The Routledge Handbook of Tourism and Sustainability C. Michael Hall,Stefan Gossling,Daniel Scott,2015-02-11 Routledge Handbook of Tourism and Sustainability from C Michael Hall Stefan Gossling Daniel Scott is one of the winners of the ITB BookAwards 2016 in the category Specialist tourism literature Sustainability remains one of the major issues in tourism today Concerns over climate and environmental change the fallout from the global economic and financial crisis and the seeming failure to meeting UN Millennium development goals have only reinforced the need for more sustainable approaches to tourism however they be defined Given the centrality of sustainability in tourism curricula policies research and practice it is therefore appropriate to prepare a state of the art handbook on the relationship between tourism and sustainability This timely Handbook of Tourism and Sustainability is developed from specifically commissioned original contributions from recognised authors in the field providing a systematic guide to the current state of knowledge on this area It is interdisciplinary in coverage and international in scope through its authorship and content The volume commences with an assessment of tourism's global environmental e g climate emissions energy use biodiversity water use land use and socio economic effects e g economic impacts employment and livelihoods culture This then provides the context for sections outlining the main theoretical frameworks and constructs that inform tourism and sustainability management tools and approaches and the approaches used in different tourism and travel industry sectors The book concludes by examining emerging and future concerns in tourism and sustainability such as peak oil post carbon tourism green economy and transition tourism This is essential

reading for students researches and academics interested in the possibilities of sustainable forms of tourism and tourism's contribution to sustainable development. Its assessment of tourism's global impact along with its overviews of sectoral and management approaches will provide a benchmark by which the sustainability of tourism will be measured for years to come.

The Journal of Tourism Studies, 2005 Tourism Recreation Research, 2008 **The Business of Tourism** J.

Christopher Holloway, Neil Taylor, 2006 This book is a matchless guide to the operations and structures of the contemporary tourism industry. Holloway's accessible text has long been a classic and continues to be essential student reading. Dr Nigel Morgan Reader in Tourism Studies, University of Wales Institute Cardiff. The Business of Tourism is a well-established and popular text providing an accessible introduction to the study of travel and tourism from its historical roots to the present day state and likely future direction. This 7th edition provides an up-to-date account of the development impacts and major players in this fast-moving industry as well as the significant changes in the wake of world events such as 9/11 and the Asian Tsunami of 2004. The text contains a wealth of examples to set the theory in context and a number of longer cases at the end of the book have been chosen to represent the diversity of the industry from small-scale local attractions to the world-wide appeal of major destinations. Among the key topics covered in the book are the global economic, socio-cultural and environmental impacts of tourism, technological change and its impact on the industry, the historical and future developments of the industry, the structure and sectors of travel and tourism, further reading and references for more extensive study. Chris Holloway is Former Professor of Tourism Management at Bristol Business School, University of West of England. Neil Taylor is a former director of specialist tour operator Regent Holidays and currently editor of Bradt's Guides to Estonia, the Baltic Capitals and Tallinn.
