catholic moral theology

**The Goodness of God** D. Stephen Long, 2001 Sets out to put theology and ethics in proper relation to one another suggesting the church is essential to the right ordering of social institutions
